MEMORANDUM

TO: Files 57-00261, 57-01067 & 57-02187

FROM: Pam Skaggs^{CS}/State Office

SUBJECT: Transfer 5421

DATE: October 7, 1999

Transfer 5421 changes the place of use under Rights 57-00261, 57-01067 and 57-02187. The applicant sold a portion of land without these water rights and is now moving the acres to a different area adjacent to currently irrigated parcel. The property is being sold entirely to Seven High Ranch Inc. and a change of ownership form should be sent out with the approval to allow the applicant to complete the process.

9.0 irrigated acres under Rights 57-00261 and 57-01067 from Reynolds Creek and 1.0 acre under Right 57-02187 from Babbington Creek are being moved from Lot 3 (NENW), S02, T03S, R04W. The transfer proposes that these irrigated acres will be used in the SESW, S35, T02S, R04W. These SRBA decreed rights overlap, yet retain separate places of use. A total of 139 acres are irrigated under these combined rights. No other changes are proposed through the transfer.

Recommended conditions include combined right limits, watermaster control, measuring device & lockable controlling works, irrigation overlap and standard transfer conditions.

14. **DEFAULT.** If Seller executes this Agreement and title to the property is marketable and insurable pursuant to section 19 hereof, and the Buyer fails or refuses to comply with the terms and conditions herein within five (5) days from the date on which said terms or conditions are to be complied with, the Seller shall have the following options:
- OPTIONS:** (A) Seller may make a written request for the earnest money on deposit with the broker. In such event, broker shall pay from said earnest money any and all costs incurred by broker on behalf of the Seller and the Buyer related to the transaction, including but not limited to the costs of title insurance, escrow fees, credit report fees, inspection fees, and attorney's fees, and the balance of the earnest money, if any, shall be apportioned one-half (1/2) to the Seller and one-half (1/2) to the broker provided the amount to broker does not exceed the agreed commission. Any such disbursement of the earnest money shall constitute liquidated damages as against the Buyer under this option (a), and any and all interest of the Buyer in the property, if any, shall be terminated, or **OPTION:** (b) Seller may pursue any legal remedies against Buyer which are available to Seller under Idaho law and shall be entitled to an award of attorney's fees as provided by law or court rule. In such event broker shall pay from said earnest money any and all costs incurred by broker on behalf of the Seller and the Buyer related to the transaction, including but not limited to the costs of title insurance, escrow fees, credit report fees, inspection fees, and attorney's fees, and the balance of the earnest money, if any, shall be refunded to Buyer.
- In the event of a dispute between the parties as to the earnest money deposited hereunder by Buyer, the broker holding the earnest money deposit may file an interpleader action in a court of competent jurisdiction to resolve any such dispute between the parties. The Buyer and the Seller authorize the broker holding the earnest money deposit to utilize as much of the earnest money deposit as may be necessary to advance the costs and fees required for filing of any such action.
15. **INCLUDED ITEMS.** All attached floor coverings, attached television antenna, attached plumbing, bathroom and lighting fixtures, window screens, screen doors, storm windows, storm doors, window coverings, garage door opener(s), transmitter(s), exterior trees, plants, or shrubbery, water heating apparatus and fixtures, attached fireplace equipment, awnings, ventilating, cooling and heating systems, built-in and "drop in" ranges (but excepting all other ranges), fuel tanks and irrigation fixtures and equipment, and any and all, if any, water and water rights, and any and all, if any, ditches and ditch rights that are appurtenant thereto that are now on or used in connection with the premises shall be included in the sale unless otherwise provided herein.
16. **FINANCING REQUIREMENTS.** If financing is required, the Buyer agrees to make a best effort to procure same and further agrees to make application therefor within three (3) banking days after Seller's acceptance of this Agreement. If VA or FHA financing is contemplated, additional provisions pertaining thereto may be attached hereto and are hereby incorporated herein by reference.
17. **FHA/VA.** It is expressly agreed that notwithstanding any other provisions of this contract, the Buyer shall not be obligated to complete the purchase of the property described herein or to incur any penalty for forfeiture of earnest money deposits or otherwise unless the Buyer has been given in accordance with HUD/FHA or VA requirements a written statement by the Federal Housing Commissioner, Veterans Administration, or a Direct Endorsement lender setting forth the appraised value of the property of not less than the sales price as stated in the contract. The Buyer shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value nor the condition of the property. The Buyer should satisfy himself/herself that the price and condition of the property are acceptable.
- It is agreed that any item included in Item 7 is of nominal value less than \$100.00.
18. **EXISTING LOANS.** Seller shall, within three (3) calendar days of acceptance, provide Buyer with all Notes and Deeds of Trust or other financing documents to be assumed or taken subject to and within five (5) calendar days of receipt thereof. Buyer shall in writing notify Seller of his/her approval or disapproval of the terms of said documents, which shall not be unreasonably withheld.
19. **TITLE INSURANCE.** The Seller shall within a reasonable time after closing furnish to the Buyer a title insurance policy in the amount of the purchase price of the premises showing marketable and insurable title subject to the liens, encumbrances and defects elsewhere set out in this Agreement to be discharged or assumed by the Buyer. Prior to closing the transaction, the Seller shall furnish to the Buyer a commitment of a title insurance policy showing the condition of the title to said premises. Buyer shall have five (5) days from receipt of the commitment or until 24 hours prior to closing, whichever is less, within which to object in writing to the condition of the title as set forth in the report. If the Buyer does not so object, the Buyer shall be deemed to have accepted the conditions of the title. It is agreed that if the title of said premises is not marketable, or cannot be made so within thirty (30) days after notice containing a written statement of defects is delivered to the Seller, or if the Seller, having approved said sale fails to consummate the same as herein agreed, the earnest money shall be returned to the Buyer and Seller shall pay for the cost of title insurance, escrow and legal fees, if any.
20. **EXTENDED COVERAGE TITLE POLICY.** A standard policy of title insurance does not cover certain potential problems or risks such as liens (i.e., a legal claim against premises for payment of some debt or obligation), boundary disputes, claims of easement, and other matters or claims if they are not of public record at time of closing. However, under Idaho law, such potential claims against the premises may have become a legal obligation before the purchase of the home and yet may not be of public record until after the purchase. For example, Idaho law allows workmen who have built a new home or repaired or remodeled an existing one to file liens against those premises for a period of time after they last worked on the home. The debt in such cases will become a lien or claim against the premises itself and, if not paid by the Seller, must be paid by the Buyer to protect the equity in the home. Title insurance companies may be able to issue an "extended coverage" policy for an additional premium. In addition to the premium for extended coverage title policy, there may be other costs involved (i.e., survey, additional closing fees). Such a policy may protect the Buyer against problems such as the above. Of course, even an "extended coverage" policy contains exclusions and will not insure against all potential problems or risks involved in buying property. It is recommended that the Buyer talk to a title insurance company about what it offers in the way of extended coverage. Only the policy itself can tell exactly what type of coverage is offered, so contact a title insurance company for particulars.
21. **TITLE CONVEYANCE.** Title of Seller is to be conveyed by Warranty Deed, unless otherwise provided, and is to be marketable and insurable except for rights reserved in federal patents, state or railroad deeds, building or use restrictions, building and zoning regulations and ordinances of any governmental unit, and rights of way and easements established or of record. Liens, encumbrances or defects to be discharged by Seller may be paid out of purchase money at date of closing. No liens, encumbrances or defects which are to be discharged or assumed by Buyer or to which title is taken subject to, exists unless otherwise specified in this Agreement.
22. **RISK OF LOSS.** Prior to closing of this sale, all risk of loss shall remain with the Seller. In addition, should the premises be materially damaged by fire or other cause prior to closing, this Agreement shall be voidable at the option of the Buyer.
23. **INSPECTION.** The Buyer hereby acknowledges further that he has not received or relied upon any statements or representation by the broker or his representatives or by the Seller which are not herein expressed. The Buyer has entered into this Agreement relying solely upon information and knowledge obtained from his own investigation or personal inspection of the premises. This Agreement constitutes the whole agreement between the parties and no warranties, including any warranty of habitability, agreements or representations have been made or shall be binding upon either party unless herein set forth.
24. **COUNTERPARTS.** This Agreement may be executed in one or more counterparts, each of which is deemed to be an original hereof, and all of which shall together constitute one and the same instrument.
25. **FACSIMILE TRANSMISSION.** Facsimile transmission of any signed original document, and retransmission of any signed facsimile transmission shall be the same as delivery of an original. At the request of either party, or the Closing Agency, the parties will confirm facsimile transmitted signatures by signing an original document.
26. **SALES PRICE INFORMATION.** The parties to this Agreement acknowledge that it has been explained to them that any sales price information compiled as a result of this Agreement may be provided to the County Assessor's office. The parties agree that such disclosure is permissible.

EACH OF THE PARTIES ACKNOWLEDGES READING AND UNDERSTANDING THIS AGREEMENT IN FULL.

Re: Changes of Ownership to Water Rights Decreed to Bruce and Terry Reuck

Dear Dave:

Enclosed with this letter are two Notices of Change of Water Right Ownership and a copy of one Application for Transfer of Water Right. I am sending this entire package to you after our telephone conversation in late January discussing an apparent error in the decree of water right number 57-01114.

The land and appurtenant water rights described on the enclosed Notice of Change of Water Right Ownership have been sold by the Reuck's to Seven High Ranch, Inc., Jerry L. Hoagland, individually, and Rod Schoen. The land and water rights sold to Jerry Hoagland, individually, were sold in their entirety resulting in a simple change of ownership of the water rights from Reuck to Hoagland. There was an intermediate step during which the lands were temporarily held by Seven High Ranch, Inc. from December 1994 to January 1995. As the ownership exists today, the land and appurtenant water rights is owned individually by Jerry L. Hoagland.

The lands and water rights purchased and retained by Seven High Ranch, Inc. excluded Lot 3, Section 2, T3S, R4W, B. M. from the land originally owned by Reuck's. Four water rights are appurtenant to that lot, three for irrigation purposes and one for domestic and stockwater. The transfer of property from Reuck to Schoen specifically excluded the irrigation portion of the water rights from Lot 3. This exclusion is evidenced by the attachments to the purchase and sale agreement of Lot 3, Section 2, T3S, R4W, B. M. to Schoen. Seven High Ranch, Inc. is the successor to the irrigation water rights from Lot 3, Section 2, T3S, R4W, B. M. but, unfortunately, that transfer of ownership was not made clear in the warranty deed from Reuck to Seven High Ranch, Inc.

To make clear the intent of the seller and buyer, the Application for Transfer of the three irrigation water rights, numbers 57-00261, 57-01067, and 57-02187, which were all decreed to be appurtenant to Lot 3, Section 2, T3S, R4W, B. M., is co-signed

David R. Tuthill
February 15, 1999
Page 2

by Reuck and Seven High Ranch, Inc. Co-signature of the transfer removing the water from Lot 3, Section 2, T3S, R4W, B. M. by the original owner of the land and water right, along with the evidence the irrigation water was withheld from the property when it was sold to Schoen, should make it clear the intent of the seller was to include the water from Lot 3 in the sale to Seven High Ranch, Inc.

The water right for domestic and stockwater use, number 57-01114, was intended to be split with a portion of the right remaining with Lot 3, Section 2, T3S, R4W, B. M. and a portion going to Seven High Ranch, Inc. All of the domestic portion, of right number 57-01114, is to remain with Lot 3, and 0.01 cfs for 50 head of livestock is intended to stay with Lot 3 and should ultimately be changed to show Rod Schoen as the owner. The remaining portion, 0.11 cfs for 400 head of livestock, was purchased by Seven High Ranch, Inc.

I am forwarding the original transfer to Western Region for processing at this time. I have attached a copy of this letter to the transfer application.

It is the latter portion of 57-01114 that appears to have been incorrectly decreed in the SRBA. The point of diversion for the Seven High Ranch, Inc. portion of 57-01114 should be NWNWSW Section 35, T2S, R4W, B. M., rather than SENW of Section 35, T2S, R4W B. M., which appeared in the decree. Additionally, the place of use should be throughout the irrigated land area. I will provide a complete legal description of the place of use in the form appropriate for the next step in correcting this water right record once that step has been decided.

As we discussed in our telephone conversation, the water right owner is willing to file an Application for Transfer to correct the record for the Seven High Ranch, Inc. portion of 57-01114, or seek a correction of the decree through the SRBA court, whichever is the most desirable. Please advise of the Department's recommended procedure for the next step in correcting this record.

If you have any questions regarding either of the Notices of Change of Water Right Ownership please contact me. Thank you in advance for your help with these changes.

Yours truly,

David B. Shaw

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

DEC 29 1993

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

No proof of ownership was attached to the copy of the form. The rights have been updated to reflect Seven High Ranch Inc. as the sole owner of these rights.

Re: Transfer of Water Rights 57-00261/01067/02187, Transfer 5421

Dear Jeff:

I am writing on behalf of transfer applicant Seven High Ranch, Inc. regarding the preliminary order approving this transfer. There are two issues regarding the preliminary order I wish to address.

The preliminary order imposes diversion volume limits on each water right, on the combined rights, on the combination of these rights with other rights not the subject of this transfer, and on a per acre basis. These limitations are contrary to the April 6, 1998 decision of the Idaho Supreme Court in Basin Wide Issue 5A. The Court recognized the long standing practice of utilizing "excess" water by those who have other water rights in this part of the Reynolds Creek basin. The proposed volume limitations are also contrary to the Reynolds Creek Stipulation, the Reynolds Creek Decree and General Provision 2 of the Amended Director's Report for Basin 57.

For all the above reasons, the diversion volume limits should be removed from the final approval of this transfer.

Seven High Ranches, Inc. is the sole owner of these water rights. Mr. Reuck is not associated with Seven High Ranches, Inc.

A change of ownership, copy attached, was filed for these water rights at the same time as the above referenced application for transfer. The application for transfer was filed in both names to expedite its processing prior to completion of the change of ownership.

I believe the change of ownership is now complete and I am concerned an approval of the transfer with both names at this time would appear to transfer part ownership back to Reuck. This is not the intent nor would it be factually correct.

The approved transfer should only be in the name of Seven High Ranches, Inc., and I will be happy to work with you to accomplish that result.

Please let me know if I can provide you with any additional information or what actions need to be taken, if any, for the approved transfer to be modified as requested.

Yours truly,

See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Files 57-00261, 57-01067 & 57-02187

FROM: Pam Skaggs^{CS}/State Office

SUBJECT: Transfer 5421

DATE: October 7, 1999

Transfer 5421 changes the place of use under Rights 57-00261, 57-01067 and 57-02187. The applicant sold a portion of land without these water rights and is now moving the acres to a different area adjacent to currently irrigated parcel. The property is being sold entirely to Seven High Ranch Inc. and a change of ownership form should be sent out with the approval to allow the applicant to complete the process.

9.0 irrigated acres under Rights 57-00261 and 57-01067 from Reynolds Creek and 1.0 acre under Right 57-02187 from Babbington Creek are being moved from Lot 3 (NENW), S02, T03S, R04W. The transfer proposes that these irrigated acres will be used in the SESW, S35, T02S, R04W. These SRBA decreed rights overlap, yet retain separate places of use. A total of 139 acres are irrigated under these combined rights. No other changes are proposed through the transfer.

Recommended conditions include combined right limits, watermaster control, measuring device & lockable controlling works, irrigation overlap and standard transfer conditions.

RIGHTS, TRANSFER NO. 5421**

Notice is given that **BRUCE REUCK AND SEVEN HIGH RANCH, INC.** of HC 79 Box 44, Melba ID 83641 have applied to the Department of Water Resources to change the place of use pursuant to I.C. § 42-222 for a portion of the following decreed water rights recorded as follows in Owyhee County:

RE: Review

Analysis: Applicant sold a piece of property without water rights (specifically addressed in sales agreement) and transferring the Reynolds Creek water rights to other acres. Dave Shaw, representing the applicant, stated in his 2/15/99 letter to Dave Tuthill that the new owner will file for a ground water well if he plans to irrigate in the future.

Overlaps: Three Reynolds Creek irrigation rights were decreed to the property sold and all three have been included in the transfer. The only overlapping right is 57-01114, which is for different uses from a different source. Dave Shaw noted that the p/d and p/u for this overlapping right appears to be wrong and will be addressed at a later date.

Recommendations: This transfer looks approvable.

Conditions decreed should not change.

Gentlemen:

Enclosed is an Application for Transfer of a Water Right in the name of Bruce Reuck and Seven High Ranch, Inc. The purpose of the transfer is to move nine acres of irrigation from Lot 3, Section 2, T3S, R4W, B. M. to the SESW, Section 35, T2S, R4W, B. M. This irrigation right was retained when Reuck sold Lot 3, Section 2, T3S, R4W, B. M. to Rod Schoen and is now being transferred to Seven High Ranch, Inc.

Also enclosed is a letter to Dave Tuthill describing the change in ownership of the remaining rights involved in this sale. As noted in the letter, there appears to be an incorrect legal description for a part of one of the stock water rights that will be addressed in the future.

If you have any questions regarding this Application for Transfer please contact me. Thank you in advance for your help.

Yours truly,

David B. Shaw
