7-31-92 - Field exam completed on 7-30-92. In conjunction w/ A55-10067.
Examined to verify irrigation & usage. Present at time of exam
were Gordon King & Shelley Keene (IDWR). Mr. King advised me
when at exam site that there were no diversions on Rock cr. There
haven't been any there since he's owned the property. This has been since
the early 1970's. This also applies to A55-2095. He said the land
is watered by runoff from unn. draws by means of sub. water.
Based on this information the claim is recommended
for disallowal because of no beneficial use. L. Werner
