RE: Water Rights in Reporting Area 2, Basin 57
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources supplemental recommendation for your water right(s) in basin 57 (watershed of Owyhee County draining to Snake River). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area.

In response to the Idaho Supreme Court's decision in Basin-wide Issue 5 after most water rights in the Basin 57 had been decreed, the SRBA Court requested me to file supplemental reports for Basin 57 regarding the period of use for irrigation water uses and general provisions. The enclosed documents fulfill that request. The general provision enclosed is in addition to those already adopted by the Court.

Note you have just over 30 days in which to review your water rights and those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouse in Murphy and at all Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Dear Mr. Smith:

The Department has investigated your protest filed against the Preliminary Report Of The Proposed Finding Of Water Rights In The Reynolds Creek Drainage Basin. The Department finds that your water rights were omitted in its report and is willing to make the necessary corrections in its Proposed Finding to the Court.

The recommendations for your claims to be added to the Proposed Finding of Water Rights should appear as they do on the attached page.

If you find the additions to the findings satisfactory, sign one copy of the attached letter and return. Your signed letter will withdraw your protest. Withdrawing your protest to the Preliminary Report will in no way prevent you from filing an objection to the Proposed Finding when it is filed with the Court.

Thank you for helping to make an accurate Proposed Finding. If you have any questions regarding the adjudication, please feel free to contact us.

MEMO TO: Protest File - Walter Smith - 57-2094H and 57-1069

DATE: November 17, 1981

THROUGH: Adjudication Supervisor, Donald Shaff

FROM: Forrest Luthy

Acting on a request from adjudication supervisor, Donald Shaff, a field examination of the vicinity described by the above numbered claims was conducted on May 1, 1981. The primary purpose of the examination was to discover what field evidence existed of the described rights claims for which were filed with a late objection.

It appears from the exam that the primary irrigated area on the Smith holdings does not differ greatly from that shown on the 1964 ASCS Photo #CVS-1DD-50. The recommended acres therefore generally reflect those of the photo.

At the time of the exam the claimant and his grandson were working with the ditching and irrigating in the 4 acres north of the road in the NWSW Sec. 12, T 1S, R 3W with Reynolds Creek water.

Claim 57-1069 for the irrigation of 9 acres in the NWNW Sec. 12, T 1S, R 3W lists as its source springs in that tract. However, the accompanying aerial photo copies demonstrate that it is possible, in fact probable, that other sources are being used on the land in addition to the springwater. The system is such that Snake River, Reynolds Creek, springwater, and wastewater may be used. On the day of the visit, the pipeline leading from the fields in the SWNW Sec. 12 was providing the excavated spring area with water. This water then enters a pond from which the subject 9 acres is irrigated along with the spring water via a culvert under the Cereda ditch.

Of interest also are the 4 acres just East of the road, lying in the SENE Sec. 11, T 1S, R 3W and contiguous to the Smith land, farmed by Smith, but unclaimed by him, and owned by Henry Brandau. This land was not on the application for 57-2094, but was on the earlier Snake River permit for what is now licensed right 02-2027. The system is such that it is nearly impossible to get Reynolds Creek water through to Sec. 12 without getting to Sec. 11 first. Consequently we will consider the ground as being covered by an unrecorded transfer on 57-2094.

A claim, 57-2094I reflecting the foregoing, is being prepared for Henry Brandau's consideration and signature. If Mr. Brandau does not desire to file this claim, we will probably have to recommend to the court that any Reynolds Creek water right on this land be considered abandoned.

With this letter, I wish to file a protest against the Department of Water Resources' Preliminary Report of Reynolds Creek water rights. The report does not contain two (2) water rights I gained by purchase in 1942. Both water rights had been used before that time. The Reynolds Creek right is a part of the old Wilson Irrigation Company. I ask the Department to examine my claims I am submitting today and include those water rights in its Proposed Finding to the district court.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
