FINDINGS OF FACT AND CONCLUSIONS OF LAW

A notice of claim was filed for this water right pursuant to I.C. § 42-1409 (1990). The director of the State of Idaho Department of Water Resources examined the water system for areas 1, 2, and 3 and investigated and abstracted the notices of claims for those Reporting Areas. The Director of the Idaho Department of Water Resources then filed a *Director's Report* which asserted how the elements of this water right should be decreed by the court.

An objection to the *Director's Report* for water right 55-10305 was filed. Subsequently, a *Standard Form 5* was filed as to how the elements of this water right should be decreed. The *Standard Form 5* was accepted by the court; now therefore,

IT IS THEREFORE RECOMMENDED that subcase 55-10305 be decreed as recommended in the attached *Special Master's Report and Recommendation for Partial Decree*.

STANDARD FORM 5

This form is used to report the stipulated elements of a water right acquired under state law and/or a federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the element of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

STANDARD FORM 2**— RESPONSE TO OBJECTION**

INSTRUCTIONS

This form must be used to file a response to any objection filed against a water right recommended in a Director's Report. You may respond to objections filed against one water right, using one response form. The water right number listed as the "Case No." on the Objection you are responding to must be inserted above as the "Case No." If you choose to file one form to respond to all objections filed against the same water right, your response should cover every issue raised in the objections.

To respond to objections filed against more than one water right, you must file a separate response form for each water right. Forms may be obtained from the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form, as long as it is identical to the court's form. You must file your response by the deadline shown in the notice that IDWR mailed to you. The response must be received by the court on or before the deadline specified. Instructions for mailing this response are found at Page 5, and must be strictly followed.

Any party physically filing 25 (twenty-five) or more responses must make an appointment with the Clerk of the Adjudication Court and arrange for an appointment to file multiple objections.

By filing a response form, you are certifying that the response is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needless increase in the cost of litigation.
