This is the only P/D that could be found, no sign that water has been diverted down this ditch on the West side of Pole Creek. Claim incorrectly stated Springs as source, Pole Creek is Licenced source. Located NENE, S36, T9S, R2W.

PICTURE # 2

Following the ditch it crosses a jeep trail just before the trees in photo where the ditch is totally was erased.

Continuing down the West ditch, see map for location. This is where the ditch swings to the North.

PICTURE # 4

This is where the ditch turns West and crosses an unnamed stream. It is very apparent that water has not flowed across here for some time. The land around that looks irrigated is from the unnamed stream's sub-irrigation, not from any diverting. This unnamed stream could have been considered a source since it flowed into the ditch.

Continuing down the ditch, now on the West side of the fields where sagebrush has long been growing the ditch swings to the South. POU would have been to the left. Ditch had no signs of any high water marks.

PICTURE # 6

Looking further down the ditch, POU would have been to the right. This view is looking up the ditch toward the Quaking Aspen.

These photo's show the entire drainage from Pole Creek and the unnamed stream. This land is only sub-irrigated as stated in the previous photo's. No irrigation occurs from diversion.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Snake River Basin Adjudication (SRBA)
Change in Notice of Appearance of Counsel on the Snake River
Basin Adjudication Claims for Owen Ranches, Pioneer
Irrigation District and Settlers' Irrigation District

Dear Scott:

Following your letter request to David Shaw of December 10, 1993, attached is an adjudication report denoting the claims filed by your clients referenced above that have been changed. We have also updated water right 57-00040 for Pioneer Irrigation as you requested.

Please note water rights claims showing Richard L. Owen as claimant were not changed in our database. You may wish to file another Notice to the court if you are representing Richard L. Owen as well as Owen Ranches, each of whom have filed claims as if they were unrelated parties.

Call me if you have questions.

Sincerely,

Donald V. Shaff

FIELD EXAM CONVERSATION MEMO

DATE OF MEMO: November 15, 1993

ADJ. NOS: A55-10221, A55-10223 & A55-10228

NAME OF CONTACT: Richard Owen, Owner; & Lynn Kness, Ranch Manager

PHONE NO: 208-845-2001

AGENT: RON HOWERTON 

DATE SET FOR FIELD EXAM: IN-OFFICE November 15, 1993

1. I had done several irrigation field exams (A55-02053 on 11/1/93, A55-02090 on 11/9/93, A55-10222 on 11/10/93 and A55-02113 on 11/9/93) prior to this conversation date. I was accompanied by with Richard Owen's ranch manager Lynn Kness. We spent a lot of time reaching then walking the lands claimed for irrigation or domestic home use claims, then we did not find any irrigation or domestic home use presently occurring in the field or evidence of irrigation on any of my maps. The big problem here was that we were wasting a lot of each others time finding nothing but in-stream stock use and wondered if Mr. Owen would want us to continue searching the three more remote claims that Lynn had never been out to? Lynn & I suspected that no irrigation or domestic home use occurred in these other locations now either and they were just domestic cow camps. Thus, we decided better discuss the situation further with Mr. Owen.
2. Lynn & I then met with his boss, Richard Owen, the owner, at his Bruneau O1 office on November 15, 1993 to discuss the value of trying to reach these three other REMOTE exams left to do.
3. We all met and looked at the claims in question along with my 1987 NAPP photography and the use of Mr. Owen's big map in his conference room. His comment was that "THE LANDS FOR THESE CLAIMS ARE BARELY ACCESSIBLE BY HORSE BACK AND WOULD TAKE ALL US DAY JUST TO REACH SOME OF THEM." He then stated that "TO THE BEST OF HIS KNOWLEDGE, THE LANDS HAD NOT BEEN IRRIGATED FOR WAY PAST 5 YEARS."
4. Thus, Mr. Owen felt that we would be a wasting our time to go way out there to just confirm that no irrigation or any domestic home use was occurring. However, he said "IN-STREAM STOCK ALWAYS OCCURRED AND ASKED IF I COULD RECOMMEND THESE CLAIMS FOR THE DOMESTIC USE COMPONENT OF IN-STREAM STOCK?" I said, "I PROBABLY COULD DO THAT IN-OFFICE WITH OUT GOING OUT THERE." He also asked "COULD I DO THE SAME FOR THE OTHER CLAIMS I HAD ALREADY DONE OR ANY OTHER CLAIMS THAT I FIND OF HIS WITH THE SAME PROBLEM?" "I SAID SINCE HE REQUESTED IT, I PROBABLY COULD, BUT WITH CERTAIN LIMITATIONS SUCH AS, ONLY RECOMMENDING THE SAME STOCK TRACTS AS IRRIGATION TRACTS CLAIMED NEXT TO THE SOURCE."

SUMMARY:

- A. These are the three claims we agreed that I need not try to go out and verify for irrigation and to consider for in-stream stock:
 - * A55-10221 AKA KELLY PARK, A55-10223 AKA COTTONWOOD & A55-10228 AKA WYLIE PLACE.
- B. These were the other irrigation claims that I looked in the field prior to this conversation that I agreed to consider for in-stream stock:
 - * A55-02053, A55-02090, A55-10222 and A55-02113.
- C. I also agreed that for any other similar irrigation claims not yet looked at or listed here, I would consider recommending them for in-stream stock in place of the irrigation component.

This is where the ditch turns West and crosses an unnamed stream. It is very apparent that water has not flowed across here for some time. The land around that looks irrigated is from the unnamed stream's sub-irrigation, not from any diverting. This unnamed stream could have been considered a source since it flowed into the ditch.

RE: Change in Notice of Appearance of Counsel on the Snake River Basin Adjudication Claims for Owen Ranches, Pioneer Irrigation District, Cyprus Thompson Creek Mining Company, Conversion Industries U.S.A., Inc. and Settlers Irrigation District

Dear Scott:

The five computer reports enclosed confirm the change in firm and address you requested in your letter dated February 13, 1992. By comparing these reports to the list you supplied with your letter, you will see not all of the water right claims listed in your attachments were changed. Those claim records not changed are filed by persons other than your client(s).

The possibility of questions I raised in our telephone conversation last week were resolved for my part. If you have any questions or need some points clarified, please feel free to contact me.

Thank you for supplying the claim lists in an orderly fashion.

Sincerely,

Dear David:

Pursuant to a prior telephone conversation with Ms. Lynne Krogh-Hampe, I am providing this correspondence to notify the Idaho Department of Water Resources of my change of address and affiliation. I am presently a partner with the law firm of Davis Wright Tremaine at the above-referenced address.

Because of this change, I request that the Idaho Department of Water Resources make the necessary modifications to its records pertaining to the Snake River Basin Adjudication regarding the water rights and notices of claim identified for the above-referenced clients, as indicated on the attached lists, marked Exhibit A. Based upon my prior conversations with Lynne, she indicated that one letter with identification of the individual water right numbers would be sufficient. Please notify me in writing if this is not the case. Additionally, I would appreciate receiving written confirmation that the requested changes in your records have been made, so that I may include copies of your confirmation in the individual claim files for each client and each water right.

Thank you very much for your cooperation.

Very truly yours,

DAVIS WRIGHT TREMAINE

Ref: Adjudication Claims

Dear Mr. Owen:

The adjudication claims that you filed on for basins 51 and 55 have been reviewed. An overlap review was made for the irrigated acres. An individual fee is assigned to each claim.

It appears that you may have overpaid on the over all total. However, some additional claims may be needed, or may need some modifications. You may apply your overage to any of the new claims that require additional claiming. (I will contact you later for this.) The remainder, if any remains, I will request a refund accordingly.

Claims A51-00034, A51-00035, A51-00036 and A51-00068 have been split because of partial ownership change. Each right has been prorated according to the land transferred or retained.

Attachment "A" shows modifications to your claims, by either making them more clear or to meet our adjudication and appropriation water right standards. These modifications require us to notify you.

S U M M A R Y

I would be happy to discuss any questions you may have before I contact you prior to the field season.

Truly yours,

Ron Howerton
Sr. Water Resource Agent

Dear Mr. Campbell:

This letter is to confirm the request to list you, and the name of your firm, as the attorney of record for the Owen claims as listed in your letter of January 8, 1991 has been completed.

Please note that claim A65-08324 shows Louise Owen as the original owner of the water right and Richard L. Owen as both the original owner and the current owner. That record has been corrected to show Richard L. Owen as the current and only owner.
