HC 79, Box 2065
Oreana, ID 83650

Dear Dennis & Shirley:

This letter is being written in response to the Notice of Error filed September 1, 1992, on the above referenced water rights. This notice of error was on the proposed season of use for these rights.

As explained while you were in my office, the seasons of use for these rights will not be changed prior to submittal to the court on October 1, 1992. The Department's standard season of use for this area is 3-15 to 11-15 for other than Castle Creek previously decreed rights. Castle Creek previously decreed rights were decreed a season of use of 4-1 to 10-15 in 1923 when the decree was finalized, and the Department cannot recommend a longer season of use than what was previously decreed. Therefore, the season of use for these water rights will not be recommended for a longer season of use.

You can file an objection with the court once these rights are entered and submit evidence as to why you feel a longer season of use is needed. The objection procedure will be explained completely when you receive copies of your water rights submitted to the court on October 1, 1992. This notification will be mailed at the same time the report is given to the court. If you have any questions concerning this letter, please feel free to contact me.

Sincerely,

JAN SHURTE

-00140 - 00143 - 00155 - 00161 - 00221 - 00222 - 02316

Dear Claimant(s): - 10605 - 10606 - 10608 - 10616 - 10620

The Department of Water Resources will be conducting beneficial use examinations and water right adjudication claim verification examinations for Owyhee County from July thru November 1990. Once the beneficial use examination or claim verification is made, your water rights will be recommended for licencing by the department or decree by Judge Hurlbutt in the Fifth District Court. The recommendations will be based on our findings in the field.

Information on your permit or claim that may need to be verified, includes source(s) of water, uses and amounts, legal descriptions of point(s) of diversion, place of use and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication. Some of your claims may only need a small amount of verification if there are no changes in the manner in which they were previously documented and examined in accordance with the State's permitting, licencing and/or decree process.

Although it is not mandatory that you accompany the field examiner, should questions arise during the exam, it would be most helpful for yourself or a knowledgeable representative to be available for a short time during the field exam. This would help speed up our findings and help collect information for your rights to be recommended to the court.

A field examiner will be calling or writing you for the scheduling of this (these) field exam(s). We can either meet you at the place of use or a place of your convenience. This may be determined at the time we contact you.

If you have questions regarding this letter or prior to scheduling, please call 334-2190 and ask for either Steve Lester or Ron Howerton.

Sincerely,

Ron Howerton

Senior Water Resource Agent
