STATE OF IDAHO

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

Permit No. R-143

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Charles O. Maher, Jordan Valley, Ore. Farmer, Jordan Valley, Ore
Ranch about 18 miles East and South of Jordan Valley, Ore.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual owner

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. R-143, 28th day of June 1922, First used Water 1919.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Stove Creek, Sec. 24, Tp. 32 S., R. 46 E.W. M. Lot 2

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Salt Lick Reservoir, 51.8 Acre Feet per annum. ½ mile made ditch from Reservoir to my land, located in Oregon.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. 5 acres in NE¼NE¼, 10 acres in NW¼NE¼, 24 30 acres in SW¼NE¼, 30 acres in SW¼NW¼, 20 acres in NE¼SW¼, 5 acres in NW¼SE¼, Sec. 23, 10 acres in Lot 1, Sec. 24, Township 32, South, Range 46 E. W. M.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None but irrigation.

RECEIVED
JAN 24 1940

R-143

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 51.8 acre feet per annum.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I'am the original person.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have been farming the said land and using all the water from the said reservoir since 1919, and have never had any extra water left over.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The above is the only water for the land, except in spring of year when small streams run off thru the ranch before irrigation time.

(Sign) Charles O. Baker

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Jordan Valley County of Malheur, State of ~~Idaho~~ Oregon on this 20th day of January, A.D. 1940.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

Boise, Idaho, January 20, 1940

Re: Permit No. R-143
Chas. O. Maher

Mr. S. R. Scott,
Notary Public,
Jordan Valley, Oregon

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. R-143

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On January 20, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Jordan Valley, Oregon before S. R. Scott, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD
Commissioner of Reclamation.

R-143

June 27, 1922.

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO, } ss.
County of Ada }

D.D. Joslyn agent for, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. R-143, and that his postoffice address is Jordan Valley State of Oregon

Second: That the name of the stream from which said water is to be diverted is Store Creek, tributary of Soldier Creek

Third: That the point of division of said water is from Store Creek into Feeder Canal is S. 62° E. 1350 ft. from Sec. Cor. on E. side of Sec. 28, T. 22 S., R. 46 E. W.M. ore.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 22, 1922.

Fifth: That the use for which said water is intended is Irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or ~~were not~~) fully completed and consisted of the following:

I. Kind of works: Earth dam at reservoir, feeder canal (Reservoir, dam, ditch, flume, pipe or otherwise.) to same, & concrete outlet

II. Dimensions of work:

(a) Height of dam 10 feet, length of dam at top 790 feet, length of dam at bottom 100 feet. Material used in construction Earth fill, rip-rapped on water side (State whether wood, earth, stone or concrete)

(b) Capacity of reservoir 51.8 acre feet.

(c) Size of headgate: Width ..... feet, height ..... feet.

(d) Conduit Feeder Canal (State whether ditch, flume or pipe.) width at bottom 3 feet, width at water line 4 feet, depth of water 1 feet; diameter of pipe ..... inches, average grade per mile is 10 feet. Length of conduit is 1 miles.

Seventh: That said works are capable of conducting to the place of intended use 51.8 acre ~~second~~ feet of water, annually.

Eighth: That water appropriated under said permit is available for 110 acres of land described as follows: Described under permit No. 14044 all in Oregon

Ninth: Remarks: That this information is filed in lieu of former proof that conflicted with Permit No. 14044

May 25, 1922.

Re: Permits 14044-R-143.

Mr. D. D. Joslyn,
Jordan Valley, Idaho.

Dear Sir:-

In the matter of proof of completion of works under the above numbered permits would say that, under the conditions as they exist from the statements made in the affidavit of the holder, I do not feel justified in accepting proof at this time. In the first place proof of completion of works under the use permit, No. 14044, was required to be made by June 18,1921, and no extension has been granted. The right under this permit has, therefore, lapsed. It will be necessary for the holder to file a new application and obtain a new permit.

As to the reservoir permit would say that, in view of the fact that the reservoir is under enlargement at present, it will be necessary for the holder to get an extension of time for completion of works. application blankfor same is herewith enclosed. The dates for completion under the new application should be made to coincide with those of the reservoir permit in order that there may be no conflict when proof is made. Two years extension of time may be granted under reservoir Permit No. 143, or to June 19,1924.

I am enclosing herewith application blank for use application, to be tied to the reservoir permit; also application blank for extension of time for completion of reservoir.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By

Chief Clerk.

R-143

Form No. 5

State of Idaho

DEPARTMENT OF RECLAMATION

BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. C. C. Maher,
Jordan Valley, Idaho.

Boise, Idaho,
March 6, 1922.

Dear Sir:—

Under the terms of your permit No. R-143 you are required to complete your diversion works on or before June 18,1922. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN,
Commissioner of Reclamation.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M. on the 20th day of January, 1940 at Jordan Valley, County of Malheur, State of Oregon, before S. R. Scott, Notary Public, proof will be submitted of the application to beneficial use of 51.8 acre cubic feet per second of the waters of Stove Creek a tributary of Soldier Creek in accordance with the terms and conditions of Permit No. R-143 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Charles O. Maher, Jordan Valley, Oregon

The use to which said water has been applied is irrigation of lands in Oregon

The amount applied to beneficial use is 51.8 acre feet per annum

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NE¼NE¼ (5 acres), NW¼NE¼ (10 acres), SW¼NE¼ (24 acres), SE¼NW¼ (24.5 acres) NE¼SW¼ (20 acres), NW¼SE¼ (5 acres), Section 23, and Lot 1, or NE¼NW¼ (10 acres) Section 24; All in Township 32 South, Range 46 East, W. M.; and supplemental supply for 6 acres in SW¼ NE¼, and 5.5 acres in SE¼NW¼ Section 23, Twp. 32 S., Range 46 E., W. M. making a total of 100 acres, in Malheur County, Oregon.

The name of the canal or ditch or other works by which said water is conducted to such place of use is —

The right to take water from such works is based upon Permit No. R-143

The source of supply from which such water is diverted is Stove Creek

The date of priority which said user is prepared to establish is April 8, 1919

JAMES SEDIVORD
Commissioner of Reclamation.

STATE OF OREGON

COUNTY OF MALHEUR

CERTIFICATE OF WATER RIGHT

This Is to Certify, That CHARLES U. MAHER

of Jordan Valley, State of Oregon, has made proof to the satisfaction of the STATE ENGINEER of Oregon, of a right to the use of the waters of Salt Lick Reservoir, constructed under Application No. 7731, Permit No. R-501, a tributary of for the purpose of Supplemental irrigation under Permit No. 4964 of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from March 2, 1921;

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed 1.375 cubic feet per second measured at the point of diversion from the stream;

or its equivalent in case of rotation.

The point of diversion is located in the Lot 2, Section 24, Township 32 South, Range 46 East, W. M.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre,

and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right hereby confirmed, and to which such right is appurtenant, is as follows:

5 acres in the NE¼NE¼,
10 acres in the NW¼NE¼,
30 acres in the SW¼NE¼,
30 acres in the SE¼NW¼,
20 acres in the NE¼SW¼,
5 acres in the NW¼SE¼
Section 23,

10 acres in Lot 1,
Section 24,
Township 32 South, Range 46 East, W. M.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.

After the expiration of fifty years from the date of this certificate or on the expiration of any federal power license issued in connection with this right, and after not less than two years' notice in writing to the holder hereof, the State of Oregon, or any municipality thereof, shall have the right to take over the dams, plants and other structures and all appurtenances thereto which have been constructed for the purpose of devoting to beneficial use the water rights specified herein, upon condition that before taking possession the State or municipality shall pay not to exceed the fair value of the property so taken, plus such reasonable damages, if any, to valuable, serviceable and dependable property of the holder of this certificate, not taken over, as may be caused by the severance therefrom of the property taken in accordance with the provisions of section 47-508, Oregon Code 1930.

WITNESS the signature of the State Engineer, affixed this 2nd day of March, 1937.

CHAS. E. STRICKLIN
State Engineer

Recorded in State Record of Water Right Certificates, Volume 11, page 11694.

State of Oregon, }
County of Marion. } ss.

Oregon applications No. 6455 and 6456.

(Idaho No. ____)

I, Percy A. Cupper, State Engineer of the State of Oregon, do hereby certify that I have examined reservoir application No. 6455 and secondary application No. 6456, filed in this office on March 29, 1919, by Charles O. Maher, which cover the storage of 51.3 acre feet of water from Stove Creek in the Salt Lick Reservoir, and the appropriation of such stored water together with the water from Stove Creek for the irrigation of certain land, and the same meet with my approval.

That the use of the water from this source of supply for the irrigation of such land is a beneficial use and from all information available the project is feasible.

This certificate is furnished in accordance with the provisions of Chapter 111 of the Session Laws of the State of Idaho for 1915.

IN WITNESS WHEREOF, I have hereunto set my hand this 31st day of March, 1919.

Percy A. Cupper
State Engineer of the State of Oregon.

RE: Notice of Claims to Water Rights

Terry V. or Rosemary Warn
P.O. Box 235
Jordan Valley, OR 97910

Dear Mr. and Mrs. Warn:

I have finally reviewed your claims, submitted in the Snake River Basin Adjudication, and feel comfortable that I can relay what we need in addition to what you have already submitted.

As we previously discussed, you need to submit an additional claim for the water you are diverting into Salt Lick Reservoir. You have claimed 52 acre-feet of storage under No. A55-10063, however, in looking at your Oregon Water Right Certificates Nos. R-499 and R-501, and in talking with the Oregon Water Resource Department, I found your reservoir has a facility volume of 300 acre-feet. Since the water you store is diverted in Idaho, you need to file another claim for storage of the additional water. I believe that we should prepare the claim for Stove Creek and Toppin Creek water, since both sources are diverted into your reservoir. You will need to come up with a date of priority that reflects the date of enlargement of the dam and/or date that Toppin Creek was diverted to the reservoir. We will need to have evidence of the date of priority you claim. If you did not add Toppin Creek around the time of enlargement, you may want to submit two claims, one for the enlargement and one for addition of Toppin Creek as a source.

In regard to the reservoir that is south-west of Salt Lick Reservoir, I see that the ditch you utilize and Toppin Creek come together in the N½SW¼, Section 23, Twp. 32S, Rge. 46E, W.M., making any water diverted below that point Oregon water. You may want to contact the State of Oregon to record that water use if you have not previously done so.

After reviewing your claim for Lone Tree Creek, A55-04070, I found we can recommend only 56 acres under your 1904 priority date. You had indicated that the field south of your home was not irrigated until 1953 and the rest of the fields were sub-irrigated. You need to file a claim for the land located in the 1953 field and provide evidence of it's priority date.

I found that the measurement we made on your Lone Tree Creek diversion did not come up with enough water. I would like to come up sometime this spring and make another measurement of your ditches from Lone Tree Creek if you are agreeable.

I am enclosing several "Notice of Claim to Water Right" forms for your convenience. However, if you would like to come into the office I would be happy to assist you in filing the additional claims. If you have any questions in regard to this letter, please do not hesitate to contact me.

Sincerely,

Kay Walker

A. AJ CLAIM: # A55-10063 PRIORITY DATE: 06-27-1922 STAGE: J

B. WR RECORD: NO WATER RIGHT RECORD TO MATCH THIS AJ CLAIM

C. CAN THE PRIORITY DATE CLAIMED BE CONFIRMED BY A DECREE OR LICENSE? Y(✓) N(__)

D. HAS THERE BEEN A LATER COURT DECREE OF THE WATER RIGHT(S) FROM THIS WATER SOURCE? Y(__) N(✓)

E. IS THERE ANY INDICATION THAT THERE HAS BEEN A FIVE YEAR PERIOD OF CONTINUOUS NONUSE? (IF YES, DESCRIBE BELOW) Y(__) N(✓)

see Idaho Lic. 55-02166 & Oregon water Rights attached

F. IF THIS CLAIM IS BASED ON A PERMIT, WHERE IS THE PERMIT IN THE LICENSING PROCESS?

PROOF OF BENEFICIAL USE SUBMITTED	N/A(__)	Y(__)	N(__)
FIELD EXAM COMPLETED	N/A(__)	Y(__)	N(__)
FIELD EXAM SENT TO STATE OFFICE	N/A(__)	Y(__)	N(__)
LICENSE ISSUED	N/A(__)	Y(__)	N(__)

* IF THE PERMIT WILL NOT BE LICENSED PRIOR TO THE DIRECTOR'S REPORT, USE CONDITION CODE A01 AND RECOMMEND AS PERMITTED.

G. IF THIS CLAIM IS BASED ON BENEFICIAL USE, IS ADDITIONAL EVIDENCE OF THE PRIORITY DATE REQUIRED? N/A(__) Y(__) N(✓)

* FOR CLAIMS BASED ON BENEFICIAL USE, DESCRIBE THE EVIDENCE OF PRIORITY SUBMITTED, INCLUDING THE ANALYSIS OF THE EVIDENCE.

H. IS THE STAGE OF THE CLAIM CODED CORRECTLY? Y(✓) N(__)

NOTES: Idaho - Certificate of Completion of Reservoir issued 6-27-1922. Oregon Reservoir ~~Permit~~ Certificate #449 confirms priority of 6-29-1919. Oregon Reservoir Certificate #501 shows enlargement of Reservoir completed 9-11-1920 - Evidence shows B/U back to 1919 - claimant chose 1922 date for his priority.

Stove Creek Diversion - Dirt dam to ditch looking upstream

Stove Creek Ditch at site of Mannings measurement.

MANNING EQUATION CHANNEL CAPACITY RESULTS 02-15-1995

File Number: A55-10063
Claimant: TERRY WARN
Channel measured: STOVE CREEK
Date of measurement: JUNE 23 1992
Measurement location:
NWNWSW SEC 02 T08S R06W
Calculation prepared by: KAY WALKER
Comments about the measurement:

The results of the calculation are:
The length of the channel measured is 106 feet.
The upstream and downstream rod readings are 3.20 and 6.37 feet.
The channel cross section is 12.49 ft-sq.
The wetted perimeter is 11.80 feet.
The hydraulic radius is 1.06 feet.
The slope is 0.0299
The roughness coefficient is 0.0900
The flow velocity is 2.975 ft/sec.
The rate of flow is 37.16 cfs.

CROSS SECTION NUMBER 1

For File Number A55-10063 for the STOVE CREEK

Number	Rod Reading	Water Depth	Distance
1	0.00	0.00	0.00
2	0.80	0.80	1.00
3	1.48	1.48	2.00
4	1.40	1.40	3.20
5	1.41	1.41	4.00
6	1.60	1.60	5.00
7	1.50	1.50	6.00

MEMORANDUM

March 8, 1995

TO: FILE A55-10063

FROM: KAY WALKER

RE: STORAGE VOLUME OF SALT LICK RESERVOIR

****
****

I contacted Oregon's Water Resource Department (503-378-3066) this morning to find out the facility volume of Mr. Warn's reservoir. John Faulk of the dam safety section is looking into this for me and will call me with the information when he has found it.

3:00 pm March 8, 1995

Mr. Faulk called me back and said that the facility volume of Salt Lick Reservoir is 300 acre-feet. The two Oregon certificates issued (R-449 & R-501) should be added together for the total storage volume.

NUMBER	SOURCE	DATE	USE/AMOUNT

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

Permit No. R-143

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Charles O. Meher, Jordan Valley, Ore. Farmer, Jordan Valley, Ore
Ranch about 18 miles East and South of Jordan Valley, Ore.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual owner

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. R-143, 28th day of June 1922. First used Water 1919.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Stove Creek, Sec. 24, Tp. 32 S., R. 46 E. W. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Salt Lick Reservoir, 51.8 Acre Feet per annum. ½ mile made ditch from Reservoir to my land, located in Oregon.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. 5 acres in NE¼NE¼, 10 acres in NW¼NE¼, 30 acres in S½NE¼, 30 acres in SW¼NW¼, 20 acres in NE¼SW¼, 5 acres in NW¼SE¼, Sec. 23, 10 acres in Lot 1, Sec. 24, Township 32, South, Range 46 E. W. M.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. None but irrigation.

RECEIVED
JAN 24 1924

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 51.8 acre feet per annum.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I'am the original person.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have been farming the said land and using all the water from the said reservoir since 1919, and have never had any extra water left over.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The above is the only water for the land, except in spring of year when small streams run off thru the ranch before irrigation time.

(Sign) Richard O. Parker

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Jordan Valley County of Malheur, State of ~~Idaho~~ Oregon on this 20th day of January, A. D. 1940.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

Boise, Idaho, January 10, 1940

Re: Permit No. R-143
Chas. O. Maher

Mr. S. R. Scott,
Notary Public,
Jordan Valley, Oregon

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. R-143

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On January 20, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Jordan Valley, Oregon before S. R. Scott, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD
Commissioner of Reclamation.

June 27, 1922.

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO, } ss.
County of Ada }

D. D. Tolen agent of, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. R-143, and that his postoffice address is Jordan Valley, County of Oregon.

Second: That the name of the stream from which said water is to be diverted is Store Creek Tributary of Soldier Creek.

Third: That the point of diversion of said water is from Store Creek into Feeder Canal at a point whence the Quarter Corner on the East side of Section 23, T. 36 S., R. 46 E., W. M. bears S. 84° E. 1320 ft. from the Center of said Section 23.

Fourth: That under the terms and conditions of said permit, construction thereunder is to be completed by June 22 1920.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~were not~~ fully completed and consisted of the following:

I. Kind of works: Earth dam at reservoir, feeder canal same, & concrete outlet
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam 10 feet, length of dam at top 700 feet, length of dam at bottom 100 feet. Material used in construction Earth fill. rip-rapped on water side
(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir 51.8 acre feet.

(c) Size of headgate: Width ____ feet, height ____ feet.

(d) Conduit Feeder Canal width at bottom 3 feet, width at water line 4 feet, depth of water 1 feet; diameter of pipe ____ inches, average grade per mile is 1.0 feet. Length of conduit is 1 miles.
(State whether ditch, flume or pipe.)

Seventh: That said works are capable of conducting to the place of intended use 51.8 acre ~~second~~ feet of water, annually.

Eighth: That water appropriated under said permit is available for 110 acres of land described as follows: Described under permit No. 14044. all in Oregon.

Ninth: Remarks: That this information is filed in lieu of that furnished with Permit No. 14044.

D. D. Tolen

____

14044 to New Number Issued

May 28, 1921.

Re: Permits 14044-3-145.

Mr. D. D. Joslyn,
Jordan Valley, Idaho.

Dear Sir:

In the matter of proof of completion of works under the above numbered permits would say that, under the conditions as they exist from the statements made in the affidavit of the holder, I do not feel justified in accepting proof at this time. In the first place proof of completion of works under the use permit, No. 14044, was required to be made by June 18,1921, and no extension has been granted. The right under this permit has, therefore, lapsed. It will be necessary for the holder to file A new application and obtain a new permit.

As to the reservoir permit would say that, in view of the fact that the reservoir is under enlargement at present, it will be necessary for the holder to get an extension of time for completion of works, application blankfor same is herewith enclosed. The dates for completion under the new application should be made to coincide with those of the reservoir permit in order that there may be no conflict when proof is made. Two years extension of time may be granted under reservoir Permit No. 145, or to June 18,1923.

I am enclosing herewith application blank for use application, to be tied to the reservoir permit; also application blank for time for completion of reservoir.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation.

By

Chief Clerk.

R 143

State of Idaho

DEPARTMENT OF RECLAMATION

Boise

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

C. O. Maher,
Jordan Valley, Idaho.

Boise, Idaho,
March 6, 1922.

Dear Sir:—

Under the terms of your permit No. R-143 you are required to complete your diversion works on or before June 15,1922. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

C. J. SWENDSEN,
Commissioner of Reclamation.

Salt Lick Reservoir

And to Store the Unappropriated Waters of the State of Idaho

Application No. R 19829
Permit No. R 143
District No. 55

1. Name of Applicant: Charles O. Maher

Postoffice Address: Jordan Valley County: Malheur State: Oregon

I. If applicant is a corporation, give:

(a) Date and place of incorporation:
(b) Amount of capital stock: $
(c) Amount paid in: $
(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand: $
(b) Treasury stock: $ (c) Bonds to be issued: $
(d) Other resources:

2. Quantity of water to be stored 51.8 acre feet per annum.

3. Source of water supply Stove Creek, which is a tributary of Soldier Creek

4. Water is to be used for: Irrigation in Oregon.

5. The outlet of the proposed reservoir is located North 40° 50' East

940 feet distant from the Clo.Tp. corner of Section 3, T. 8 S, R. 6 W, B. M., and is in the Lot 2 of Section 24, T. 32S, R.46E W. M., County of Malheur, Ore.

6. Fill out either (a) or (b).

(a) The reservoir is located in the channel of un-named flood water course.

(b) The reservoir is to be filled through the Stove Creek Feeder Canal, which has a width at bottom of 3 ft., width at top of 4 ft., depth of 1 ft., average grade per mile 5 ft., capacity 6 cubic feet per second.

7. (a) The area of the high water line of the reservoir is 14 acres.

(b) The available capacity of the reservoir is 51.8 acre feet.

8. Height of dam: 10 feet; length of dam at top 790 feet; length of dam at bottom 100 feet.

Material used in dam: Earth

9. The estimated cost of proposed reservoir is $1,000.00

10. Amount of land to be irrigated 110 acres; said land being described in Use Permit mentioned in Paragraph 13 herein, which Use Permit is hereby referred to and made a part hereof. Land to be irrigated within the State of Oregon.

11. The time required for the completion of such work is 3 years.

13. The water stored in accordance with this permit will be conducted to the place of use through the Mud Flat State of Oregon canal, constructed under the terms of Permit No. 4035/, filed by C. O. Maher (Application sent to the State Engineer of Oregon for approval) on March, 1919.

BE IT KNOWN That the undersigned hereby makes application for permit to construct a reservoir and to store the unappropriated waters of the State of Idaho as herein set forth.

Chas. O. Maher, Applicant.

By , Agent.

T. 32 South, R. 44 East, W. M., County of ... State of Oregon.

Describe works as they exist, giving dimensions and capacities of same: Diverts from Stone-gravel-head gate and feeder ditch to reservoir. The point of diversion is located in section 4, T. 33 S., R. 44 E., W. M. Dam is of dirt 340 feet long, 7 feet high, 6 foot width, slope 3 horizontal to 1 vertical consists of ... corrugated pipe 180 feet long, 5 feet high (master gate).

Water is used for ... irrigation ... lands in Oregon.

State whether or not water has been turned into works of diversion. Yes.

Give legal subdivisions of lands to be irrigated. (If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. Describe manner and place of use.) (For other than irrigation purposes, state fully.)

NW¼ (6 acres)

NE¼ (20 acres)

SW¼ (24.2 acres)

SE¼ (10 acres)

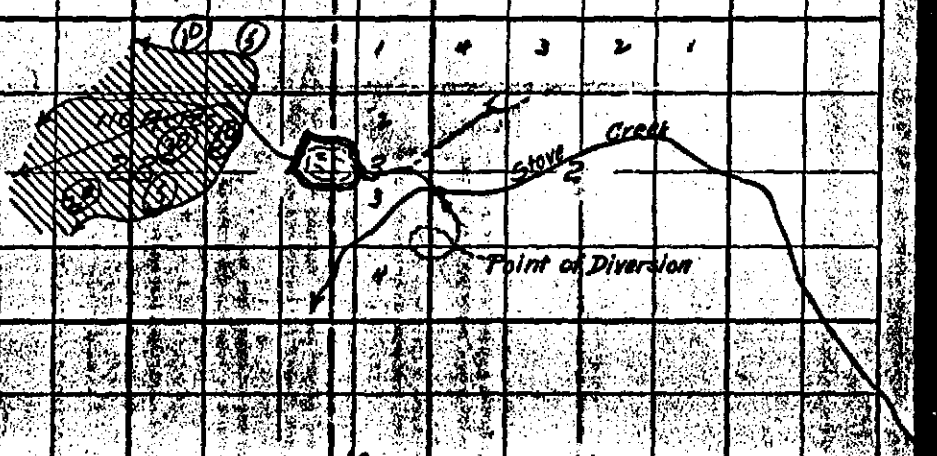

Total ...

(Submit map on attached plat showing location and details of above description.)

What large stream would the water here appropriated finally reach? Owyhee and Snake Rivers

remarks: The dam and major portion of the reservoir are located in Oregon as well as all of the beneficial use of the water.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that [illegible] on the 30th day of January, 19[illegible]

[illegible] Valley, County of Malheur, State of Ore[illegible] before

[illegible] Notary Public [illegible] proof will be submitted of the

application to beneficial use of [illegible] cubic feet per second of the waters of Stove Creek

tributary of Soldier Creek, in accordance with the terms and conditions of Permit No. R-163

heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

O. Maher, Jordan Valley, Oregon

The use to which said water has been applied is irrigation of lands in Oregon

The amount applied to beneficial use is [illegible] acre feet per annum

The place where said water is used (if for irrigation, give full and accurate description of the

land irrigated) [illegible] (5 acres), [illegible] (10 acres), [illegible] (24 acres), [illegible] (24.5 acres)

[illegible] (20 acres), [illegible] (5 acres), Section 25, and Lot 1, or [illegible] (10 acres) Section

[illegible] All in Township 38 South, Range 46 East, W. M.; and supplemental supply for 5 acres

[illegible] and 5.4 acres in [illegible] Section 25, Twp. 38 S., Range 46 E., W. M., making a

total of 100 acres, in Malheur County, Oregon.

The name of the canal or ditch or other works by which said water is conducted to such place

is [illegible]

The right to take water from such works is based upon Permit No. R-163

The source of supply from which such water is diverted is Stove Creek

The date of priority which said user is prepared to establish is April 8, 1919

JAMES SPOFFORD

Commissioner of Reclamation.

SEP 30 1932

[illegible] 25, 1921.

[illegible]

Prof. D. Scoby,
Gordon Valley, Utah.

Dear Sir:

[illegible] in the matter of proof of completion of works under [illegible] the above numbered permits would say that, under the conditions as they exist from the statements made in the affidavit of the holder, I do not feel justified in accepting proof at this time. In the first place proof of completion of works under the use [illegible] No. 14044 was required to be made by June 15,1921, and no extension has been granted. The right under this permit has, therefore, lapsed. It will be necessary for the holder to file new application and obtain a new permit.

[illegible] to the reservoir permit would say that, in view of the fact the reservoir is under enlargement at present, it will be necessary for the holder to get an extension of time for completion of works. Application blank for same is herewith enclosed. The date for completion under the new application should be made to coincide with those of the reservoir permit in order that there may be no conflict when proof is made. Two years extension of time may be allowed under reservoir Permit No. 14[illegible] dated June 15,1920.

[illegible] sending herewith application blank for use application [illegible] to be filed to the reservoir permit, also application blank for extension of time for completion of reservoir.

Very truly yours,

W. G. SMITH,

Commissioner of Reclamation.

By

Chief Clerk.

STATE OF OREGON

COUNTY OF — MAIHEUR ———

CERTIFICATE OF WATER RIGHT

This is to Certify, *That* —Chas. O. Maher ———

of ———Jordan Valley ———, *State of* ———Oregon ———, *has made proof to the satisfaction of the STATE ENGINEER of Oregon, of a right to the use of the waters of* Salt Lick Reservoir, to be constructed under Application No. 6455, Permit No. R-449, *a tributary of* ———Soldier Creek——— *for the purpose of* Irrigation and Supplemental Supply ——— *under Permit No.* —4035 ——— *of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from* March 29, 1919; ———

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed 1.375 cubic-feet per second; ———

The point of diversion is located in the —Lot 2 *of Section* —24 —, *Township* 32S, *Range* 46E, *W. M. The use hereunder for irrigation shall conform to such reasonable rotation system as may be ordered by the proper state officer.*

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre, or its equivalent in case of rotation.

A description of the lands irrigated under the right hereby confirmed, and to which such right is appurtenant (if for irrigation or any other purpose), is as follows:

5 acres in the NE¼NE¼, 10 acres in the NW¼NE¼, 24 acres in the SW¼NE¼, 24.5 acres in the SE¼NW¼, 20 acres in the NE¼SW¼, 5 acres in the NW¼SE¼, Section 23; 10 acres in Lot 1 (NW¼NW¼), Section 24, Township 32 South, Range 46 East, W.M.
SUPPLEMENTAL SUPPLY FOR FOLLOWING LANDS:
6 acres in the SW¼NE¼, and 5.5 acres in the SE¼NW¼, Section 23, Township 32 South, Range 46 East, W.M., being a total of 110 acres in Malheur County, Oregon. ———

The right to the use of the water for any purpose is restricted to the lands or place of use herein described.

After the expiration of fifty years from the date of this certificate or on the expiration of any federal power license issued in connection with this right, and after not less than two years notice in writing to the holder hereof, the State of Oregon, or any municipality thereof, shall have the right to take over the dams, plants and other structures and all appurtenances thereto which have been constructed for the purpose of devoting to beneficial use the water rights specified herein, upon condition that before taking possession the State or municipality shall pay not to exceed the fair value of the property so taken, plus such reasonable damages, if any, to valuable, serviceable and dependable property of the holder of this certificate, not taken over, as may be caused by the severance therefrom of the property taken in accordance with the provisions of section 5728, Oregon Laws.

WITNESS the signature of the State Engineer, affixed this ——— 12th ——— *day of* ——— July ———, *19* 28. ———

Thos. Taylor
State Engineer.

Recorded in State Record of Water Right Certificates, Volume — 7 —, *page* —7613———

STATE OF OREGON

COUNTY OF [illegible]

CERTIFICATE OF WATER RIGHT

This Is to Certify that [illegible]

of [illegible] Valley, State of Oregon, has made proof to the satisfaction of the STATE ENGINEER of Oregon, of a right to the use of the waters of Sale Lick Reservoir, Constructed under Application No. [illegible] Permit No. [illegible], a tributary of [illegible] for the purpose of Supplemental Irrigation under Permit No. [illegible] of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from [illegible], 1924;

that the amount of water to which such right is entitled and hereby confirmed, for the purposes and to the extent hereinafter limited, is [illegible] cubic feet per second, measured at the point of diversion from the stream, or its equivalent in case it has been stored and is diverted from a reservoir or other source, for the irrigation of [illegible] acres of land, described as follows: [illegible] Section 10, South, Range 7 E.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officers.

The description of the place of use to which this right is appurtenant, and to which such right is appurtenant, is as follows:

[illegible] acres in the NW¼NE¼
[illegible] acres in the SW¼NE¼
[illegible] acres in the SE¼NE¼
[illegible] acres in the SE¼NW¼
[illegible] acres in the NE¼SW¼

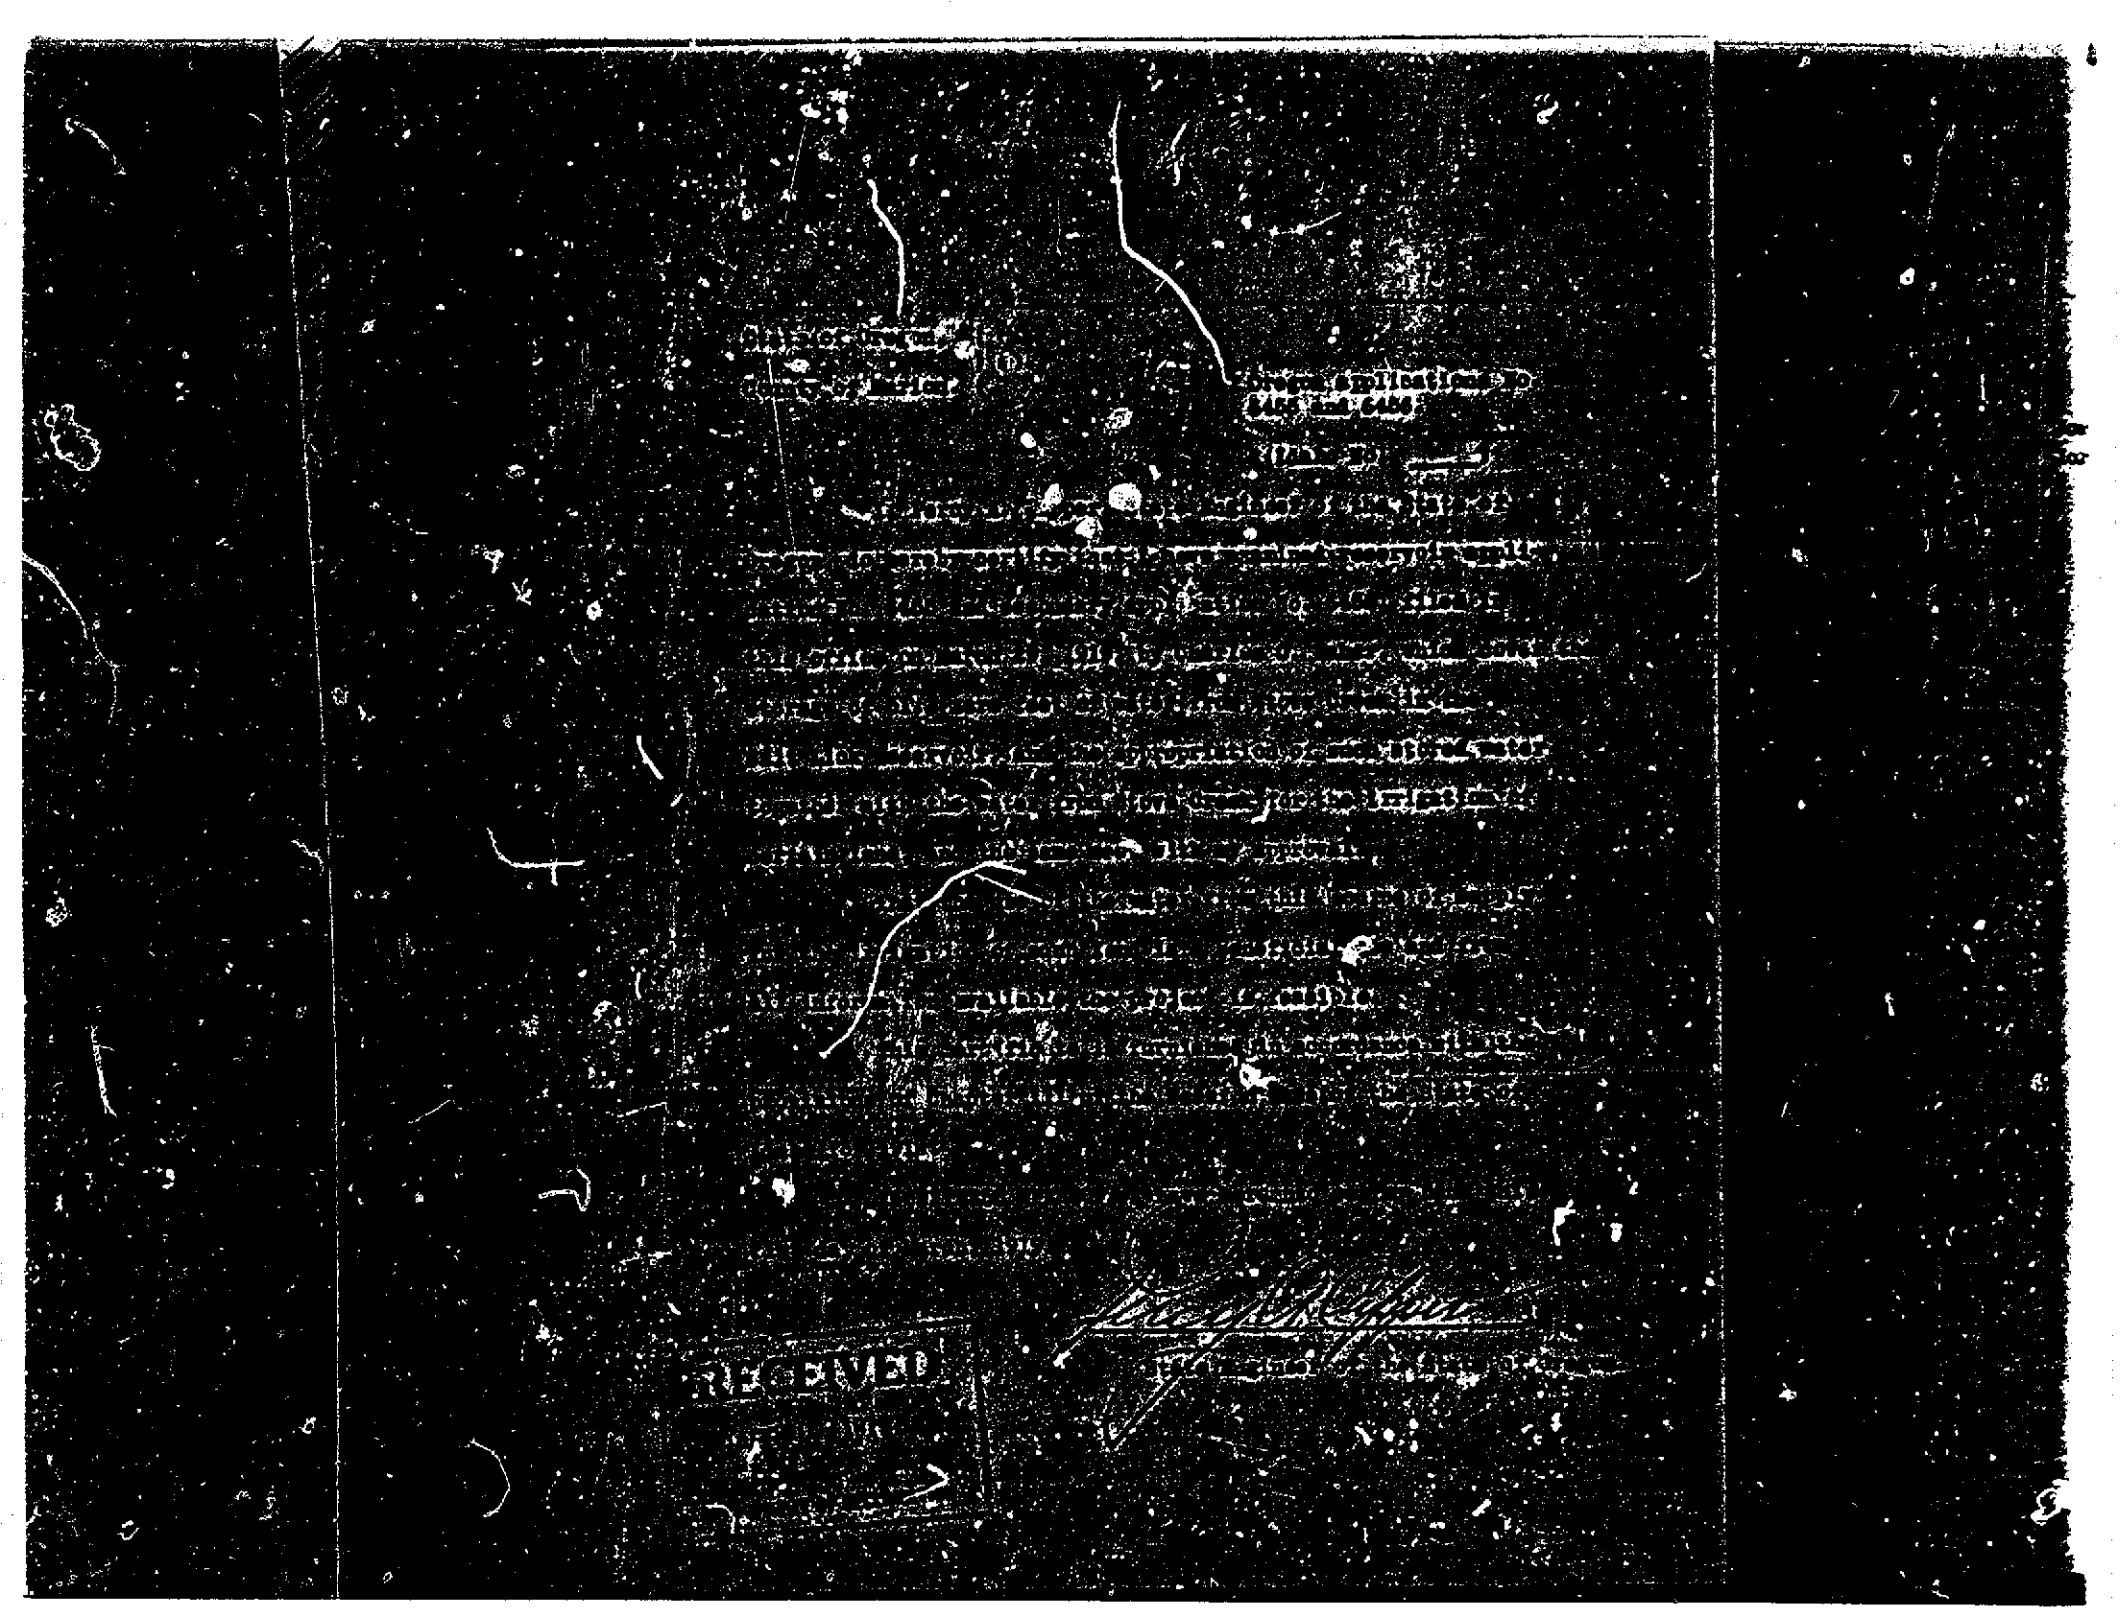

[illegible]

The right to the use of the aforesaid waters for the purposes aforesaid is restricted to the lands or place of use herein described.

After the expiration of fifty years from the date of this certificate or on the expiration of any federal power license issued in connection with this right, and after not less than two years' notice in writing by the holder hereof, the State of Oregon, or any municipality thereof, shall have the right to take over the dams, plants and other structures and all appurtenances thereto which have been constructed for the purpose of devoting to beneficial use the water rights specified herein, upon condition that in taking possession the State or municipality shall pay not to exceed the fair value of the property taken, plus such reasonable damages, if any, to valuable, serviceable and dependable property of the holder of this certificate, not taken over, as may be caused by the severance therefrom of property taken, in accordance with the provisions of section 47-504, Oregon Code 1930.

IN WITNESS the signature of the State Engineer affixed this [illegible] day of [illegible]

[illegible]

*Reservoir Permit No. 449

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Charles O. Maher
(Name of Applicant)

of Jordan Valley, County of Malheur
(Postoffice)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is "THE SALT LICK" RESERVOIR.

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Stove Creek in Idaho

tributary of Soldier Creek in Oregon

3. The amount of water to be stored is 51.8 acre feet.

4. The use to be made of the impounded water is Irrigation to be appropriated under application No. 6456, permit No. 4035.
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Secs 24, T. 32 S., R. 46 E., W.M.
(Give sections or townships to be submerged)

and Sec. 3, T. 8 S., R. 6 W., B. M.

(a) State whether situated in channel of running stream and give character of material at outlet

Not in channel of running stream. Material at outlet earth.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions To be filled by feed canal from Stove Creek, 3 ft. bottom, 4 ft. top, 1 ft. deep, grade per mile 5 ft., capacity 6 cu. ft. per second.

6. The dam will be located in Lot 2, Sec. 24
(Smallest legal subdivision)

Tp. 32 S., R. 46 E., W. M. It will be 10 feet in height,
(No. N. or S.) (No. E. or W.)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

having a length on top of 790 *feet; length on bottom* 100

feet; width on top 10 *feet slope of front or water side* 3 to 1
(Feet horizontal to 1 vertical)

slope on back 2 to 1 *; height of dam above water line when full*
(Feet horizontal to 1 vertical)

1½ *feet.*

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Dam to be constructed of earth and rip-rapped with rock on water side.

8. The location of wasteway with dimensions are as follows: Wasteway thru outlet.
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Outlet thru center of dam at bottom. 1 ft. diameter,
(State whether through or around the proposed dam)
constructed of galvanized corrugated pipe, reinforced with 4 inches of concrete.

10. The area submerged by the proposed reservoir, when full, will be 14 *acres, with a maximum depth of water of* 12 *feet; and approximate mean depth of water* 3.7 *feet.*

11. The estimated cost of the proposed work is $ 1,000.00

12. Construction work will begin on or before October 1, 1918.

13. Construction work will be completed on or before October 1, 1920

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

Charles O. Ingalsbe
(Name of Applicant)

Remarks: Appl.

Remarks: Application made of the State Engineer of Idaho to store the water of Stove Creek in the Salt Lick Reservoir under Application No. R. Permit No. Dated _____. 1918.

STATE OF OREGON,
County of Marion, } *ss.*

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before....., 191....

WITNESS my hand this.....day of....., 191....

State Engineer.

RE: Claim No(s): A55-10063
A55-04070

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by August 1, 1991, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte
