RE: NUMBER CHANGE

This claim was originally assigned a "whole" number prior to the BLM claims being submitted. When the Dept. received the BLM claims and they had the identical numbers on them, a number change was done on the private claims, adding a suffix to the original number.

Subject: CLAIMS

COMMENTS:Jan, more answers. This is in reply to the fax from yourself dated 6/26. The first portion of the fax deals with claims that were filed on in 1993 but were not now. I believe that these were stream claims that should never have been attached a second IDWR claim number. They are probably duplicates but I am checking on that with the field.

Second, I am sending you a copy of A55-13330(5501683422) - *to MKL*

Third, you should have a copy of A51-12201(5101780316) sent from previous message.

The claim on A51-02356(5101788093) I am discussing with Fred. It look like this will need some editing from our field office

Fourth, the BLM id numbers 6101680346 and 0350 were new claims that were going to be added but were subsequently found to be dry playas and of no use. They were somehow in our database but had no IDWR claim number assigned to them. I hope that helps. So drop away.

And finally, the problems surrounding A55-07187 and 7246 has taken another turn. Relying on field personnel did not turn out to be the path to enlightenment. 07246(5501588399) does in fact hold a picture of a reservoir with water in it. So, it does seem to be a duplicate filing and we should retain 07426 while dropping the right on 7187 as requested by the field coordinator. He must have been unaware of the claim that is correct and at that location. Photos don't lie, at least I hope not. Sorry about all the confusion over this issue.

Thanks, Walt

more water is being pumped then an application for permit should have been filed. We could recommend this one for the original place of use licensed and that's probably what I will recommend unless further information is submitted. Just thought you might want to check this one out.

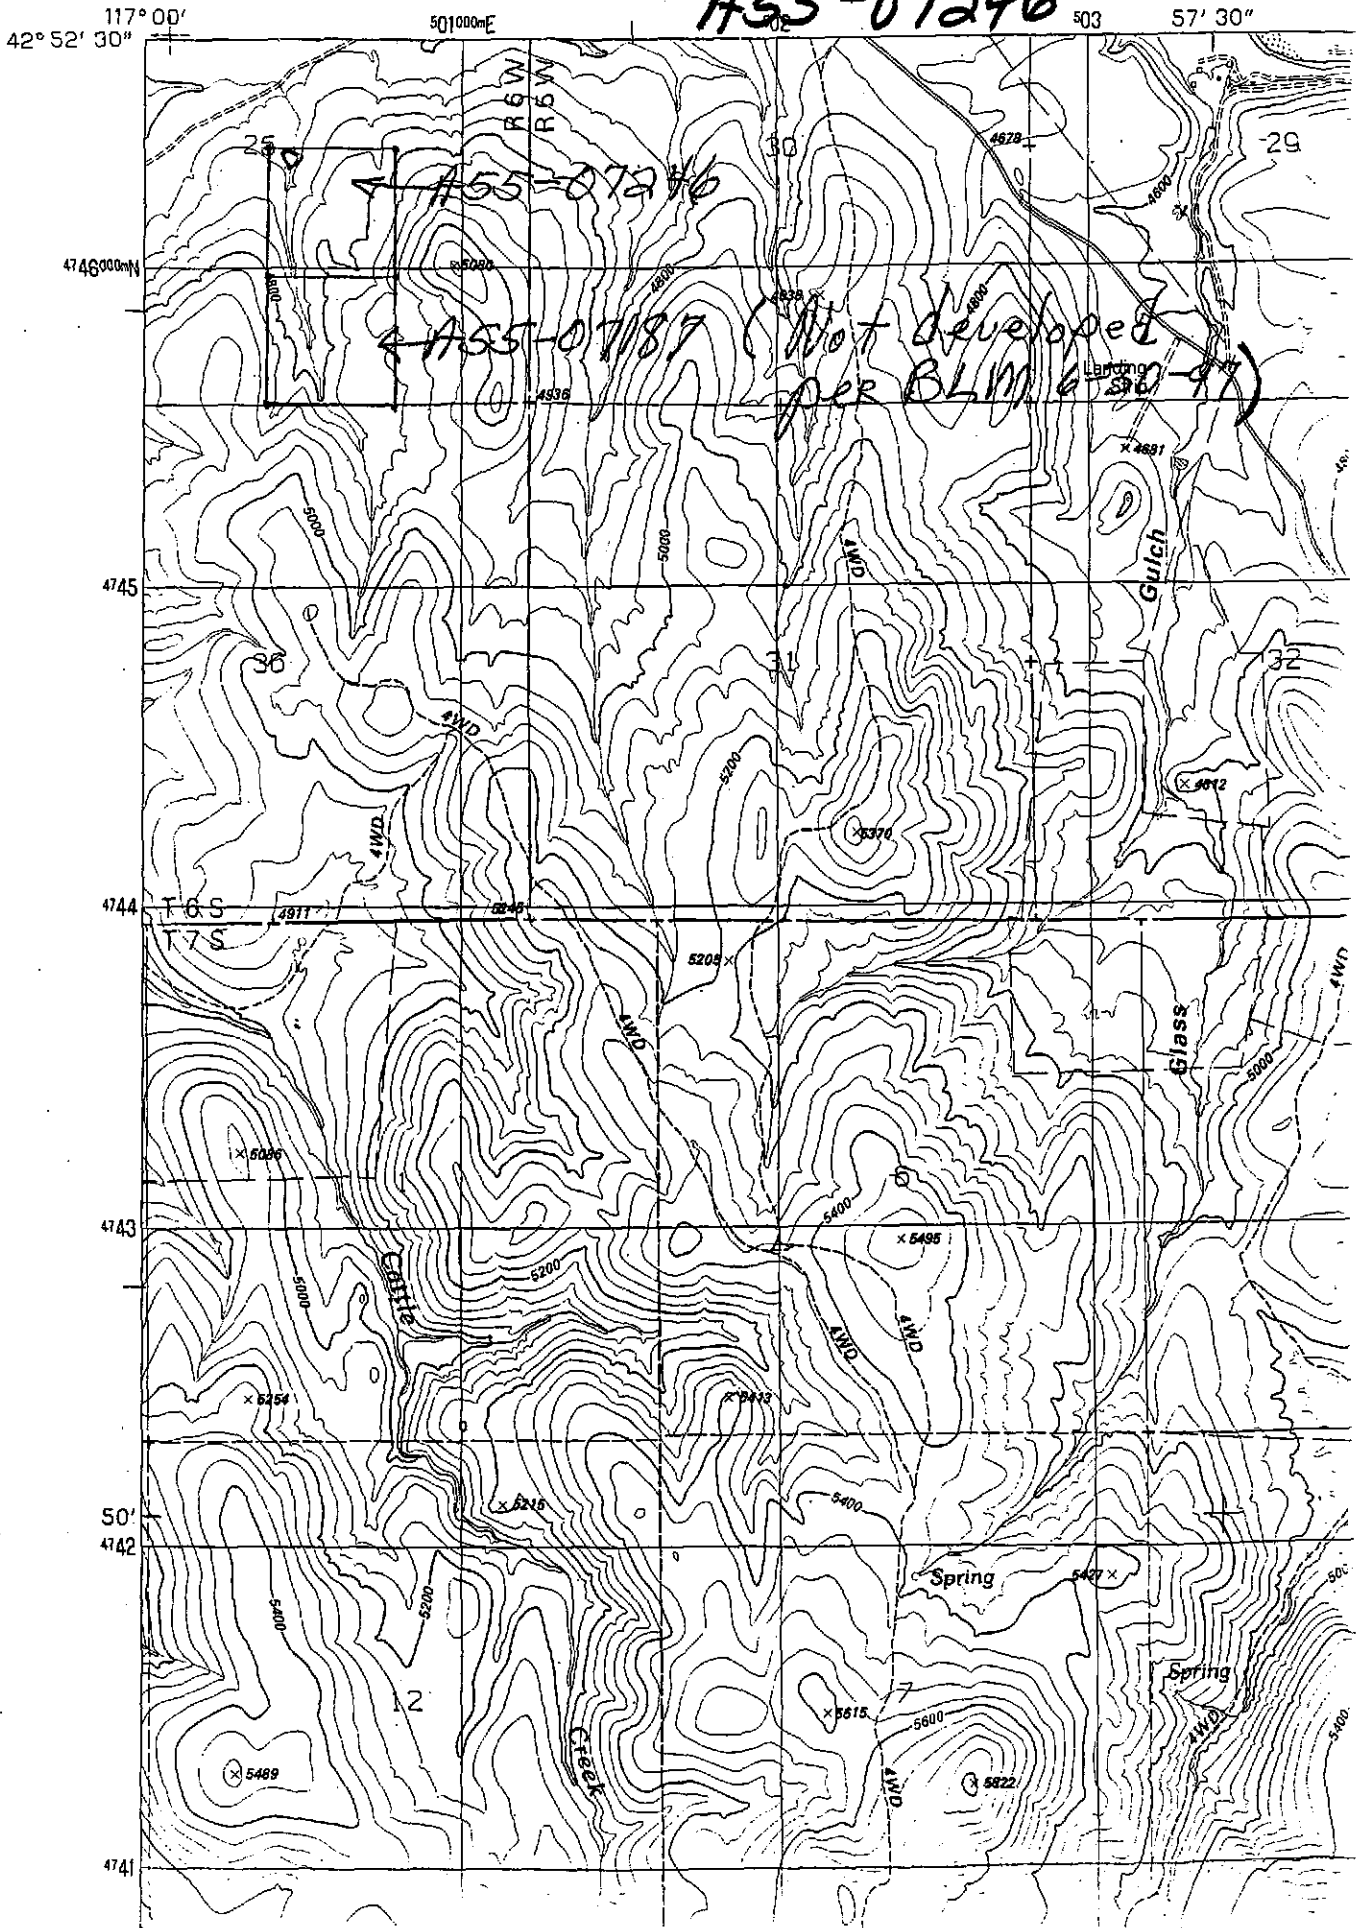

Would you tell me what claim numbers go with BLM ID #'s 6101680346 & 6101680350. These were two numbers you said should be dropped, however, I can't find the corresponding claim numbers.

Last of all I was wondering if you ever found out about the ones Mel talked to you about - A55-07187 & A55-07246. You said the field people say there is no water use on A55-07187 which makes sense because it was dropped. The problem is if A55-07187 was dropped and A55-07246 is for the same right, then it should be dropped too?

That's it. I know this is a long one, but I have been saving these up. Thanks for checking these out. Jan.
