HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive) (cfs) (acre feet)

For IRR purposes from 04-15 to 10-15 amount 2.2 or _____

For IRR STOR purposes from 01-01 to 12-31 amount _____ or 550

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

THIS IS TO CERTIFY that Grace B. Sommerville,
of Boise, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated March 12, 1921; that Permit No. 15092
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.2 second feet, was issued thereunder on February 12, 1924, showing that said works
were completed on the 11th day of February, 1924; and that on the 13th
day of December, 1926,

Grace B. Sommerville,
of Boise, State of Idaho, made proof to the satisfaction of the
of Idaho, of the right to use the waters of Star Ranch
Reservoir, a tributary of ~~Star Ranch~~, for the purpose of irrigation and
domestic use, under Use Permit No. 15092 of the Commissioner of Reclamation,
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 6
of Licenses, at page 3443, on the 28th day of July, 1927:

The right hereby confirmed dates from March 12, 1921;

The Point of Diversion is located
in the NW 1/4 SE 1/4, Sec. 13, Tp. 11 S., R. 4 W., B. M. Owyhee County;

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.2
cubic feet per second.

MANNING EQUATION CHANNEL CAPACITY RESULTS

08-23-1993

File Number: 55-2168
Claimant: STAR RANCH
Channel measured: Reservoir feeder ditch
Date of measurement: 7/14/93
Measurement location:

AT CREEK DIVERSION

Calculation prepared by: John W.
Comments about the measurement:

The results of the calculation are:

The length of the channel measured is 8250 feet.
The upstream and downstream rod readings are 5200 and 5320 feet.
The channel cross section is 5.00 ft-sq.
The wetted perimeter is 6.83 feet.
The hydraulic radius is 0.73 feet.
The slope is 0.0145
The roughness coefficient is 0.1012
The flow velocity is 1.443 ft/sec.
The rate of flow is 7.21 cfs.
