SYSTEM DESCRIPTION:

Water is diverted at many points along Camas Ck. by means of wooden headgates & ditches - also has some diversions consisting of dirt berms in creek to ditches - see photos in file.

At pld #1 there is a large ditch which carries water along north side of fields and to fields under 55-10046 - this water is diverted from big ditch along p/u when needed.

Channel measured: DITCH FROM P/D 1 ON CAMAS CREEK

Date of measurement: 8/26/1993

Measurement location:

NWNE S04 T10S R01W

Calculation prepared by: KAY WALKER

Comments about the measurement:

The results of the calculation are:

The length of the channel measured is 165 feet.

The upstream and downstream rod readings are 5.78 and 6.15 feet.

The channel cross section is 6.23 ft-sq.

The wetted perimeter is 7.73 feet.

The hydraulic radius is 0.81 feet.

The slope is 0.0022

The roughness coefficient is 0.0500

The flow velocity is 1.222 ft/sec.

The rate of flow is 7.61 cfs.

Claimant: JOSEPH BLACK

Channel measured: DITCH FROM P/D 6 ON CAMAS CREEK

Date of measurement: 8/26/1993

Measurement location:

SENE S08 T10S R01W

Calculation prepared by: KAY WALKER

Comments about the measurement:

The results of the calculation are:

The length of the channel measured is 226 feet.

The upstream and downstream rod readings are 4.90 and 5.88 feet.

The channel cross section is 2.02 ft-sq.

The wetted perimeter is 3.75 feet.

The hydraulic radius is 0.54 feet.

The slope is 0.0043

The roughness coefficient is 0.0450

The flow velocity is 1.446 ft/sec.

The rate of flow is 2.93 cfs.

FIELD EXAM NOTICE

Joseph E. Black
Star Rt. Box 49
Hammett, ID 83627

Dear Mr. Black:

I have to conduct examinations on your notice of claims to water rights before they can be recommended to the Judge for decree. Enclosed are profile reports of the claims that I have to examine. In order to conduct these exams as efficiently as possible, I ask that you contact me before August 23 to schedule a day and time convenient for you. Although it is not mandatory that you accompany me, it does insure that an accurate description of your systems will be made. If either yourself, or someone familiar with the system could accompany me it would be appreciated.

If there is a problem with scheduling the examinations, please call at your earliest convenience.

Sincerely,

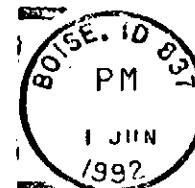

A handwritten signature in cursive script that reads "Kay Walker".

RE: Notice of Claims to Water Right Nos. A55-02062 and A55-02079

Joseph E. Black
Star Rt. Box 49
Hammett, ID 83627

Dear Mr. Black:

During normal review and filing of the Notices of Claim to Water Rights listed above, we found that two claims have been filed on the same existing water right. In order to show both claims having been filed for the same existing water rights, we have re-numbered your claims with an A suffix indicated after the original water right numbers. Enclosed are computer generated copies of your claims showing this new suffix.

We have also enclosed copies of the other claims filed for these existing water rights. This appears to be an inadvertent error that we need to clarify at this time. The following information will allow us to correct this error:

1. Please mark the appropriate item regarding the described property and water right. Are you the: Current Owner _____
 Previous Owner _____
 Other _____

If "Other", please explain: _____

2. If you are the previous owner, please give the name of the new owner (as far as you know): New Owner: _____

3. Do you believe that you own a portion of this water right?
Yes _____ No _____

If yes, please explain and enclose proof of ownership: _____

Note: Proof of ownership must describe either the property conveyed (as in a sales contract or deed) or include the claim number, if no legal description is listed.

If you are the previous owner, and did not withhold the water right in the sale, the new owner should be making the filing. If you filed in error, you may use the enclosed Request for Withdrawal form to correct this duplicate filing.

Claim No. A55-02079A claims the use of all the water licensed under No. 55-02079 but does not claim the lands that were originally licensed under this right. The ownership of that water right license will be determined by who owns the lands that were originally licensed.

I apologize for any inconvenience, however, in order to protect your water rights, the Notices of Claim must be accurate. If you would **return this letter by May 30, 1992**, we will proceed with the necessary corrections. Please do not hesitate to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker". The signature is written in dark ink and is positioned above the typed name.
