3. Narrative: Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

The system has a 20 H.P. centrifugal pump drawing water from a "pool" in a drain ditch that is created by a small earthen dam across the ditch. The water is pumped into an 8" mainline (underground approximately 1/2 mile long) with risers for wheel lines. 5 wheel lines were operating at the time of the exam (approximately 120 Rain Birds). This system also irrigates the land

RE: Notice of Claim to a Water Right for License 51-07146

Chester W. Sellman
HC 85, Box 169A
Bruneau, ID 83604

Dear Mr. Sellman:

Enclosed you will find a Notice of Claim to a Water Right for the unnamed drain which was licensed under 51-07146. As we discussed while I was out doing your field examinations this license was not claimed in the Snake River Basin Adjudication when you filed your other claims. I have prepared this claim the same way it was licensed. Either you or Mrs. Sellman need to sign this claim in the presence of a notary public and return it to our office with a \$58.00 filing fee (\$50.00 claim fee and \$8.00 for 8 acres not previously claimed under your other rights). If you have any questions in regard to this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker".

RE: Claims filed in the Snake River Basin Adjudication

Chester W. &/or Catherine R. Sellman
HC 85, Box 169-A
Bruneau, ID 83604

Dear Claimants:

We are now conducting water right claim verification examinations in your area. An examination is needed to verify your water use in order to issue a water right license and/or decree. Information on your claims which may need to be verified include source of water, type of usage, amount of water used and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which must be completed this summer, please contact me at (208)334-2190 to make an appointment at a time that is convenient for you. Although it is not mandatory that you accompany me, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany me it would be appreciated.

If you have any questions in regard to the exam verification, please feel free to contact me.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
