NOTICE OF CLAIM TO A WATER RIGHT

ACQUIRED UNDER STATE LAW

1. Name: PETAN COMPANY OF NEVADA INC. 702-756-6512
Address: TUSCARORA NV 89834
2. Date of Priority: JUN 1, 1880
3. Source: SPRINGS Trib. to: OWYHEE RIVER, SOUTH FORK
4. Point of Diversion:

Township	Range	Section	1/4 of 1/4 of 1/4	Lot	County
Beginning Point of Instream Flow					
15S	04W	22	NE	SE	OWYHEE
Ending Point of Instream Flow					
15S	04W	22	SE	SE	OWYHEE
5. Description of diverting works:
FOUR SPRINGS, INSTREAM STOCKWATER USE
6. Water is used for the following purposes:

Purpose	From	To	C.F.S	(or)	A.F.A.
STOCKWATER	01/01	12/31	0.230		
7. Total Quantity Appropriated is:
0.230 C.F.S. (and/or) A.F.A.
8. Total consumptive use is Acre Feet Per Annum.
9. Non-irrigation uses:
STOCKWATER, 1000 RANGE CATTLE

10. Place of Use:

Township	Range	Section	1/4 of	1/4	Lot	Use	Acres
15S	04W	22	NE	SE		STOCK	
			SE	SE		STOCK	

11. Place of use in counties: OWYHEE

12. Do you own the property listed above as place of use? YES

13. Other Water Rights Used:

NONE

14. Remarks:

SOURCE ALSO KNOWN AS COYOTE HOLE AREA.

15. Basis of Claim: BENEFICIAL USE

16. Signature(s)

(a.) By signing below, I/We acknowledge that I/We have received, read and understand the form entitled "How you will receive notice in the Snake River Basin Adjudication." (b.) I/We do _____ do not _____ wish to receive and pay a small annual fee for monthly copies of the docket sheet.

A55-02027, A55-10319, A55-10309, A55-10310, A55-10311,
A55-10312, A55-10313, A55-10314, A55-10315, A55-10316,
A55-10317, A55-10318 & A55-10277 (Amended)

Dear Bud:

I have completed the review and data entry of the 12 claims you sent on April 24, 1992. There are no problems with them and I have processed them. Enclosed are copies for your files. Please let me know if there any errors or problems. There are now a total of 45 SRBA claims on file for Petan Company of Nevada, Inc. I have included a list of the claims for your information.

A refund to Chilton Engineering and Surveying Ltd. is being processed as a result of an overpayment of \$22.00 on receipt No. C023957 (enclosed). You calculated this charge on claim no. A55-02027 for the .22 cfs for 1000 head of range cattle. There is not a variable fee when the use falls within the "small stockwater" definition (i.e., 13,000 gallons per day/1000 head cattle). I can't tell you when the refund will arrive; however, I would expect it should be within the near future.

With the completion of processing, I am preparing to review the claims for final recommendations based on review of IDWR records, other evidence, and field examinations. I will contact you if field exams are needed, but I suspect much of the evaluation can be completed in the office as a result of the completeness of the claims and attachments.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

10. Place of use is: Township: 15S Range 4W
Section 22, NE 1/4 of SE 1/4, Govt. Lot _____, B.M., (see attached map)

SEP 30 1992

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Attachment - Basis of claim - Question 15 and
Date of Priority Question 2

The following quotations are taken from "Report on the Productions of Agriculture, as returned at the Tenth Census (June 1, 1880)", U.S. Dept. of Interior, U.S. Govt. Printing Office, 1883 and from "Nevada's Northeast Frontier", by Patterson, Ulph and Goodwin, 1969, Western Printing and publishing Co.

"The highland between the Little Humboldt and the Owyhee River slopes toward the later stream into vast sagebrush plain, known as the Owyhee desert. Many of the valley herds resort to this so-called desert and pass the winter well, provided they can find snow in place of water. There was little snow in the long, cold winter of 1879-80, and large tracts of the browse-feed, both in that (Owyhee Desert) region and in the valley slopes, could not be occupied; herds were compelled to remain in the neighborhood of permanent water, where the feed was already eaten off. Cattle owners stated that 20 percent of their herds perished from combined cold and starvation, although all the hay and straw in the two valleys was used."¹ "The choicest tracts of river lands have in many instances been fenced with barbed wire for the production of hay, and as pastures for stock peculiarly susceptible to exposure."² "The original capacity for supporting live-stock seems to have been greatest in Northern Nevada at all seasons of the year. No other part of Nevada possesses such extensive tracts of elevated and well watered summer pasture as those adjacent to the Valley of Quinn River, The Owyhee and the northern tributaries of The Humboldt."³ "The Owyhee River flows through a vast sage country, containing many stretches of browse accessible to cattle, where they can find drifted snow in ravines and pockets. Along the stream are frequent canyons until after the Oregon line is reached, which permit only an occasional opportunity for cattle to reach water. The prongs of the South Fork of the Owyhee, however, have several cattle ranches located on them, with good summer grazing, but during the other half of the year, they must depend on overgrazed lowlands."⁴ "With the progress, however, of settlement by small ranchers, under the pre-emption or the homestead acts, wherever there is opportunity for irrigation the free range opportunities have been curtailed. The advantageous conditions already gained by actual title to river borders enabled a dozen cattle raisers each to handle herds aggregating from 10,000 to 15,000 head."^{5,6} "Roundups took place on the Owyhee Desert in the vast 60 mile long and 30 mile wide expanse of land lying between the Little Humboldt and the Owyhee River. Rodeos lasted for two months or more depending on weather, men, and cattle. Nomenclature described the country. Tent Creek, Tent Corrals, Coyote Hole, Rye Grass, Tophan Creek,

Last Name Petan Company of Nevada, Inc. Ident No. _____

Devil's Corral, Whiskey Springs, Hardsgrabble, Starr Valley, Calico Mountain, Calico Corrals, and Juniper Basin. Deeply gouged river gorges divided the desert into grazing pastures and livestock of adjacent outfits ranged defined areas of the plateau. In 1880, cattle and horses grazed the country year-round and wandered for miles without striking a fence. Stock running in common on the Owyhee Desert included the following irons:

The YP of Garat and Co.; P-Bench of Altube Brothers; SL of Sales and Mitchum of Elko County; 96 of William Stock; the UT of J.P. "Pick" Anderson; the Double Square of R.T. Evans of Paradise Valley; the 2-Stripe of Joe Sewell; the U-D of Riddle Brothers; and the Circle 2 of Allie Harris of Idaho."

"In the 1880's, cattle remained on the range year round and cows weaned their own calves. The Juniper Basin rodeo, one of the larger gathering places, averaged 10,000 head of cattle."⁸ "The YP Iron, believed to be the third oldest iron in active and continuous use in the United States, probably the only livestock brand registered in the U.S. Patent office, originated with Juan and Grace Garat in 1852 in the San Joaquin Valley, in California. 1871 they drove 1000 head of cattle to Nevada and in 1874 they settled on the South Fork of the Owyhee River." While the Garat's more than likely started running cattle within the described area in about 1875, other cattlemen were running in the area before that, we are claiming a 1880 year for this area.
