RE: NOTICE OF CLAIM NO. A57-02062

Paul L. Jesenko
HC 79
Melba, ID 83641

Dear Mr. Jesenko:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claim listed above. All claims with an A57 prefix number are being reviewed at this time. If you have other claims with this prefix, that are not shown here, we may be contacting you again if questions should arise during their review. Also, if you filed other claims with yet a different prefix for the claim number, such as A02, A51 or A55, please be advised that these claims will be reviewed at a later date. The following claims require the information or changes listed:

Claim No. A57-02062

An investigation was conducted on this claim to verify the water right information. During this review some discrepancies were found between the claim and decreed use of the water. In order to recommend the claim accurately to the court we need to make some changes to this claim.

Enclosed are two computer generated copies of this claim. One copy is the claim as it was filed by you in the Snake River Basin Adjudication. This claim has an Identification No. A57-02062 (upper right-hand corner of page one). The other copy reflects the changes to be recommended to the Court and is Identification No. R57-02062. The highlighted items are the items that have been changed as a result of our investigation.

Please review these changes and if you disagree with any of them, you must contact us by the response date listed at the top of this letter. If you do not respond by this date, we will assume you agree with our findings and this claim will be recommended to the court with the changes shown.

Since this right was recently decreed, in the Reynolds Creek Decree, we cannot recommend the changes you requested on your claim. If you

wish to file for an additional amount of water from Reynolds Creek you should file an application for permit. However, you will be required to submit justification for the excessive amount since the 21 acres you are irrigating are currently allocated an inch of water for each acre.

Thank-you for your cooperation. If you have any questions, or if you need help in any way, please feel free to contact me at (208)334-2190.

Sincerely,

KAY WALKER

Dear Claimant(s):

We have received your Notice(s) of Claim to a Water Right filed in the Snake River Basin Adjudication.

In the initial review of this claim(s) we found it necessary to complete some of the items on the claim form(s). A copy of your original claim(s) with these changes marked, along with the computer generated copy, and ~~Receipt No. _____~~ are enclosed. The following items have been added and/or changed on the claim(s) enclosed:

____ Item #2 - Only a portion of your priority date was listed. This item requires a month, day and year. We have added in the required information based on the Department's rules for dates of priority.

____ Item #4 - The point of diversion appears to be incorrectly described or not described at all. Based on other information provided which included your legal description, we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, enclosed is a copy of the subdivision map from which we computed the quarter-quarter legal description.

____ Item #5 - No description of diverting works was listed. Because the source was described as a groundwater source, we have completed this item with well, pump and pipeline. If your groundwater source is not a well, please notify us.

✓
____ Item #6 - The period of use is not listed for the use(s) claimed. The Department has recommended periods of use for certain uses. The recommended period of use has been added to your claim.

MICROFILMED

OCT 07 1992

- Item #7 - The total quantity claimed was not completed. The use(s) claimed have been added together and this amount added to your claim.
- Item #9 - The number of homes was not listed on your claim. It appears to be filed for one domestic home and this information has been added to your claim.
- Item #10- The place of use appears to be, incorrectly described, or not described at all. Based on other information submitted we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, we have enclosed a copy of the subdivision map from which we computed the quarter-quarter legal description. Or, if you have listed a quarter-quarter legal description under Item No. 4, we have listed this same quarter-quarter, section township and range on this item.
- Item #12- The ownership of the place of use has not been marked. We have assumed you own the place of use and this information has been added to your claim.
- Item #15- Basis of Claim was not completed. No previously recorded water rights were found, therefore, we have marked beneficial use of the water as the basis for filing this claim.
- ✓ Other Modifications are highlighted on attached
irrigation season as determined by the court
is March 15 through November 15

If you have any problems or questions concerning these additions and/or changes, please feel free to change the copy of your claim form(s) and return it to this office. The new changes can then be made and a computer generated copy showing these changes sent to you. If we do not hear from you, we will assume these changes meet with your approval and the claim(s) will remain as shown on the enclosed copies.

FOR .42 CFS ON 21 ACRES IN THE SWSE SECT. 18, T15, R2W, WITH
A PRIORITY OF 6/1/1911.

OUR REVIEW & ANALYSIS SHOWS THAT CARL BACHMAN WAS GRANTED
A LICENSED WATER RIGHT OLO # 9844 (57-2062) IN 1918, WITH A
PRIORITY OF 11/13/1913 ON THE ABOVE LAND ALONG WITH OTHER LANDS
IN SECT. 18.

THE VARIOUS DEPOSITIONS ACCOMPANYING THE PROOFS SHOW THAT THE TRACT
CLAIMED HERE ~~APPARENTLY~~ DID NOT RECEIVE WATER UNTIL 1914, BUT IN
KEEPING WITH THE PRACTICES OF THE STATUTORY LICENSING PROCESS WE ARE
RECOMMENDING THIS LICENSED RIGHT FOR THE 21 ACRES WE FIND IRRIGATED.
THE REMAINING ACREAGE ORIGINALLY UNDER THE LICENSE NOW RECEIVES
WATER FROM OTHER SOURCES AND THAT PORTION OF THE LICENSE
HAS PROBABLY BEEN FORFEITED THROUGH NON-USE.
