NOTICE OF CHANGE OF WATER RIGHT OWNERSHIP

Please print or type. Attach pages with additional information. Instructions are on the back of this page.
Incomplete forms will be returned.

1. Water Right No(s): 10096
Adjudication Claim No(s): A55-10097, -04019, -10097, 10098, -10099
2. The following REQUIRED information must be submitted with this form:
 - A. A copy of the most recent ~~DEED~~, DEED, TITLE POLICY, CONTRACT OF SALE or other legal document indicating your ownership of the property and water rights or claims in question, WITH ATTACHED LEGAL DESCRIPTION.
AND
 - B. PLAT OF PROPERTY or SURVEY MAP for parcel of ten acres or less. (These are usually attached to your deed or on file with the county.)
OR
 - C. For water rights or adjudication claims involving ten or more irrigated acres, a USDA Farm Service Agency AERIAL PHOTO with irrigated acres outlined and point(s) of diversion clearly marked.
3. Name and Address of Former Owner/Claimant Jerry Gordon / Rand Collins
4. New Owner/Claimant(s) Fer John Daynes Joan E. Daynes
 Name Connector (Check one): ☒ and, ☐ or, ☒ and/or
 New Mailing Address P.O. Box 324
 City, State and ZIP Code Jordan Valley, OR 97910
 New Telephone Number (208) 583-4145
5. Date you acquired the property 3/1996
6. If you have acquired only a portion of the former owner's property, IDWR may need to split the water right(s) or adjudication claim(s). If this applies, describe in detail your portion of each water right or adjudication claim in the spaces below. If necessary, attach additional pages.
 Number of acres you irrigate _____ Number and type of stock _____
 Diversion rate in CFS _____ Number of homes _____ Other uses _____
 If a water right or adjudication claim is being split and you are not sure how to identify your portion of the original right or claim, please contact the nearest IDWR office for assistance.
7. Signature of New Owner or Claimant(s) [Signature]
 (Corporations or other organizations must submit a list of directors and/or officers demonstrating authority to sign form.)
8. For Snake River Basin Adjudication Claims: Please attach a Notice of Appearance completed by your attorney, if you wish IDWR to correspond with him or her for all matters related to your claims..

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For IRRIGATION purposes from 04-01 to 11-01 amount .9 or _____

For STOCK WATER purposes from 01-01 to 12-31 amount .2 or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 1.1 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses; describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) 150 COWS

10. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

SEP 29 1992

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Evening Telephone Number:

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

*There will be no change in amount of acreage being irrigated
There will be no reduction in the water rights allocated*

2. Describe the changes you wish to make in the proposed recommendation:

*There are 4 points of diversion
no injections no rediversions
additional acres irrigated in NW NB*

3. Give a brief explanation as to why you disagree with these portions:

LEAVE out any irrigation for BLM

 I AGREE with this proposed recommendation; no changes need to be made.

Subscribed and sworn to before me this
day 4th of June, 1998.

(Notary Public)

Residing at Bosse Idaho.

My Commission Expires 7-24-2001.

JORDAN VALLEY IN 1883

In the February issue of *ET*, the Jordan Valley area description was written in 1881. Two years later, the following account was recorded; it is related here for comparison:

Last week we went to Jordan Valley, Oregon, to attend the races. The distance to the race track from Silver City is about twenty-five miles, over a good road, with dust as fine as flour.

In reaching our destination the first house we reach after leaving Wagontown is the residence of Tim Shea on Trout Creek, in this territory. Here the traveling public can always find food for the stomach and rest for the body. Mr. Shea keeps what is called the Trout Creek Station, on the Winnemucca stage road.

After leaving the station, proceeding down the creek, we travel for a mile and a half with a large field of excellent meadow land on our left. This is the ranch of Mr. Shea, upon which almost any hardy vegetables can be raised. It is fenced and presents a home-like appearance to those who have ever farmed in other countries.

We continue on our course for another mile with fields on our left of the same quality of soil, which can either be converted into meadow land or made to produce wheat, barley, corn, pumpkins or potatoes. This is the ranch of Ezra Mills. As we near his residence long stacks of timothy hay may be seen in the barnyard, around which hungry horses and faithful milch cows may gather in the winter and feed without starvation looking them in the face.

Passing the residence of Mr. Mills we travel for half a mile before we reach another field, when again the eye is feasted with meadow land, green grass

and horses and cattle grazing in bunches two, four and a

Picture and information from Silver City 1898

Ezra Mills.

Ezra Mills was a man of humorous temperament, and a fluent writer; and, under the nom de plume of "Molitor", published many interesting narratives.

dozen in a place. This is the ranch of James McCain a well-to-do rancher and cattleman.

We are yet in Owyhee County; but ere long the residence of Mr. McCain is reached when the field which has been confined to Trout Creek spreads out across Jordan Creek, level and green. We are now in Baker County, Oregon, and for some reason unknown to us, we commence to look along the dusty road for tracks of webfooted children.

As we travel along, fields that have been cultivated and that are now in the stubble, meet our eye. The land is of the same quality and will make its owner rich.

The next cross-fence is the dividing line between Mr. Mangin's ranch and that of Mr. McCain. Here is a field containing broad acres of as fine land as any person could wish for, all in the very best condition, having been cultivated during the past season, while to our right hand as we near his residence, may be seen long ricks of hay, with a good substantial barn.

West of the barn, perhaps a hundred yards stands his dwelling, erected on the side

of a hill overlooking his farm, with a fine well of good, clear, sparkling water immediately in the rear. Here the valley spreads out for perhaps two miles in width, reaching to the foot hills on either side of Jordan Creek, where cattle and horses can be seen grazing upon the bunchgrass of Uncle Sam's dominion.

As Baxterville (NOTE: Baxterville later became the town of Jordan Valley), is not yet reached we proceed on our course, viewing, as we do so, the fields on our left containing ricks of hay and cattle grazing quietly in the bright sunshine, and under the shades of willows along the bank of Jordan Creek.

In a short time the Kellogg ranch is reached, which is now rented by Anthony Brooks and Warren Kellogg. Here the valley widens out and is probably four miles wide between the foothills on each side of Jordan Creek. Here, too, are long ricks of hay, stored for the use of stock and riding animals for the winter,

direction, the entire length of his field, connection with the ranch of J. R. Baxter. The ranch is as good as any we saw and will be cultivated next year extensively.

From the residence of Mr. Brooks can be seen the town of Baxterville with its hotel store, post-office, blacksmith shop, two saloons and restaurant.

The first building passed going into the town is the saloon of J.C. & J.F. Brown, on Main street. It is neatly fitted up and keeps on hand good supply of liquors and cigars. We next come to the residence of J. R. Baxter and the hotel which is kept by him and is having an addition built for the accommodation of the public.

Following down the street fifty yards, Baxter's store and the post-office is reached. The front part of the building is made of wood, neatly painted on the inside, filled with good supply of groceries and clothing, while in the rear is a fine fire-proof building in which is stored a general

Baxter's Hotel — taken after new addition was built.

Picture reprinted from Mike Hanley's "OWYHEE TRAILS".

with a granary full of barley.

On the left is the residence of Mr. Brooks, where he entertains his friends in a hospitable manner, and makes them feel at home. He will soon have a larger residence erected on the right of the road, and will extend his fence about 200 yards in a northerly

assortment of merchandise. Mr. Sherwood, who has charge of the business, keeps everything in apple-pie order and also attends to the post office. Here the majority of the valley people do their trading. Opposite the hotel is the

RESPONSE

(Continued from Page 2.)

(Jim: It's fun to learn how folks are related. Keep your eye out for the April issue, which will have a document pertaining directly to the Swishers and Cow Creek area.)

Liz -- We have really enjoyed the Times!

Roger and Debra Givens
Los Gatos, CA

(Roger & Debra: The next issue will contain an article on the Givens--ran out of room this issue.)

Thank you for the complimentary copy of the Enterprise Times. We, the Brandeau's appreciated the use of the park last summer. Givens Springs has many fond

memories for me.

Wish we could see a picture of it in the early 1900's.

Gertrude McMahon
Melba, ID

(Gertrude: We enjoyed your family. A picture will be forthcoming.)

Liked your newspaper; am sending \$10.00 for a subscription to be sent to the office. Also sending a check and business card to advertise.

Rick Bowman
Harrison & Frank Ins. Co
Caldwell, ID

(Rick: Thanks for the confidence in advertising.)

You were talking about my family, (in the last issue), and there are a bunch of us around. Please send copies to (a list of 14 individuals); I think they'd like to subscribe.

I have some information I'm going to send you on the Maher family.

Jim Maher
Emmett, ID

(Jim: It was fun talking with you. Looking forward to that information.)

Too bad you couldn't include Ada County in your paper.

Mrs. Raymond Givens
Boise, ID

(Lee: More variety will be included if the publication gets to where it can expand.)

John's sitting here reading the "Croton Oil Court Case" and said, "Call and tell Liz we're sending a check".

John & Glenn Goristiza
Nampa, ID

(John & Glenn: Wasn't that a case!)

When are you going to include some basketball scores?

Sid & Marg Shuck
Sunner, WA

(Sid & Marg: Well Dad, that's an idea -- will softball scores do?)

(Continued from Page 7.)

where we found a substantial dwelling, large enough for a man with a very large family. We thought, after looking at the house, that Andy and George had taken the subject of matrimony into consideration when they built the house.

The soil of the ranch is good and is well fenced. As an evidence of its value as meadow and hay land, could be seen long stacks of hay in their barnyard.

Following the road up the valley the ranch and residence of James E. Gusman was reached. Here we found a neat and cosy residence, a good granery barn, etc. The soil is excellent and produces hay in large quantities.

Mr. Gusman was at home and invited Mr. Regan and us to alight and take a look at his fine horses. The invitation was accepted when he took us into his shed, and showed us his stock. He had two Humboldt colts that were models of beauty, strength and speed.

After looking at other fine animals we mounted our horses and entered the valley

admiring the green fields on our right, with horses and

John Catlow, with Col. Dawsey, opened the Black Jack Mine. He was best known as being involved in wholesale butchering in San Francisco, and owning large cattle ranges in the Stein mountain country. (Picture and information from Silver City 1892 Directory.)

cattle grazing upon its fresh grass.

In about 15 minutes the Catlow & Sisson ranch was reached. Here we found substantial buildings, consisting of dwellings, stone-house, blacksmith shop, barns, corrals, etc.

Although this ranch is as

good as any in the valley, it has not been cultivated for a year or two, the owners choosing rather to raise hay, of which they cut a large quantity this year. It is intended for a stock ranch and is an admirable one. The owners have several hundred head of horses running in the foothills near by that can be driven to the ranch at any time.

Passing this ranch we soon see in the distance the residence of Frank Brainard, and on the right a large and commodious building, partly of stone, with large white doors. On our right as we near the house is a large level field, which has been covered with hay, but the stubble shows that it has all been cut and hauled away. In the meadow are horses sleek and fat, and as we near the premises we see that the large building with the white doors is a barn.

When the bars were reached we were accosted by a gentleman sitting on the porch of his residence in shirtsleeves, to "get down and take your horses into the barn". We accepted the invitation of Mr. Brainard.

The white doors swung open and we entered a building about

70 feet in length by about 10 feet in width. One side was occupied with large stalls while the other side contained sleighs, wagons, buggies, etc. We were asked upstairs, and found the loft partly filled with fine hay and sheath oats. We were informed by Mr. Brainard that the other part would be filled with baled hay.

We think we can say without contradiction that this is fine a barn as there is in Idaho Territory. Mr. Brainard is engaged in the stockraising business, and only raises vegetable enough for his consumption. His ranch strictly speaking a hay ranch. His stock comes to his barn the winter when they cannot feed elsewhere, and are fed.

After partaking of a luncheon and having been entertained by the amiable wife of Mr. Brainard for a couple of hours we mounted our horses, and company with W. S. Stevens started over the hills to home, where we arrived, after following about forty trail right side up with care.

(REFERENCE: The Idaho Avalanche, Sept. 28, 1893)

JV AREA

(Continued from Page 3.)

blacksmith and wagonmaker's shop of Jones & Adams. Keeping our course down the street next come to the saloon of Williams & Maysonholder, where the weary can obtain rest and the thirsty need not go dry or. Here the best of liquors and cigars can be had by calling for them. The saloon is nicely fitted up and is doing a good business.

Immediately west of the saloon, the restaurant recently fitted up by Colonel Lacey of South Mountain, where meals can be had at all hours, and clean beds can be found by those who desire to visit the land of "od".

Looking south from the Baxter tel can be seen the hay ranch

Mr. Baxter, probably the st for that purpose in the lley. It is all under fence and is really one of the most valuable ranches in that ction of country.

(The next)... ranch is that

Mr. Parks, containing the ne character of soil and der cultivation. He has a ge, good barn, a nice elling and plenty of out-uses connected with the same. fact, he is well fixed, and s everything quite handy.

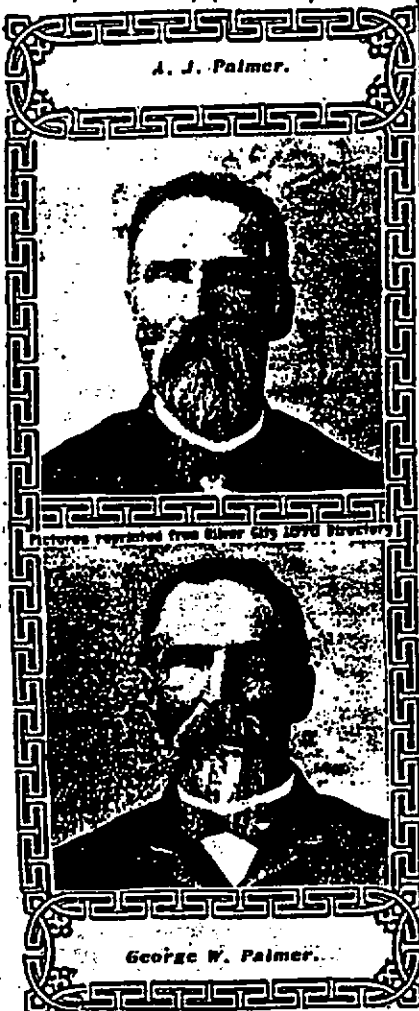

We did not go down the lley further, deferring it til a future time, when we ll take pleasure in telling r readers what we see. We ll venture the prediction, ver, that the settlers low are in as flourishing a ndition as those we have ntioned. Indeed all the lley folks are doing vell and tting rich, and are as happy d hospitable as can be.

Returning home we came by a rtion of Pleasant Valley, ich is only another name for ordan Valley. This valley is tuated in Idaho and is well eed.

Leaving the toll-road

Mills' place, we took the right hand road, crossed Trout Creek and ascended the ridge which divides Trout and Jordan Creeks. At this point looking west we beheld a portion of Pleasant Valley, with its farms, barns and dwelling houses.

The first ranch that met our gaze was that of Sam Thomas, one of the most enterprising farmers in the valley. As we viewed his ranch from a distance of half a mile, it was plain to see that he had cultivated his ranch and had cut a considerable quantity of hay. Everything looked neat around the premises, and his residence presented a home-like appearance, calculated to catch the eye of every passer-by.

A. J. Palmer.

George W. Palmer.

OWYHEE COUNTY'S THINS
Andrew Jackson Palmer &
George Washington Palmer

Proceeding on our course the valley was soon reached, as was also the ranch of Palmer Bros.,

(Augustin Ascuenaga)

THE UNITED STATES OF AMERICA,

To all to whom these presents shall come, Greeting:

Desert Lands

Certificate No. 460

WHEREAS, Augustin Ascuenaga, of Owyhee County, Idaho, has deposited in the GENERAL LAND OFFICE of the United States a Certificate of the Register of the Land Office at Boise, Idaho, whereby it appears that full payment has been made by the said Augustin Ascuenaga according to the provisions of the Act of Congress of the 24th of April, 1820, entitled "An Act making further provision for the sale of the Public Lands," and the acts supplemental thereto, for the South West quarter of the North West quarter of Section twenty nine, and the South East quarter of the North East quarter of Section thirty in Township five South, of Range five West of Boise Meridian in Idaho, containing eighty acres according to the Official Plat of the Survey of the said lands, returned to the GENERAL LAND OFFICE by the Surveyor General, which said Tract has been purchased by the said AUGUSTIN ASCUENAGA.

NOW KNOW YE, That the United States of America, in consideration of the premises, and in conformity with the several acts of Congress in such case made and provided, HAVE GIVEN AND GRANTED, and by these presents DO GIVE AND GRANT, unto the said Augustin Ascuenaga and to his heirs, the said tract above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Augustin Ascuenaga and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law; and there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

IN TESTIMONY WHEREOF, I, Theodore Roosevelt, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the fifth day of September, in the year of our Lord one thousand nine hundred and three and of the Independence of the United States the one hundred and twenty eighth.

By the President: T. Roosevelt,

By F. M. McKean, Secretary,

C. H. Brush,

(G. L. O. Seal)

Recorder of the General Land Office.

J. H. Quinn

(Augustin Azcuenaga)

THE UNITED STATES OF AMERICA,

To all to whom these presents shall come, Greeting:

Homestead Certificate No. 2535.

Application 4347.

WHEREAS, There has been deposited in the GENERAL LAND OFFICE of the United States a Certificate of the Register of the Land Office at Boise, Idaho, whereby it appears that, pursuant to the Act of Congress approved 20th May, 1862, "To secure Homesteads to Actual Settlers on the Public Domain," and the acts supplemental thereto, the claim of AUGUSTIN AZCUENAGA has been established and duly consummated, in conformity to law, for the Lot two and the southeast quarter of the northwest quarter of Section thirty in Township five south of Range five west of the Boise Meridian, Idaho, containing eighty and thirty-eight-hundredths acres, according to the Official Plat of the Survey of the said Land, returned to the GENERAL LAND OFFICE by the Surveyor General:

NOW KNOW YE, That there is, therefore, granted by the United States unto the said AUGUSTIN AZCUENAGA the tract of Land above described; TO HAVE AND TO HOLD the said tract of Land, with the appurtenances thereof, unto the said Augustin Azcuenaga and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

IN TESTIMONY WHEREOF, I, Theodore Roosevelt, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the twenty-sixth day of August, in the year of our Lord one thousand nine hundred and seven, and of the Independence of the United States the one hundred and thirty-second.

By the President: Theodore Roosevelt,

By V. M. McKean, Secretary.

Homestead Certificate No. 677. } The United States of
Application 1348. } America, To all to
whom these presents shall come, Greeting:

Whereas, there has been deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Boise City, Idaho Territory, whereby it appears that, pursuant to the Act of Congress, approved 20th May, 1862, "To secure Homesteads to Actual Settlers on the Public Domain," and the acts supplemental thereto, the claims of Peter Townsend has been established, and duly consummated in conformity to law, for the North half of the North West quarter of Section twenty nine in Township five South of Range five West of Boise Meridian in Idaho Territory, containing eighty acres, according to the Official Plat of the Survey of the said Land, returned to the General Land Office, by the Surveyor General.

Now know ye, that there is, therefore granted by the United States unto the said Peter Townsend the tract of land above described; To have and to hold the said tract of land, with the appurtenances thereof, unto the said Peter Townsend and to his heirs and assigns forever, subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs, and in connection with such water rights, as may be recognised and acknowledged by the local

customs, laws and decisions of courts, and also subject to the right of a proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law.

In testimony whereof I Benjamin Harrison, President of the United States of America, have caused these letters to be made, sealed, and the seal of the General Land Office to be hereunto affixed.

Given under my hand at the City of Washington, the ninth day of April, in the year of our Lord one thousand eight hundred and ninety-one and of the Independence of the United States the one hundred and fiftieth.

(By the President Benjamin Harrison
By W. W. Keam, Secretary.)

FIELD
EXAMINER

ARE THERE OBVIOUS REASONS TO QUESTION THE PRIORITY DATE CLAIMED? Y() N()

IF YES EXPLAIN.

REMARKS: Claim can be based on posted notices, numbers 1400 & 1401. Both notices must be arguments listed in the claim investigation manual. See pg. 33. Priority date, however, is not as early as 1867. Priority for posting is 10-14-1898. Since this is closer to the end of year, I am recommending 10-14-1898. I have no reason to believe there was not diligence in perfecting the wages as time between posting & filing was ~~not~~ met & it is possible they could have waited for a short time before winter set in.

RECOMMENDED PRIORITY DATE:

~~04-01-1867~~ 10-14-1898

Linda Werner
Sr. Water Resource Agent —

First I would like to apologize for not answering letters that were evidently sent before.

Your letter dated April 22 was the first that we received — maybe the incorrect address (1165 Roden Pl.) instead of correct (1165 Riden Pl.) may have caused this — anyhow I am sorry for your inconvenience on this matter.

To substantiate claim nos. A55-04019, A55-10096, A55-10097, A55-10098, and A55-10099 —

The property in question has been a working Cattle Ranch for years with a Grazing Permit allotment from the Bureau of Land Management which requires the property in question to raise sufficient Hay and pasture to sustain the requirements of the B.L.M.

The Base Property which grows Hay + pasture for livestock therefore uses the water for beneficial use.

Enclosed please find three (3) Water Right Location Notices.

Also on the Abstract of title which I looked up it shows ~~that~~ Four (4) Homestead Certificates saying Covenants include water rights. Don't know if these pertain or not but will include just in case (Enclosure).

I very seldom am able to get over to your part of the country, but will do whatever I can to help you get the right information.

Again — thank you —

Notice of Water Right Location.

To 2d whom it may Concern:

Notice is hereby given, that we, Acuinaga Bros. and Joe Navarre, of Trout Creek, County of Croyhee, State of Idaho, have, this 14th day of October, 1898, appropriated and thereby claiming the use of waters of Trout Creek, to the extent of two cubic feet per second, flowing at the point of intended diversion, which said point of intended diversion is particularly described as follows, to wit: (1). To about one

half mile below the falls in Trout Creek Canyon.

location of POD is $\approx \frac{1}{2}$ mi. below falls in Trout Cr. Canyon

That the special purpose or purposes for which said water is claimed is for irrigation purposes.

The place of its intended use is on our land situate on Trout Creek,

Croyhee County, Idaho.

That the general course of the proposed canal or conduit is in a westerly direction.

canal is $1\frac{1}{4}$ mi. long

The length of said proposed canal or conduit is about one and one-fourth miles, and it is intended to use said water on (2)^d hand in Section 30, Township (5) South, of Range 5 2d wt. of Boise Meridian.

That it is intended to complete the works for the diversion and use of said water as aforesaid within (3) one year.

A copy of this notice was duly posted at or near the point of intended diversion on the 14th day of Oct., 1898.

It bears our hands and seals at Trout Creek, County of Croyhee, State of Idaho, this 14th day of October, 1898.

Acuinaga Bros.

REMARKS:

4 claims have been filed for Trout cr. irrigation. One statutory & 3 beneficial use. The beneficial use submitted in subject to the POD shows basically one general area of use. Namely, the 1 1/2 of Sec. 30. Consequently, 3 of these claims can be combined under one - A55-4019. The benefit of claim on the posted notices, no 1400 & 1401, indicate irr. in Sec. 30 in 1898. The fourth claim which is numbered 55-10097, is for irr. upstream of the other 3 in Sec. 29. Evidence in form of a posted notice supports irr. in this section with a priority of 1902.

RE: A55-04019, -10096, -10097, -10098, -10099

Dear John:

Enclosed are the following listed documents that reflect the changes we made to the above referenced SRBA claims. The changes result from the change of ownership you filed and the notices of error you filed during our recent meetings.

1. Five copies of claim forms that name you and your wife as owners replacing the Gordons.
2. A profile report for A55-04019 that shows a priority date of 4/1/1881 and a place of use of 44.4 acres.
3. A profile report for A55-10096 recommending stockwater use from Split Rock Creek. This claim was previously disallowed because the irrigation component is covered under the Trout Creek rights and because there are no irrigation diversions from Split Rock Creek. The .02 cfs diversion rate is the standard amount allowed for instream stockwater.
4. A profile report for A55-10097, A55-10098 and A55-10099 that are the same as our original recommendations.

Call me at the number below if you have any additional questions or discussion.

Sincerely,

A handwritten signature in cursive script that reads 'Mel Schulte'.

Dear Linda -

I thank you for the explanations on our property notice of claim nos. A55-04019, A55-10096, A55-10097, A55-10098, + A55-10099 - The diversions have been in place at their present location to my knowledge since the land has been irrigated + no changes of major diversions have been made.

A55-10097 - you are right - irrigated land lies mainly in NE $\frac{1}{4}$ NW $\frac{1}{4}$ of section 29 + no change of diversion locations have been made.

A55-10096 - Find amendment on increased acres, also copy of original claim showing use of water from Trout Cr. as a main source (P.O.D. being in the NE $\frac{1}{4}$ of Section 30 - shown on your map as the second P.O.D. down Trout Creek) with Split Rock Cr. flowing into ditch to increase flow of water.

I hope this will be the information that you need -

Thank you for your time

RE: NOTICE OF CLAIM NOS: A55-04019, A55-10096, A55-10097,
A55-10098, A55-10099

Dear Mr. or Mrs. Gordon;

We are currently in the process of preparing the above referenced Notices of Claim for court decree in the Snake River Basin Adjudication. During this process certain questions arose concerning the claims listed below. Any claim that is listed above and not shown below is ready for court decree and does not require any further information or changes. The following claims require the information or changes listed.

A55-04019-Trout creek
Priority Date and Points of Diversion

This claim was originally filed as a statutory claim for the irrigation of land in section 30. The total acreage was for 45 acres and the claim listed two points of diversion. The information you submitted for the evidence of priority supports the usage in section 30. Therefore, I am going to take two of the other claims you filed on Trout creek and combine them with the statutory claim. These claims are numbered A55-10098 and A55-10099. The result will be that claim number A55-04019 will be recommended with all the Trout creek points of diversion, and places of use, except the upper one which irrigates the five acre field.

This brings me to my question. How long have the Trout creek diversions been in use at their present site? If a change of location has occurred, when did this change take place?

Also, for your information, the evidence information you submitted consists of 3 posted notices. Two of these notices support irrigation in section 30 back to October 14, 1898. I can recommend a priority date of October 14, 1898, based on this information. The basis of your claim can be recommended as a "posted notice" rather than a "beneficial use".

2/23/95
Page 2

A55-10097-Trout creek
Priority Date and Place of Use

This is the claim which covers the irrigation of the 5 acre field from the upper point of diversion. The third type of priority date documentation you submitted is also a posted notice.

This notice states that the place of use was in the W1/2NW1/4, Section 29, T5S, R5W. However, field exam findings and map verification show the land irrigated lies mainly in the NE1/4NW1/4, Section 29. Is the information on this notice relative to the found place of use? Has there ever been a change in the place of use or diversion locations? If so, when did this change occur?

A55-10096-Split Rock creek
Priority Date and Acreage

The evidence of priority submitted on this source is based on an affidavit from yourself. This affidavit does not show a specific date of first usage. Unfortunately, the posted notices do not refer to any water source other than Trout creek. Please submit further evidence to support the Split Rock creek usage. I will enclosed a pamphlet which will explain the types of evidence you can submit.

Also, your claim was filed for the irrigation of five acres. Nine acres were found as a result of the field exam. If you believe nine acres is accurate, your claim will need to be amended before this amount can be recommended. I will enclose a copy of the claim you filed. You can make the changes on this form. The claim will need to be signed and notarized.

I will enclose a copy of the map showing the field exam findings along with profile reports of the claims you filed. Your response must be received in our office by the response date shown above. If no response is received, your claims may not be recommended accurately or may be disallowed for lack of proof of priority date. Be sure to contact me if you have any questions.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
Adjudication Section

Enclosures: Map, Profile reports, Evidence of Priority Pamphlet, Notice of Claim number A55-10096.

From field exam of 6-8-93 L. Warner

Fretwell, Nancy (Jerry Gordon)

1. Be sure this land is adjacent to Lowrys.

POD #1 - Trout cr.

Has dam & ditches & irr. the P.O.U. as field 1.

POD #2 - Split Rock cr.

Dam located right next to road bridge. Takes H₂O thru pipe under road & dumps it into 2 ditches @ NE end of field.

POD #5 - Trout cr.

Board headgate, ditch runs along N. side of road to Split Rock cr. where it dumps into S.R.C. at dam site next to bridge where it runs into pipeline described under POD #2 & irr field 2.

POD #3 - Trout cr.

Cement dam, headgate to ditch which irr. field 3. Dam washed out Spring 93. Has been used previously & they plan to repair it.

POD #4 - Trout cr.

Wooden plank dam, ditch to wr. field 3.
Runs on S. side of cr.

POD #6 - Trout cr.

This POD takes water by dam & dirt ditch to the $\approx$ 5 ac field AKA field 6. I could not get to the POD site cause of brush but the ditch was evident & there were takeouts from ditch at field.

Claimant needs to file a claim on POD 6 & field 6. Maybe not. This could be A55-10097.

Dear Mr. Gordon:

I have received your evidence of priority for Notices of Claim to a Water Right for the land irrigated from Trout creek. Thank you for submitting it. There is, however, still one problem that needs to be addressed.

Claim number A55-10096 is for the irrigation of 5 acres from Split Rock creek. Unfortunately, the evidence you submitted only covers the irrigation from Trout creek. I am sending along an affidavit which can be used for this purpose.

Also, because these claims are based on beneficial use it will be necessary for a field exam to be completed. I realize that it may be inconvenient for you to accompany me on this exam; however, any person with knowledge of the diversion system can be present. I have talked to Nancy Fretwell who told me that she is leasing this property and has indicated that she is available to accompany me. I will contact her to set up an appointment.

If you have **any** questions or comments, please feel free to contact me. I would appreciate it if you would return this information, to my attention, as soon as possible.

Sincerely,

Linda A. Werner

Dear Mr. and Mrs. Gordon:

RE: Notice of Claim Numbers: A55-04019, A55-10096, A55-10097,
A55-10098 and A55-10099

We are currently in the process of preparing the above Notices of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claims listed above. The above claims require the following:

Priority Date

These claims were filed based on beneficial use of water dating back to 1867, 1895 and 1902. On June 28, 1991, the Department sent you a letter requesting that you submit evidence supporting the priority dates you have listed on the above claims. This evidence was to have been submitted on August 1, 1991. However, this evidence has not been received in our office.

A letter was sent to you on April 12, 1993, requesting evidence of priority, which was returned to this office. On May 22, 1992, we sent you a letter requesting you contact our office so we could make an appointment to do a field exam on these claims. At such time we discussed evidence of priority stating that if you had questions regarding such we could discuss them during our field exam. We did not receive a response to that letter.

Before the Department can make a recommendation to the Court for decree of these claims, some evidence of the priority dates claimed must be submitted. **If we do not receive the requested information by May 22, 1993, these claims will be recommended for disallowal due to lack of evidence supporting the priority date.**

RE: Claims filed in the Snake River Basin Adjudication

Dear Claimants: *CLAIM NO.'S ASS-04019, ASS-10096,
ASS-10097, ASS-10098, ASS-10099-OWYHIRE CO.*

The Department of Water Resources will be conducting beneficial use and water right claim verification examinations in your area beginning in June. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this summer in your area, we request that you contact our office at (208)334-2190 within two weeks to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be appreciated.

In some cases, the date of priority claimed also needs to be verified. Letters were sent to some claimants notifying them that evidence of the date of first use of their water right(s) was required. If you received one of these letters and have questions, we can address those during our examination.

To make an appointment, or if you have any questions or problems with scheduling the exam, please contact one of the following water resource agents:

P.O. Box 185
Jordan Valley OR 97910

Dear Mr. Collins:

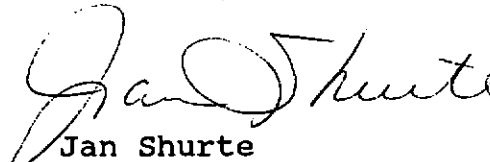

In our review of claims to a water right in your area we discovered that two claims have been filed on one previously existing water right by yourself and Jerry Gordon. This water right is under water right No. 55-04019 and is for the irrigation of 45 acres of land with water from Trout Creek dating back to April 1, 1867. Enclosed is a copy of the claim you filed and a copy of the claim filed by Jerry Gordon.

On your claim filed for this right you have indicated that Jerry Gordon is the owner of this property and that you have been leasing it since March, 1971. A claim to a water right is required to be filed on by the owner of the property, and Jerry Gordon did file a claim on January 30, 1989.

Therefore, your claim is not needed and you are entitled to withdraw this claim and request a refund of the \$95 fee you paid at the time of filing. Enclosed is a partially completed withdrawal form for you to complete and return.

Please feel free to contact this office if circumstances have changed or if you have any questions concerning this letter.

Sincerely,

Jan Shurte
Water Rights Supervisor

10099, 04019

CECIL D. ANDRUS

GOVERNOR

R. KEITH HIGGINSON

DIRECTOR

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by August 1, 1991, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte

RE: Claim No. A55-04019
Receipt No. C005214

Dear Mr. Gordon:

Enclosed are the above referenced forms.

Five claims which you submitted have been processed. This sixth claim, however, listed only your name on the claim. The other claims listed Jerry and/or Sharon Gordon. Sharon had signed all the other claims. Sharon also signed this claim, however, she was not listed as a claimant.

I am unable to process this claim until I have a correct signature. You may take either of two actions:

- a. hand-write "and/or Sharon" on the claim; or
- b. you need to sign the form and have your signature notarized.

In either case, please return the claim form by February 20, 1989, ATTN: H. Harrington, and the claim will be processed.

If you have any questions or need assistance, please contact the Department.

Sincerely,

Donald V. Shaff
Adjudication Section Supervisor
