E. REASONS SUPPORTING OBJECTION(S):

The Idaho Department of Water Resources (IDWR) claim documentation folder contains no documentation supporting the 1860 priority date. The earliest priority date supported is actually 1950 for irrigation purposes based on the affidavits of Albert Black and Joe Black submitted by Scott L. Campbell by letter dated February 7, 1992. A November 15, 1993 IDWR memo by Ron Howerton, however, notes that Richard Owen, the owner at the time, stated that "to the best of his knowledge, the lands had not been irrigated for way past 5 years."

RE: Snake River Basin Adjudication (SRBA)
Change in Notice of Appearance of Counsel on the Snake River
Basin Adjudication Claims for Owen Ranches, Pioneer
Irrigation District and Settlers' Irrigation District

Dear Scott:

Following your letter request to David Shaw of December 10, 1993, attached is an adjudication report denoting the claims filed by your clients referenced above that have been changed. We have also updated water right 57-00040 for Pioneer Irrigation as you requested.

Please note water rights claims showing Richard L. Owen as claimant were not changed in our database. You may wish to file another Notice to the court if you are representing Richard L. Owen as well as Owen Ranches, each of whom have filed claims as if they were unrelated parties.

Call me if you have questions.

Sincerely,

FIELD EXAM CONVERSATION MEMO

DATE OF MEMO: November 15, 1993

ADJ. NOS: A55-10221, A55-10223 & A55-10228

NAME OF CONTACT: Richard Owen, Owner; & Lynn Kness, Ranch Manager

PHONE NO: 208-845-2001

AGENT: RON HOWERTON *RH*

DATE SET FOR FIELD EXAM: IN-OFFICE November 15, 1993

1. I had done several irrigation field exams (A55-02053 on 11/1/93, A55-02090 on 11/9/93, A55-10222 on 11/10/93 and A55-02113 on 11/9/93) prior to this conversation date. I was accompanied by with Richard Owen's ranch manager Lynn Kness. We spent a lot of time reaching then walking the lands claimed for irrigation or domestic home use claims, then we did not find any irrigation or domestic home use presently occurring in the field or evidence of irrigation on any of my maps. The big problem here was that we were wasting a lot of each others time finding nothing but in-stream stock use and wondered if Mr. Owen would want us to continue searching the three more remote claims that Lynn had never been out to? Lynn & I suspected that no irrigation or domestic home use occurred in these other locations now either and they were just domestic cow camps. Thus, we decided better discuss the situation further with Mr. Owen.
2. Lynn & I then met with his boss, Richard Owen, the owner, at his Bruneau O1 office on November 15, 1993 to discuss the value of trying to reach these three other REMOTE exams left to do.
3. We all met and looked at the claims in question along with my 1987 NAPP photography and the use of Mr. Owen's big map in his conference room. His comment was that "THE LANDS FOR THESE CLAIMS ARE BARELY ACCESSIBLE BY HORSE BACK AND WOULD TAKE ALL US DAY JUST TO REACH SOME OF THEM." He then stated that "TO THE BEST OF HIS KNOWLEDGE, THE LANDS HAD NOT BEEN IRRIGATED FOR WAY PAST 5 YEARS."
4. Thus, Mr. Owen felt that we would be a wasting our time to go way out there to just confirm that no irrigation or any domestic home use was occurring. However, he said "IN-STREAM STOCK ALWAYS OCCURRED AND ASKED IF I COULD RECOMMEND THESE CLAIMS FOR THE DOMESTIC USE COMPONENT OF IN-STREAM STOCK?" I said, "I PROBABLY COULD DO THAT IN-OFFICE WITH OUT GOING OUT THERE." He also asked "COULD I DO THE SAME FOR THE OTHER CLAIMS I HAD ALREADY DONE OR ANY OTHER CLAIMS THAT I FIND OF HIS WITH THE SAME PROBLEM?" "I SAID SINCE HE REQUESTED IT, I PROBABLY COULD, BUT WITH CERTAIN LIMITATIONS SUCH AS, ONLY RECOMMENDING THE SAME STOCK TRACTS AS IRRIGATION TRACTS CLAIMED NEXT TO THE SOURCE."

SUMMARY:

- A. These are the three claims we agreed that I need not try to go out and verify for irrigation and to consider for in-stream stock:
 - * A55-10221 AKA KELLY PARK, A55-10223 AKA COTTONWOOD & A55-10228 AKA WYLIE PLACE.
- B. These were the other irrigation claims that I looked in the field prior to this conversation that I agreed to consider for in-stream stock:
 - * A55-02053, A55-02090, A55-10222 and A55-02113.
- C. I also agreed that for any other similar irrigation claims not yet looked at or listed here, I would consider recommending them for in-stream stock in place of the irrigation component.

Dear Jan:

I am replying to your correspondence of July 1, 1991, to me and your correspondence of June 28, 1991, to Mr. Richard L. Owen, regarding the above-referenced claim numbers in the Snake River Basin Adjudication. Your correspondence requested additional evidence to support the "statutory claim" or "beneficial use" status of the water right claim.

In response to this request for additional evidence, I have enclosed copies of the Affidavit of Albert Black and the Affidavit of Joe Black. These two affidavits provide eye witness testimony which should satisfy your request for additional evidence.

Please be advised that we may submit additional evidence to support a priority date earlier than the ones described in the affidavits. Consequently, please still provide the second notice to be sent out at least sixty (60) days prior to completion of the Director's Sub-basin Report which affects these water right claims. This time period was referred in my correspondence of July 16, 1991.

RE: Change in Notice of Appearance of Counsel on the Snake River Basin Adjudication Claims for Owen Ranches, Pioneer Irrigation District, Cyprus Thompson Creek Mining Company, Conversion Industries U.S.A., Inc. and Settlers Irrigation District

Dear Scott:

The five computer reports enclosed confirm the change in firm and address you requested in your letter dated February 13, 1992. By comparing these reports to the list you supplied with your letter, you will see not all of the water right claims listed in your attachments were changed. Those claim records not changed are filed by persons other than your client(s).

The possibility of questions I raised in our telephone conversation last week were resolved for my part. If you have any questions or need some points clarified, please feel free to contact me.

Thank you for supplying the claim lists in an orderly fashion.

Sincerely,

Dear David:

Pursuant to a prior telephone conversation with Ms. Lynne Krogh-Hampe, I am providing this correspondence to notify the Idaho Department of Water Resources of my change of address and affiliation. I am presently a partner with the law firm of Davis Wright Tremaine at the above-referenced address.

Because of this change, I request that the Idaho Department of Water Resources make the necessary modifications to its records pertaining to the Snake River Basin Adjudication regarding the water rights and notices of claim identified for the above-referenced clients, as indicated on the attached lists, marked Exhibit A. Based upon my prior conversations with Lynne, she indicated that one letter with identification of the individual water right numbers would be sufficient. Please notify me in writing if this is not the case. Additionally, I would appreciate receiving written confirmation that the requested changes in your records have been made, so that I may include copies of your confirmation in the individual claim files for each client and each water right.

Thank you very much for your cooperation.

Dear Jan:

This is to document the content of our telephone conversation of July 16, 1991, concerning the above referenced notices of claim in the Snake River Basin Adjudication, as well as your correspondence dated July 1, 1991.

As I indicated to you during our conversation, due to vacation conflicts and other delays, it was impossible to meet with Mr. and Mrs. Richard Owen and Mr. Scott Benowitz of James Montgomery Engineers concerning your July 1, 1991 correspondence until today. While we are working to gather the additional information which you have requested in your correspondence, it will not be possible to submit this data to you by the August 1, 1991 date set forth in your correspondence.

This is to confirm your response to my request for an extension of the August 1, 1991 date. You indicated that this deadline was very preliminary in nature and can be exceeded without formal approval. Additionally, you informed me that an additional notification would be delivered by the Department of Water Resources prior to the completion of the Director's sub-basin report. This second notification will request the same information concerning documentation. You indicated that this second notice will not be sent out for at least 60-days and

perhaps longer. Consequently, you indicated that in reality a 60 to 90-day extension of time from the August 1, 1991 date existed.

I indicated to you during our conversation that I would confirm this information in a letter to you so that the files would properly reflect my response on behalf of Richard Owen to your correspondence of July 1, 1991. This letter also indicates our intent to provide you with the information requested in your correspondence prior to issuance of the second notice letter referred to by you.

Please contact me if you have any questions, or if you disagree with my description of the content of our conversation.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by August 1, 1991, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte

Ref: Adjudication Claims

Dear Mr. Owen:

The adjudication claims that you filed on for basins 51 and 55 have been reviewed. An overlap review was made for the irrigated acres. An individual fee is assigned to each claim.

It appears that you may have overpaid on the over all total. However, some additional claims may be needed, or may need some modifications. You may apply your overage to any of the new claims that require additional claiming. (I will contact you later for this.) The remainder, if any remains, I will request a refund accordingly.

Claims A51-00034, A51-00035, A51-00036 and A51-00068 have been split because of partial ownership change. Each right has been prorated according to the land transferred or retained.

Attachment "A" shows modifications to your claims, by either making them more clear or to meet our adjudication and appropriation water right standards. These modifications require us to notify you.

I would be happy to discuss any questions you may have before I contact you prior to the field season.

Ron Howerton

Dear Mr. Campbell:

This letter is to confirm the request to list you, and the name of your firm, as the attorney of record for the Owen claims as listed in your letter of January 8, 1991 has been completed.

Please note that claim A65-08324 shows Louise Owen as the original owner of the water right and Richard L. Owen as both the original owner and the current owner. That record has been corrected to show Richard L. Owen as the current and only owner.
