Memo to : 57-0262 From : JR Date : 10/30/79

As described in the decree, this right, for 45" on 30 acres along Mack's Creek, contains land on Cottle (Coalbank) Creek that is probably impossible to irrigate from Mack's Creek.

For whatever reason the discrepancy developed, study of aerial photo and field examinations of the system and the area indicates the irrigation pattern recommended here as a reasonably logical development of this system.

This decreed right in combination with licensed right 57-2085, which replaces B/U rights 57-1071 and -1072, provides for the irrigation of the 38 acres irrigated by the complete system.
