HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents, filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

RECEIVED

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months.

The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

SUBJECT: A55-02067

1. Both Richard & Marie Owen came in the office today to talk about the field exam I did for this claim on October 7, 1994.
2. They also wanted to discuss the possibility of filing an application for permit on a spring for Domestic Use.
3. The question was since I didn't find any evidence of irrigation for their claim A55-02067, would I please recommend it for in-stream stock?
4. I said that I felt I could just as I had done on other claims he had that irrigation no longer occurred.
5. I asked how many cattle? He said 1000. I said since the irrigation right was for .8 CFS I could put 0.23 CFS on the amount in place of irrigation.

FIELD EXAM CONVERSATION MEMO

DATE OF MEMO: November 15, 1993

ADJ. NOS: A55-10221, A55-10223 & A55-10228

NAME OF CONTACT: Richard Owen, Owner; & Lynn Kness, Ranch Manager

PHONE NO: 208-845-2001

AGENT: RON HOWERTON *RH*

DATE SET FOR FIELD EXAM: IN-OFFICE November 15, 1993

1. I had done several irrigation field exams (A55-02053 on 11/1/93, A55-02090 on 11/9/93, A55-10222 on 11/10/93 and A55-02113 on 11/9/93) prior to this conversation date. I was accompanied by with Richard Owen's ranch manager Lynn Kness. We spent a lot of time reaching then walking the lands claimed for irrigation or domestic home use claims, then we did not find any irrigation or domestic home use presently occurring in the field or evidence of irrigation on any of my maps. The big problem here was that we were wasting a lot of each others time finding nothing but in-stream stock use and wondered if Mr. Owen would want us to continue searching the three more remote claims that Lynn had never been out to? Lynn & I suspected that no irrigation or domestic home use occurred in these other locations now either and they were just domestic cow camps. Thus, we decided better discuss the situation further with Mr. Owen.
2. Lynn & I then met with his boss, Richard Owen, the owner, at his Bruneau O1 office on November 15, 1993 to discuss the value of trying to reach these three other REMOTE exams left to do.
3. We all met and looked at the claims in question along with my 1987 NAPP photography and the use of Mr. Owen's big map in his conference room. His comment was that "THE LANDS FOR THESE CLAIMS ARE BARELY ACCESSIBLE BY HORSE BACK AND WOULD TAKE ALL US DAY JUST TO REACH SOME OF THEM." He then stated that "TO THE BEST OF HIS KNOWLEDGE, THE LANDS HAD NOT BEEN IRRIGATED FOR WAY PAST 5 YEARS."
4. Thus, Mr. Owen felt that we would be a wasting our time to go way out there to just confirm that no irrigation or any domestic home use was occurring. However, he said "IN-STREAM STOCK ALWAYS OCCURRED AND ASKED IF I COULD RECOMMEND THESE CLAIMS FOR THE DOMESTIC USE COMPONENT OF IN-STREAM STOCK?" I said, "I PROBABLY COULD DO THAT IN-OFFICE WITH OUT GOING OUT THERE." He also asked "COULD I DO THE SAME FOR THE OTHER CLAIMS I HAD ALREADY DONE OR ANY OTHER CLAIMS THAT I FIND OF HIS WITH THE SAME PROBLEM?" "I SAID SINCE HE REQUESTED IT, I PROBABLY COULD, BUT WITH CERTAIN LIMITATIONS SUCH AS, ONLY RECOMMENDING THE SAME STOCK TRACTS AS IRRIGATION TRACTS CLAIMED NEXT TO THE SOURCE."

SUMMARY:

- A. These are the three claims we agreed that I need not try to go out and verify for irrigation and to consider for in-stream stock:
 - * A55-10221 AKA KELLY PARK, A55-10223 AKA COTTONWOOD & A55-10228 AKA WYLIE PLACE.
- B. These were the other irrigation claims that I looked in the field prior to this conversation that I agreed to consider for in-stream stock:
 - * A55-02053, A55-02090, A55-10222 and A55-02113.
- C. I also agreed that for any other similar irrigation claims not yet looked at or listed here, I would consider recommending them for in-stream stock in place of the irrigation component.
