The purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). September 9, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of this water right. The original of this *Order* and the original of the *Partial Decree* for this water right are on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued on the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney

	)	PROVISIONS, <i>NUNC PRO TUNC</i>

A *Partial Decree* was entered for the above-captioned irrigation water right on September 9, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on July 26, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 2, IDWR Basin 57, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 04-01 to 10-15

The use of water for irrigation under this right may begin as early as March 15 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after October 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

This form must be used to provide notice of change in address or to substitute a party whose water right recommendation is in a director's report which has been filed with the court. The filing of Standard Form 3 cannot result in a contested matter. A hearing will not be scheduled.

MICROFILMED

Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) where a water right recommendation is not before the court.

As used in this form, the term "prior claimant/seller" means any person who, pursuant to I.C. § 42-1409(2), (3) and (6), filed a notice of claim asserting the right to the use of water or on whose behalf the right to the use of water was asserted. "New claimant/purchaser" means any successor in interest of a "prior claimant/seller," whether the interest is acquired by purchase, gift, inheritance or other means.

A *Consent to Substitution of Party (Substitution)* must be signed by the prior claimant/seller and the new claimant/purchaser. The *Substitution* shall be filed by the new claimant/purchaser.

Check either the *Change in Address* or *Consent to Substitution of Party* box and fill in the requested information. A party may copy or reproduce the standard form. The text of the form must be on the front and back of each page, exactly as it appears here.

Dear Joseph Parkinson,

This letter is being written in response to the rights we looked at together on September 11, 1992 and response from the signing of Amended Claims in Western's Regional office September 18, 1992.

All of the above was in response from the notice of error received August 19, 1992.

The Departments standard seasons of use and volume amounts have been recommended for all the rights above with the exception of the prior Castle Creek decreed rights, that were decreed with a season of use of 4-1 to 10-15 in 1923 when the decree was finalized. The Department cannot recommend a longer season than what was previously decreed.

Copies of amended claims are enclosed that you filed Notice of Error on, reflect the Season of Use dates you requested, not the departments in most cases, this was done per your request in order to preserve your right to object to the Departments recommended standards, or to the total volume in which was also left off these amended claims for the same reason. New information that you gave that was not originally provided at the time of original field exams, either reduced or increased the acreage slightly, added or corrected points of diversion and most stockwater amounts that were not claimed by the original owner, in most cases were amended to show those amounts on the claims that you requested in the Notice of Error, received August 19, 1992.

Other claims such as 57-00076, 57-00138, 57-00226, 57-00227 and 57-04101 were recommended for disallowance because senior water rights cover these uses and are in excess and are therefore termed as no-beneficial use. MICROFILMED
OCT 8 7 1992

Claims 57-00229, 57-02156 and 57-02162 were not recommended, because these old rights were abandoned, with much overgrowth of sagebrush on the place of use.

NOTICE of
Error Ltr
in 57 00046A-

You may file an objection with the court for either season of use or volume amounts of the rights you filed a notice of error on with evidence as to why you feel a longer season of use is needed etc. The objection procedure will be explained completely when you receive copies of your water rights submitted to the court on October 1, 1992. This notification will be mailed at the same time the report is given to the court.

I look forward to completing all future claims with your input for Basin 55. If you have any questions concerning this letter and/or would like to look over or make copies any of the items we had previously amended, please feel free to contact me.

Sincerely,

Ron Howerton
