Ernest C. &/or Bette J. Johnson
Rt. 2, Box 90
Homedale, ID 83628

Dear Mr. and Mrs. Johnson:

We are currently in the process of preparing the above referenced Notices of Claim for court decree in the Snake River Basin Adjudication.

A field examination was conducted on these claims to verify the water right information. During this examination some discrepancies were found between the claim and actual use of the water. In order to recommend the claims accurately to the court we need to make some changes to these claims. I found that you do not irrigate the number of acres that were previously decreed under these rights. In my review I found that you irrigate a total of 57 acres. I have outlined these acres on the enclosed map so you can see what will be recommended.

Enclosed are two computer generated copies of each claim referenced above. One copy is the claim as it was filed by you in the Snake River Basin Adjudication. This claim has an Identification No. beginning with an "A" (upper right-hand corner of page one). The other copy reflects the changes to be recommended to the Court and has an Identification No. beginning with a "R". The highlighted items are the items that have been changed as a result of our review.

Please review these changes and if you disagree with any of them, you must contact us by the response date listed at the top of this letter. If you do not respond by this date, we will assume you agree with our findings and this claim will be recommended to the court with the changes shown.
