RE: Claim Nos. A55-10018

A 55-04109

Dear Sirs:

This is in reply to your letter dated June 28, 1991 and your request for information of historical beneficial use of water on the land referred to in the above claims. I don't have Homestead documents or other historical information but I have personal knowledge, and I was told by old timers information that leads me to believe that the 1885 Priority date is correct.

I was told by Omer Stanford and Ralph Stanford in 1954 that the original fence on this homestead was at least 75 years old. That would make the fence built in 1879. There are old Lombardy trees and apple trees that are as old as the fence. Omer and Ralph are deceased but their knowledge of Owyhee County was widely respected during their lives.

I purchased the place in 1952 and had observed the place before that. I moved to Jordan Valley with my Mother and Dad in 1938.

The mining boom was on in the 1860 & 70 & 80 in the Owyhee's just east of this place and the homesteads provided vegetables, fruit, meat and hay and grain for the miners. There is still evidence of a old stage road that ran up Hooker Creek flat and this place was one of their stage stops. I have enclosed pictures, the road is still faintly visible today.

I hereby certify that the above statements are true to the best of my knowledge and urge you to grant the 1885 Priority date.

July 1st Record known all Men by their Parents, that Aug. 3rd 1896 W.C., Geo. C. Sayles and W. W. Platt, Co-partners, at 2 o'clock closing business under the firm name of Sayles & Platt, both citizens of the United States, over the age of 21 years, do hereby claim and quantify by those parents as record 3000 Miners inches of the waters of "Hooker Creek" for the domestic use, and for the purpose of irrigation of the N.E. 1/4 of Sec. 12, S.E. 1/4 of Sec. 14 and the S.E. 1/4 of Sec. 1 of Sec. 1, Tp. 29 S. R. 46 E. W. M. situated in Malheur County, State of Oregon; said water is taken out of the said Creek by means of two ditches. One ditch diverting the water of said Hooker Creek, in the State of Idaho, about one mile from the state line and just above the wagon road, which crosses said "Hooker Creek" just above the "Moss Ranch", and said ditch running in a South-westerly direction, entering the State of Oregon just South of the 52nd. Mid East on the Oregon and Idaho State line and from thence returning on the said above described land in Malheur County, Oregon; the other ditch diverts water from the said Hooker Creek at a point on said Creek in the N.E. 1/4 of Sec. 12, Tp. 29 S. R. 46 E. W. M. and runs in a North-westerly direction on to Sec. 1, Tp. 29 S. R. 46 E. W. M. in Malheur County, State of Oregon.

And we, Geo. C. Sayles and W. W. Platt, the claimants of said ditches and water appropriation, have had and have been in the quiet and peaceable possession of the same, and have made a beneficial use of the said waters of the said Hooker Creek for the purposes of irrigation of the said above described land and for domestic use, ever since the 24th

Homestead Certificate No. 206 }
 Application 545 }
 Whereas There has been deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Baker, Oregon, whereby it appears that, pursuant to the Act of Congress approved 20th May, 1862, "To secure Homesteads to Actual Settlers on the Public Domain," and the acts supplemental thereto, the claim of John Drennan has been established and duly consummated, in conformity to law, for the North East quarter of the North East quarter of Section Twelve and the South half of the South East quarter and the South East quarter of the South West quarter of Section One, in Township twenty-nine South of Range forty-six East of Willamette Meridian, in Oregon, containing One Hundred and sixty acres, according to the Official Plat of the Survey of the said Land, returned to the General Land Office by the Surveyor General:

Now Know Ye, That there is, therefore, granted by the United States unto the said John Drennan the tract of Land above described: To Have and to Hold the said tract of land, with the appurtenances thereof, unto the said John Drennan and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law.

In Testimony Whereof I, Benjamin Harrison, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the thirteenth day of January, in the year of our Lord one thousand eight hundred and ninety-three, and of the Independence of the United States the one hundred and seventeenth.

Point of diversion located in T 4S, R 6W, Sec. 26, NE 1/4 SW 1/4. Rock dam in creek conveys water to ditch which runs along the hillside. Ditch then meets with Palmer cr. in lot 1, Sec. 7, T 29S, R 47E (Oregon). At this point Palmer creek is used as conveyance until it reaches their driveway by the house which is in SE 1/4 SE 1/4, Section 1, T 29S, R 46E. At this point the creek splits to a ditch which then conveys water to the rest of the acre lands.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by August 1, 1991, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte
Water Rights Supervisor
