HC 79, Box 2225

Dear Mr. and Mrs. Cox:

We have received the Change of Ownership Form 42-1409(7) in connection with the above referenced claims. Enclosed are computer generated profile reports of the information on these claims, which now reflect the change of ownership to the Department's records. These profile reports show you as the current owner (C) and Warren Taylor as the director's report owner (D). As we have discussed, these claims were previously submitted to the Snake River Basin Adjudication (SRBA) Court in Twin Falls to be decreed as a part of the Department's Director's Report for water rights in Basin 57.

Although the Department's records have been changed to reflect this ownership change, SRBA Judge Daniel C. Hurlbutt, Jr. has issued a Court Order dated June 17, 1993, requiring that any claimant with a claim submitted for final decree must complete Standard Form 3 before the Court's records for the decree will be changed to reflect the new owner. Standard Form 3 was given to you when you were in the office last week. If you need another form, please contact this office as soon as possible.

Please be advised that Ron Howerton (who attended the Castle Creek Water District meeting) is preparing a new listing of rights for Castle Creek to replace the list given out at the water district meeting. You should be receiving a copy from him in the mail within the next week. As I stated on your answering machine, we found that your Claim No. 57-00220A was not on that listing because the water district flag was not data entered on that claim. Also, Claim No. 57-10478 was not included because it is only a beneficial use claim and cannot be delivered until the decree is issued by the court.

If you have any questions concerning Standard Form 3, please do not hesitate to contact me at (208)334-2190 or the SRBA Court at (208)736-3011.

Sincerely,

KAY WALKER

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

If the sale proceeds on foreclosure fail to satisfy all obligations secured hereby, the Mortgagor jointly and severally agrees to pay the deficiency.

INTERPRETATION: Time is of the essence of each provision hereof. A waiver by the Mortgagee of one or several defaults in performance of any provision hereof to be performed by the Mortgagor shall not be construed as being a waiver of such provision itself or any subsequent default in performance thereof. Singular terms shall be read as if written in the plural when the context so requires or permits.

BINDING EFFECT: The agreements herein shall apply to and bind the heirs, executors, administrators, successors and assigns of the respective parties.
