STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that LS PATTLE & JERRY W. STANFORD
(Name of Claimant)

Fundan Valley, Broomfield
(Mailing Address)

87400 Telephone No. 563-2454
(Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

- (1) Date of priority: (When was the water first applied to a beneficial use) 1880

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

- (2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Clear Creek tributary to Clear Lake River

- (3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

(cfs, af)	(Domestic, Irrigation, Stock, Etc.)	(Mo., Day)	(Both dates inclusive)	(Mo., Day)
Quantity <u>3.50</u>	Use <u>Irrigation</u>	Period of Use From <u>April 1</u>	To <u>Sept 15</u>	
Quantity <u>.05</u>	Use <u>Stock</u>	Period of Use From <u>Jan 1</u>	To <u>Dec 31</u>	
Quantity _____	Use _____	Period of Use From _____	To _____	
Quantity _____	Use _____	Period of Use From _____	To _____	
Quantity _____	Use _____	Period of Use From _____	To _____	

- (4) 3.55 TOTAL QUANTITY USED.
(cfs, af)

- (5) A) Point of diversion: (Location of point where water is diverted from its source)

1/4 Sec. 7 Twp. 4S Rge. 5E B.M., County of Clear Lake
Additional points of diversion: SE 1/4 Sec 4 R 5E washed out

B) Describe means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.). Give sizes and capacities: be as specific as possible. Describe any changes in the system and give the date of the change. GRAVEL DAM W. 1/2 FT. H. EFF. Ditch 3/4 mi NORTH side of creek
Ditch 3/4 mi South side of creek

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

T	R	SEC.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTAL
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	
45	612	1	5	40	10	40									40	10		5	175

No. of acres 175

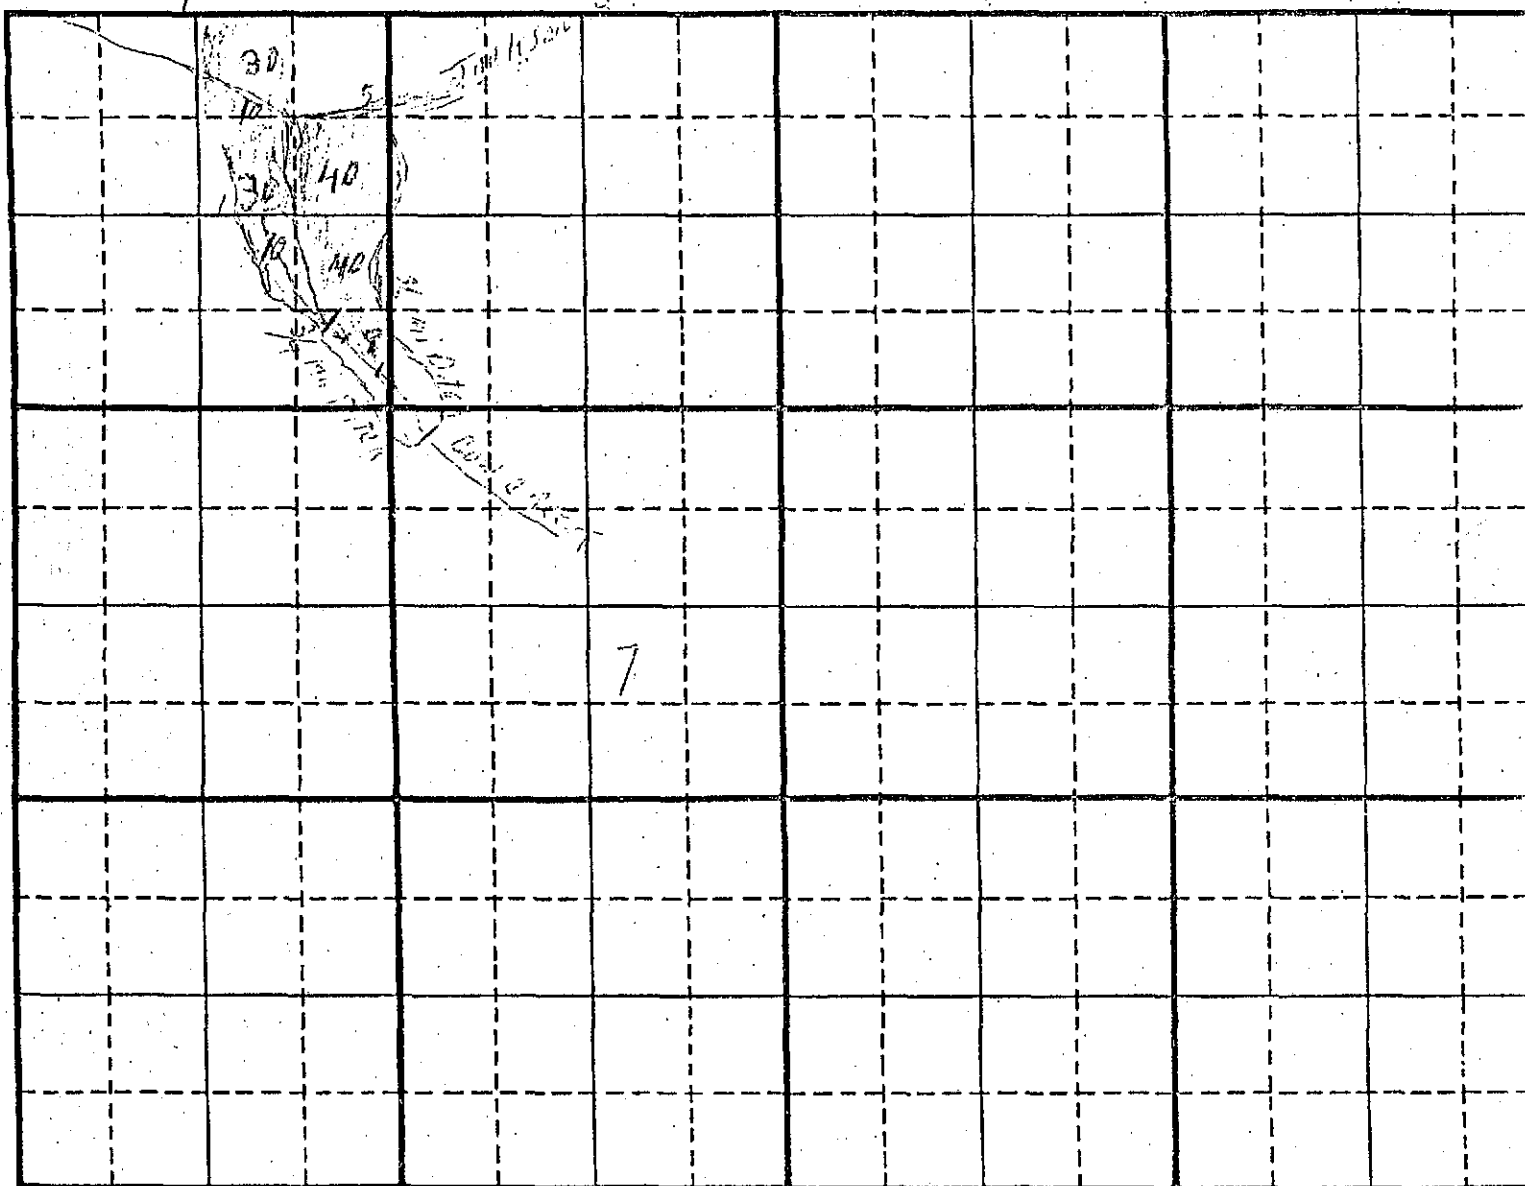

- B) If water is used for other than irrigation, fully describe that use, being as specific as possible:

The watering of cattle horses.

NOTE: Include here the type and number of stock watered: 250 head horses 250 head cows 250 head

- (7) If you are claiming water as a member of an organization, list name of organization: _____

(8) Remarks _____

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

State of Idaho)
County of Owyhee) ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the foregoing claim to a water right, together with all attached information, and that the matters and facts therein are true to the best of the affiant's knowledge.

AFFIDAVIT FOR PRIORITY OF WATER RIGHT

RECEIVED

SEP 12 1991

Department of Water Resources
Western Regional Office

To those who may be concerned, Lorenze Martinez filed on this land under the Homestead Act in 1915. He then hired Clyde Stults to put in the ditches and diversions in 1916, which he did. These ditches and points of diversion are still in use.

My mother, Lily A. Stanford can attest to these facts as Mr. Martinez was still living there in 1924 when she first came here.

Also, my father, Omer N. Stanford, told me that he and my uncle did the haying for Mr. Martinez.

To those it may concern:

Due to the passing of years and there being no persons alive that remembers John A. Maysonholder, I shall rely upon what my father, Omer N. Stanford, has written and told me.

Omer and Ralph Stanford are both gone, but they were recognized as historian for part of Owyhee County.

This

Their grandfather, Ben Nelson, homesteaded on Jackson Creek in 1872. Said creek joins Cow Creek on my place which is still known as the Maysonholder place.

I was born on Jackson Creek in 1936 and have lived here my entire life, and have heard these facts repeated many times.

My mother, Lily A. and brother, Jeff Stanford, still own and operate the Ben Nelson homestead along with my father's and uncle's and my mother's homesteads.

J. A. Maysonholder came to Cow Creek with his brother-in-law, Alonzo McIntyre, on McIntyre's second or third cattle drive from Texas in the years of 1878 or 1879.

At this time McIntyre had homesteaded on Cow Creek in Section 7 T4S: R5W. Mayson holder then filed on a agricultural homestead 160 acres in 1880, section 1 T4S: R6W. Which is located west of and bordering McIntyre's land on Cow Creek.

Ben Nelson, my great great grandfather, built a milk house out of logs for J. A. Maysonholder who milked cows and sold this product along with grain and hay to places and persons in Silver City, and DeLamar, Idaho.

When I bought this place from Richard S. Bennett in 1970, Omer Stanford told me that the diversions listed in my water filings

MICROFILMED

SEP 29 1992

were the original diversions, as McIntyre and Maysonholder raised a large garden on what is now the southeast edge of my place. I believe this is right as I found a old walking plow buried on this site and the ground does not produce much even now.

This place has had different families living on it continually since Maysonholder filed and patented.

These statements are as factual as I can make them, and do attest that they are true.

Also enclosed is a water right filing by Maysonholder on waters from Soda Springs Creek claimed March 13, 1888.

State of Oregon

County of Malheur

Be it known that the undersigned, being duly sworn, deposes and says that he, ~~she~~, ~~they~~ subscribed the foregoing claim to a water right, together with all information, and that the matters and facts therein are true to the best of the affiant's knowledge.

Jersey E. Stanford

Water Right Notice

Department of Water Resources
Western Regional Office

Notice is hereby given that we the undersigned claim all the water running in the right hand -
mang of Con Creek, or better known as Soda Spring
Creek, for agricultural purposes, to be diverted at
this stake and notice and conducted by means
of a ditch ³thou feet wide on top, Eighteen inches
wide on the bottom, and eighteen inches deep, along
the south east side of Con Creek to our land.

Dated March 13th 1888 { J. H. Mayson holder
Owyhee County Idaho { Alongo Mc Intyre

Filed March 13th 1888 at 10 o'clock am.

James F. Mann
County Recorder
by J. Scoullery
Deputy

"Idaho Tunnel Right"

Know all men by these presents that the undersigned, cit-
izens of the United States, have this 4th day of April 1888,
claimed by right of location a Tunnel claim to be known
as the "Idaho Tunnel" and for the purpose of discovering
and working lodes, veins or deposits on the line thereof.
Said Tunnel claim is situated in Carson Mining District
Owyhee County, Idaho Territory, and the location and
bounds of said Tunnel are staked on the surface at
the place of commencement, and at the termination thereof,
as well as along the line thereof, said claim is more par-
ticularly described as follows,

Commencing at a stake and
winch about 300 feet in a South Easterly direction from
where Wigger Gulch empties into Blue Gulch, and running
thence in a South Easterly direction 3000 feet to a stake

STATE OF OHIO
County of Cuyahoga

Know all men by these presents, that I, the undersigned, do hereby certify that the foregoing is a true and correct copy of the

of water rights, as well as the Page 187

MANNING EQUATION CHANNEL CAPACITY RESULTS

04-15-1993

File Number: A55-04113

Claimant: JERRY D STANFORD OR LS CATTLE CO

Channel measured: WEST DITCH OF COW CREEK

Date of measurement: 4/15/1993

Measurement location:

T4S R6W SEC 01 NESE

Calculation prepared by: RON HOWERTON

Comments about the measurement:

IDEAL LOCATION VERY STRAIGHT

The results of the calculation are:

The length of the channel measured is 307 feet.

The upstream and downstream rod readings are 2.50 and 5.59 feet.

The channel cross section is 2.02 ft-sq.

The wetted perimeter is 4.09 feet.

The hydraulic radius is 0.49 feet.

The slope is 0.0101

The roughness coefficient is 0.0250

The flow velocity is 3.729 ft/sec.

The rate of flow is 7.52 cfs.

RE: Claims filed in the Snake River Basin Adjudication.

Dear Mr. Stanford;

The Department of Water Resources will be conducting beneficial use and water right claim verification examination in your area beginning in April. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this season, we request that you contact our office at (208) 334-2190 within two weeks to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be appreciated.

To make an appointment, or if you have any questions or problems with scheduling the exam verification, please contact one of the following water resource agents in our office.

RE: Claims filed in the Snake River Basin Adjudication

Dear Claimants: *CLAIM NO'S. ASS-00001, ASS-00002, ASS-00003,
ASS-00004, ASS-00005, ASS-02050 - OWYHEE CO.*

The Department of Water Resources will be conducting beneficial use and water right claim verification examinations in your area beginning in June. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this summer in your area, we request that you contact our office at (208)334-2190 within two weeks to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be appreciated.

In some cases, the date of priority claimed also needs to be verified. Letters were sent to some claimants notifying them that evidence of the date of first use of their water right(s) was required. If you received one of these letters and have questions, we can address those during our examination.

To make an appointment, or if you have any questions or problems with scheduling the exam, please contact one of the following water resource agents:

EMPLOYEE D. TurhillRE: Evidence of Priority Letter

Mr. Stanford visited the office to say that he is gathering evidence of priority but needs additional time. The letter he rec'd states an Aug 1, 1991 deadline. He requested that his deadline be extended until Sept 15, 1991. I advised him that this extended time is approved.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by August 1, 1991, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte
Water Rights Supervisor
