RE: Claims filed in the Snake River Basin Adjudication

Dear Claimants:

*CLAIM NO'S, ASS-04109, ASS-10018,
ASS-02144 - OWYHEE CO.*

The Department of Water Resources will be conducting beneficial use and water right claim verification examinations in your area beginning in June. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this summer in your area, we request that you contact our office at (208)334-2190 within two weeks to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be appreciated.

In some cases, the date of priority claimed also needs to be verified. Letters were sent to some claimants notifying them that evidence of the date of first use of their water right(s) was required. If you received one of these letters and have questions, we can address those during our examination.

To make an appointment, or if you have any questions or problems with scheduling the exam, please contact one of the following water resource agents:
