Re: Original Water Right No. 55-10111

Renumbered to Water Right No. 55-10111B

Dear Trustees:

We have received and processed a Change of Ownership for a portion of the original Water Right Number as referenced above. This Change of Ownership required a split of the original water right resulting in renumbering this right by adding alpha suffixes to represent each split. The new Water Right number for your portion is referenced above and a copy is enclosed. Also enclosed is a copy of the Notice of Completed Administrative Proceedings which has been sent to the Snake River Basin Adjudication Court to notify them of this change.

Your portion of this water right has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your water right, then no further action is required at this time.

Please feel free to contact this office if you have any questions concerning your water right or this letter.

Sincerely,

Denise Buffington
