IN THE DISTRICT COURT OF THE THIRD JUDICIAL DISTRICT OF THE STATE
OF IDAHO, IN AND FOR THE COUNTY OF OWYHEE

CHARLES PETERS,

Plaintiff,

vs.

WILLIAM S. WALKER, PATRICK KELLY
and FRANK S. CRANE,

Defendant

DECREE

In the above cause the defendants, Patrick W. Kelly and Frank S. Crane, filed a disclaimer and the defendant, William S. Walker, made and filed his answer and cross-complaint, to which cross-complaint the plaintiff duly made answer, and the cause being at issue, the same was set for trial, upon agreement of the parties at Chambers, at Boise, Idaho, in said judicial district, for the 24th day of August, 1921, at 10 o'clock, A. M.; thereafter and on the 22nd day of August, 1921, Harry C. Wyman, counsel for the above named plaintiff, Charles Peters, formally served notice of his withdrawal as attorney for plaintiff in said cause, and thereafter on the 24th day of August, 1921, the defendant and cross-complainant, William S. Walker, by his attorney, William Healy, gave notice in writing to said plaintiff, Charles Peters, of such withdrawal, and in writing required the said plaintiff to appoint another attorney, or to appear in person in said cause; and said plaintiff having failed to appoint another attorney or to appear in person, as required, and more than twenty-days having elapsed since the service of the aforesaid notice, and the court having convened in regular session at Silver City and said matter coming on regularly to be heard this 20th day of September, 1921, on application of William Healy, attorney for the above named defendant and cross-complainant, William S. Walker, the default of the plaintiff in the premises was duly entered, and due proof having been offered and

submitted by said cross-complainant, in support of the allegations of his cross-complaint, wherefrom it appears that all and singular the allegations of said cross-complaint are true, and such is found to be the fact;

MICROFILMED

OCT 07 1992

It is therefore, found and decreed as follows:

1. That the default of the plaintiff, Charles Peters, in the premises for failure to appear as aforesaid has been entered.
2. That the cross-complainant, William S. Walker, is the owner of and is in the lawful possession of the following described lands and premises situate in the County of Owyhee, State of Idaho, and bounded and more particularly described as follows, to-wit:

20

The SW $\frac{1}{4}$ SW $\frac{1}{4}$ and lots number one and two in Sec. 22; also W $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 27, and the W $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 27; also a fractional parcel whose boundaries commence at a point forty (40) feet east of the Northeast corner of the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 27, running then west seven hundred (700) feet, thence south seven hundred (700) feet, thence in a straight line to the place of beginning; also a fractional parcel whose boundaries commence at a point two hundred feet north from the center of the West $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Sec. 27, thence fifteen hundred twenty (1520) feet south, thence east to the southeast corner of the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec. 27, thence five hundred (500) feet north, thence in a straight line to the place of beginning; all of said parcels of land being situated in Twp. 1 North, Range 3 West, of the Boise Meridian, Owyhee County, Idaho, containing 168 acres more or less, together with all water-rights and privileges thereunto belonging or in anywise appertaining.

3. That said land is dry and arid in character and requires water artificially applied in the form of irrigation in order to render the same valuable or productive.
4. That in March, 1902, and for a number of years thereafter, George Newell, a citizen of the United States of America, was the owner and was in the lawful possession of the above described lands and premises. That the cross-complainant, William S. Walker is the grantee and successor in interest, by mesne conveyances, of the said George Newell, in and to the above described lands and the tenements, hereditaments and appurtenances thereto belonging,

including the water, water rights, ditches, and reservoir hereafter referred to and described.

5. That in the said year, 1902, and for more than four years thereafter, the northeast quarter of the northeast quarter of Sec. 29, and the southeast quarter of the southeast quarter of Sec. 20, Twp. 1 North, Range 3 West, Boise Meridian, in Owyhee County, was open, unoccupied and unappropriated public land of the United States. That on the said land there was then situated a natural spring, the waters of which were unused and unappropriated. That at that time the said George Newell went upon said land and took possession of and began to develop said spring and appropriated the water thereof for the purpose of irrigating his lands in paragraph 2 above described. That thereafter, for the purpose of developing and increasing the flow of the water of said spring, the said George Newell, at the point where the said spring was located, sunk a well to the depth of 280 feet and tapped a stream of subterranean or artesian water which flowed above the surface of the ground in the amount or quantity of approximately twenty inches of continuous flow.

6. That in the said year, 1902, the said George Newell, posted on the ground and thereafter duly filed for record, a notice of location of a reservoir site and during the said year and the year following, the said George Newell constructed a reservoir on the said northeast quarter of the northeast quarter of Sec. 29, and the southeast quarter of the southeast quarter of Sec. 20, Twp. 1 North, Range 3 West, Boise Meridian, for the purpose of impounding the water from said well. That said reservoir is located in a swale or depression on the land above described with an opening of about 150 feet in width at the lower or northerly end, at which point a dam, ten feet in height, was constructed by the said Newell in such a manner as to cause the water flowing from said well to be impounded and stored in said swale or depression and to overflow and to cover the same to the extent of about ten acres.

7. That thereafter, in 1903, the said Newell constructed a ditch about two feet

OCT 07 1992

in depth and about three feet in width, the same being taken from the lower or northerly end of the said reservoir by means of a pipe in said dam and a head-gate controlling the same, whence said ditch crosses in an easterly direction ~~the Southeast Quarter of Sec. 20 and the Southwest Quarter of Sec. 21 in said~~ Township and Range, and continues thence in an easterly direction across Sec. 23, in said Township and Range to the land belonging to the said Newell above described, and now the property of the cross-complainant. Said reservoir covers about ten acres in extent and said ditch is about one and one-half miles in length. A more accurate description of this ditch and reservoir cannot be given, but the same may be easily identified upon the ground from the description herein.

9. That on the 14th day of January, 1903, the said Newell posted on the ground at the point of diversion of said water, and thereafter duly filed for record a notice of water-right location appropriating and claiming the use of the water of the well above described to the extent of ten cubic feet per second, or so much thereof as said well might flow at the point of diversion, for irrigation and domestic purposes on the land belonging to Newell and now belonging to cross-complainant, and described in Paragraph 2 above, and thereafter during the said year, 1903, the said Newell conducted the full flow of the water of said well into the reservoir above described and stored the same there and thence diverted said water through the _____ above described and applied the same to beneficial use upon the above described lands belonging to him, and now belonging to the cross-complainant.

10. That continuously thereafter until and including the present time the said George Newell and his grantees and successors in interest in the above described lands, including this cross-complainant, having diverted the water flowing from said well into the reservoir above described and stored the same in said reservoir and have thence conveyed said water through the ditch above described and have continuously used and applied the same to and upon the land described in Paragraph 2 herein as belonging to cross-complainant.

11. That thereafter in the year 1906, the plaintiff, Charles Peters, at a point about 150 yards from the said well drilled by Newell, and less than 100 feet from said reservoir, wrongfully sank a second well, without the consent of the cross-complainant or his grantors or predecessors in interest, which well so drilled by the said Peters, was sunk in the same artesian belt or basin as the well sunk by the said Newell, and to approximately the same depth, and in such manner and at such a point as to tap the subterranean stream and divert the supply of water previously tapped and diverted by Newell as aforesaid, with the result that said well sunk by said plaintiff caused the flow of the Newell well to diminish and decrease in quantity to such an extent that the combined flow of the two wells did not thereafter exceed and does not now exceed the original flow of the Newell well.

12. That the water of the well sunk by the plaintiff, Peters, was discharged into and stored in the reservoir above described and has since been continuously so discharged and stored and has at all times been diverted and used by the cross-complainant and his predecessors in interest in the irrigation and cultivation of their said premises, under claim of right and by virtue of prior appropriation and use.

13. That cross-complainant is the owner of and is entitled to the exclusive possession and use of said reservoir and ditch and the right of way thereof and the head-gate thereof, and has an easement upon and over the land above described upon which said reservoir and ditch are situated for the purposes aforesaid, and to the extent aforesaid, to-wit: to the extent of ten acres for said reservoir.

14. That the cross-complainant, William S. Walker, by virtue of prior appropriation and use by himself and his predecessors in interest, is the owner and is entitled to the exclusive use of the water of the artesian wells above described to the extent of the entire and combined flow thereof, to-wit:

twenty inches, together with an easement on the land where situated for the proper maintenance and control of said wells.

MICROFILMED

OCT 07 1992

15. That the combined flow of said wells is necessary to the proper irrigation of the lands of cross-complainant described in paragraph 2 herein, and that the full capacity of said reservoir, to the extent of ten acres as aforesaid, is necessary for the proper storage of said water for use upon the said premises of cross-complainant.

IT IS THEREFORE ADJUDGED AND DECREED that the right of cross-complainant, William S. Walker in and to said water, and an easement in him in and to said reservoir and ditch, are hereby declared established.

AND IT IS FURTHER ADJUDGED that the plaintiff, Charles Peters, and all persons claiming or to claim under or through him, and his or their agents, servants, and employees, be, and they are hereby forever barred from any and all claim of right in or to said water, reservoir and ditch, and are enjoined from interfering with the possession and use thereof by cross-complainant.

AND IT IS FURTHER ORDERED AND ADJUDGED that the right of cross-complainant to said water as an appurtenance to the lands described in paragraph 2 herein, be and the same is hereby quieted in him, and it is adjudged that said cross-complainant do have and recover of and from the plaintiff his costs and disbursements, herein taxes at the sum of \$61.75.

I, Cecelia Givens (Mrs. Berry Givens), of Star Route, Melba, Idaho do state that I am the owner of a ten acre reservoir site in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, T1N, R3W B.M. including a drilled well 280 feet in depth on the property. This well developed approximately 20 miners inches of continuous flow.

The use of water from this well was filed on the 11th day of January, 1903 and was approved by the District Court of the Third Judicial District in Owyhee County, September 20, 1921. Judgement was entered in Judgement Book 5, Page 475 et. seq. in Owyhee County.

That my predecessors have used the water from this well continuously since it was drilled and that I have used it for many years for domestic and irrigation purposes in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 28, T1N R3W, conveying the water in an open ditch described in the above mentioned decision.

That Frank Blick, Arthur Blick, and Ivan E. Nanney have drilled wells in Sections 19 and 20, T1N R3W B.M. during the years 1960-1963 inclusive, and pump water from the same.

That during 1962 and 1963 my well in Section 29 has gone completely dry.

I do now request that a determination be made as provided in 42-237B to restore the water in my well and the use thereof.

The decreed right had not been filed on AS
The POB & POC had changed since originally
claimed. The decree states it was used for
Domestic and to cover lands listed in item #2
which consists of 168 acres more or less. The Reservoir
listed in the decree is still used as is part
of the original ditch. The Reservoir consists of
10 Surface Acres and has a dam 10 feet in
height. Storage is listed in the decree, but not
the amount. $10 \times 10 = 100$ ac feet

$.4 \text{ cfs} \times 1.9835 = .7934 \text{ AF/24 hr}$

∴ we need to add 100 ac feet to & from storage
Need to tie A57-00200 and A57-04089 together.
The well in A57-04089 is a replacement well
for A57-00200, stock water was added in
A57-04089.

Need 50.00 filing fee for A57-00200 Also needs
to be signed. Need folder made up
