Change of Address

Dear Claimant(s),

IDWR has been notified by the Bruneau post office the address presently in our claim records is incorrect. Although I have reached you at the address above, I need you to confirm this is your correct mailing address. Future notices related to your SRBA claim(s) can be sent only to the address on your claim(s) or as otherwise changed by you. The staff of this agency must avoid relying upon the word of others about your mailing address.

If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. Thank you for your help to make sure you receive the future notices we intend to send to you that will keep you notified about SRBA matters.

If the ownership of the property to which this water right applies has changed, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the claim record.

Sincerely,

Adjudication Bureau Staff

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.0 afa per acre for the lands above.
6. Rights 51-02086 and 51-02171 are also diverted through the point(s) of diversion described above.

Gentlemen:

I need to conduct a beneficial use examination of the above referenced permit. An on-site examination is needed to verify your water use in order to issue a water right license.

Information on your permit which needs to be verified includes source of water, type of usage, amount of water used and legal descriptions of the points of diversion and/or place of use.

In order to expedite the field examination, due to the on-coming winter months, I would like to request that you call me at (208)334-2190 and set up an appointment at a time which would be convenient for you.

If you have any questions in regard to this matter, please feel free to contact me.

Sincerely,

RE: Permit No. 51-07170

Dear Mr. Thomas:

According to our files, you have submitted a Snake River Basin Adjudication claim indicating that you are the owner of water right 51-07170 which was permitted in the names of Oren and Maxine McGuire.

Department records show that proof of beneficial use was submitted by the McGuires 1982, but that a field examination has not yet been conducted to verify that a water diversion system has been developed and for what purpose(s) the water is being used.

The 1986 Idaho Legislature amended Sections 42-217 and 42-221, Idaho Code to require a license examination fee before this Department can conduct a field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of this letter. For your convenience, an Examination Fee Information sheet is enclosed which must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department the Examination Fee Information sheet showing the appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter.

*Paid \$125.00
Receipt No.
CO 33320.
per Brenda
at S.O. 8/7/95*

You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers or geologists certified by the Department to conduct water right examinations.

The license examination fee is based on the amount of water you indicate you have developed, as listed in item 6 on the Examination Fee Information sheet. The amount of water on which the fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the form. The enclosed license examination fee schedule shows a listing of applicable fees.

Failure to submit within the sixty (60) day period, the fee or the statement that a certified examiner has been retained to make the field examination, will be cause to advance the priority of the permit one day for each day that the fee and/or form submittal is late.

Failure to submit the fee or the completed field examination report within a year will be cause to consider the Proof of Beneficial Use to be incomplete and to lapse the permit.

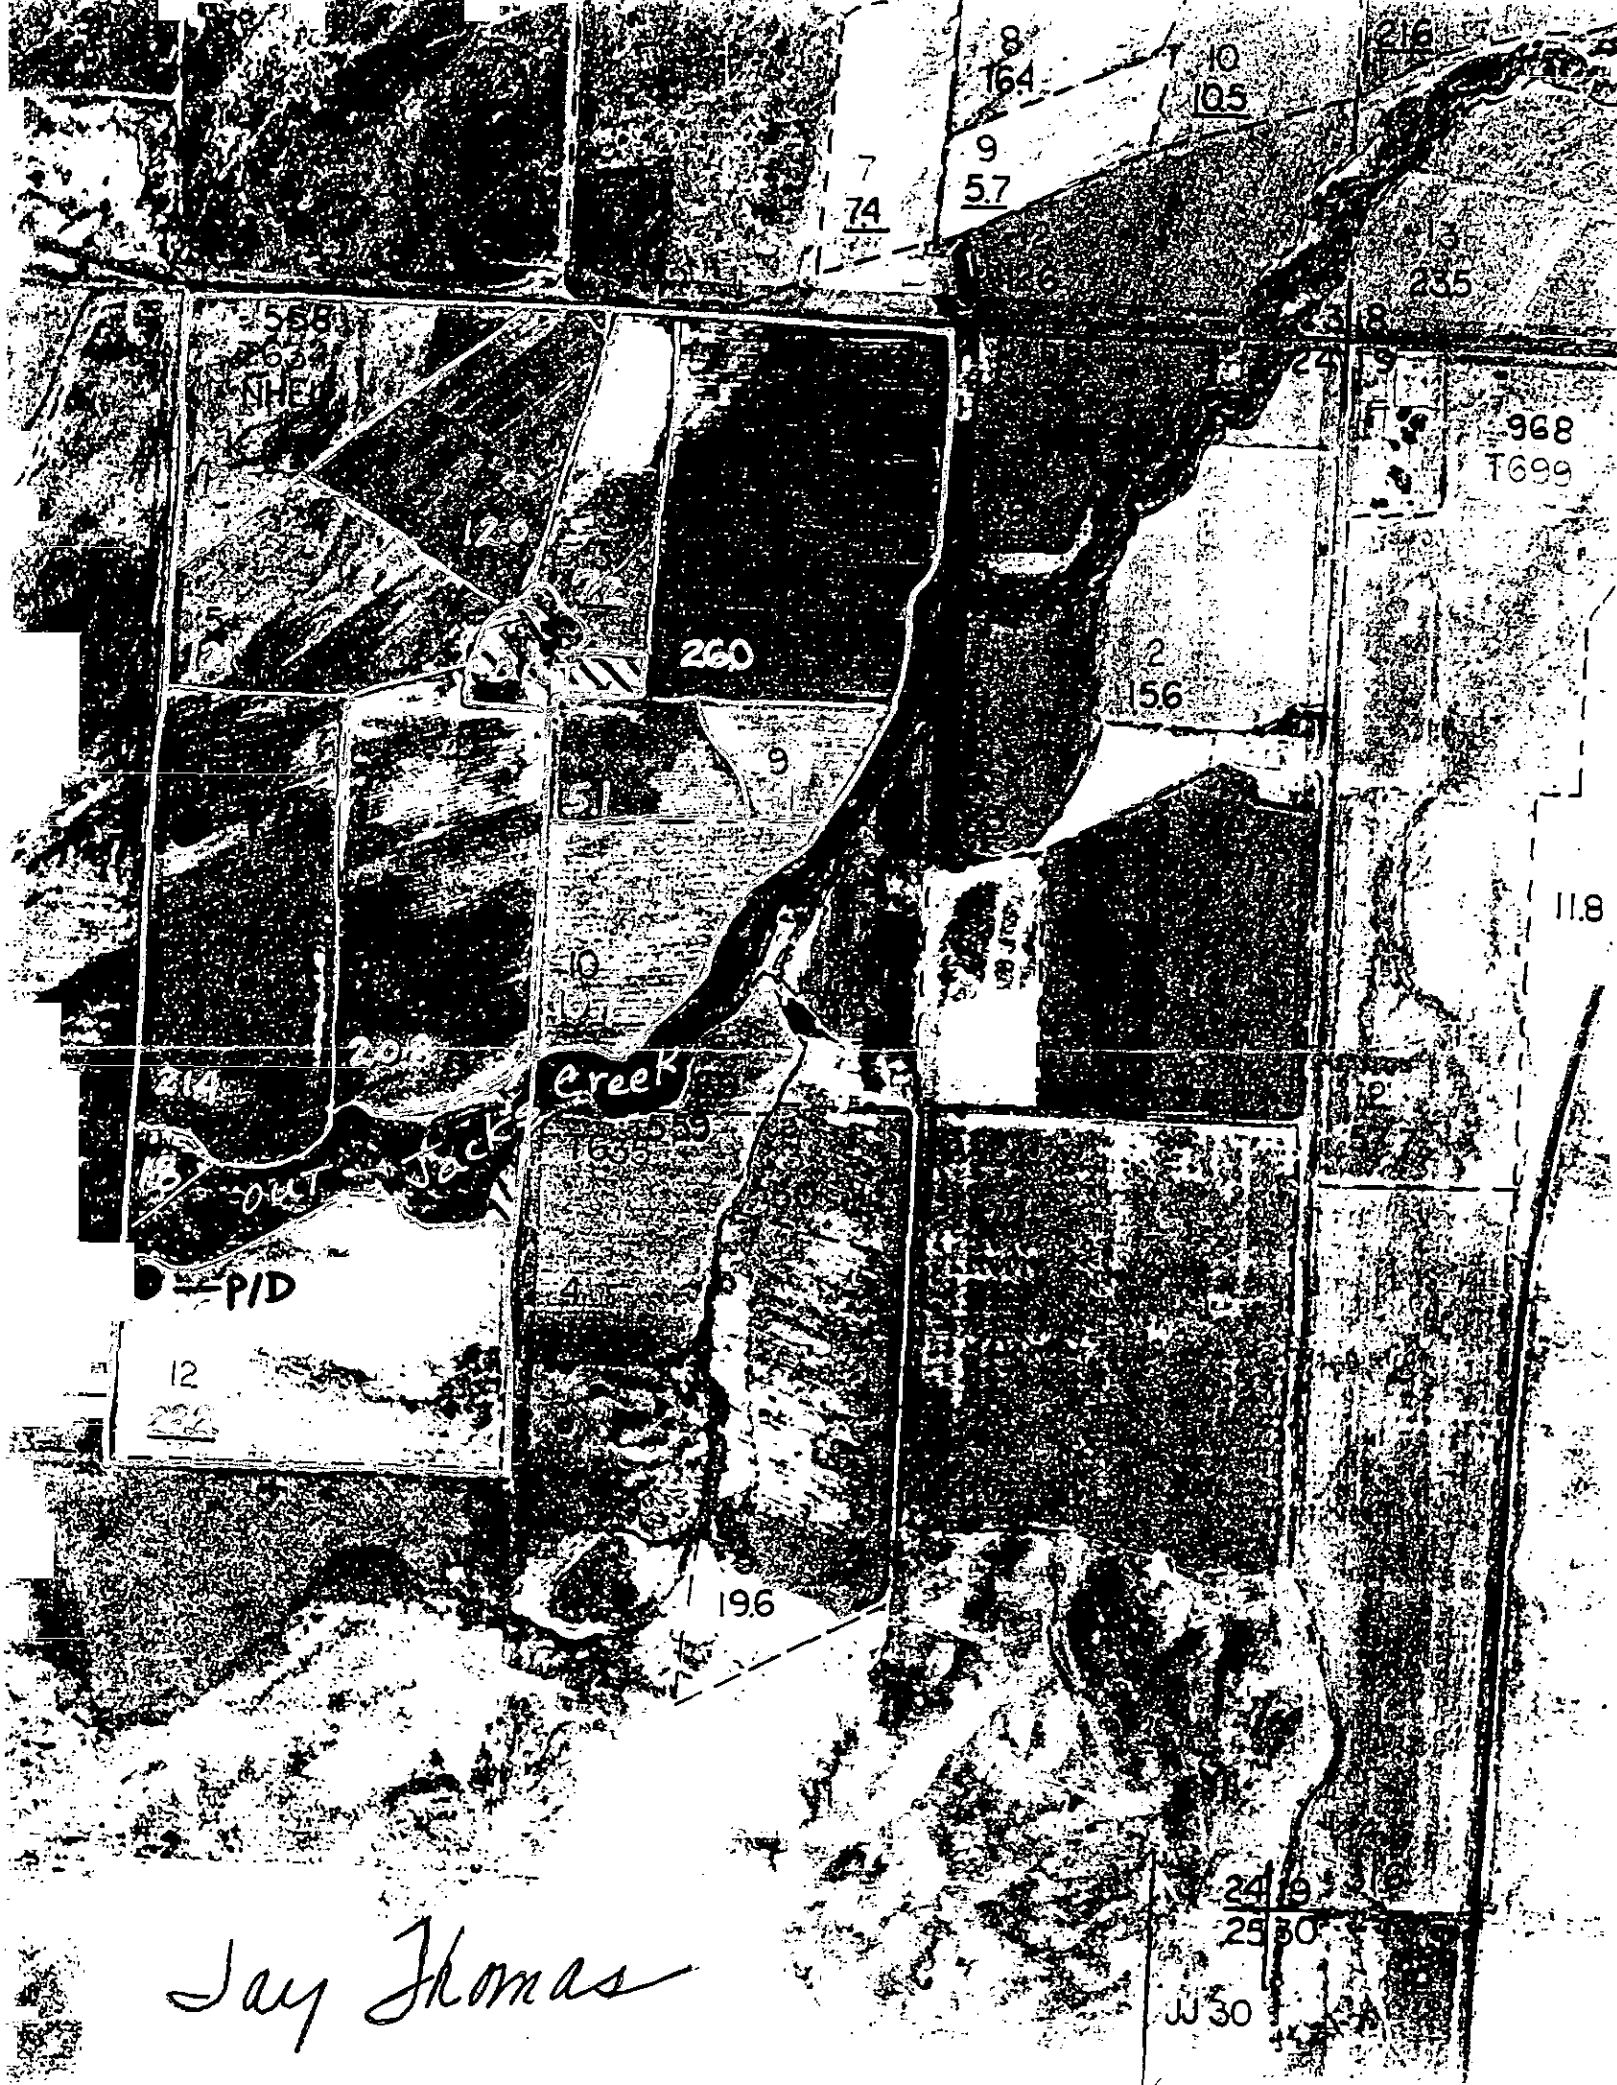

If you have any questions, please contact me as soon as possible at (208) 327-7946.

Sincerely,
