Case No. 39576	)	INCORPORATING INTO PARTIAL DECREES AN
	)	EXPRESS STATEMENT REGARDING GENERAL
	)	PROVISIONS, <i>NUNC PRO TUNC</i>

A *Partial Decree* was entered for the above-captioned irrigation water right on December 15, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on July 26, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 2, IDWR Basin 57, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-01 to 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

Department of Water Resources

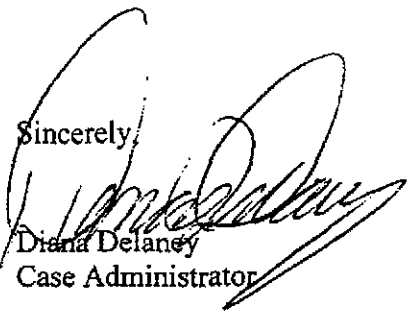

Dear Water Right Claimant(s):

Attached to this letter is a copy of an **Order Amending Irrigation Period of Use Element in Partial Decree, Nunc Pro Tunc** (hereinafter "**Order**") for water right number 57-2132A. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The purpose of the **Order** is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the **Order**, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This **Order** also incorporates into the **Partial Decree** an express statement that the **Partial Decree** is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). December 15, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the **Partial Decree** to show evidence of this water right. The original of this **Order** and the original of the **Partial Decree** for this water right are on file with SRBA Court. If you do not have a copy of the original **Partial Decree**, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the **Order** is entered **Nunc Pro Tunc**, meaning that the **Order** will be treated as if it were issued on the same date that the **Partial Decree** was originally issued.

Sincerely,

Diana Delaney

REMARKS:

This license was perfected in conjunction w/ 157-2314; the storage right on Foreman reservoir. At that time the lands listed under the water right were all under one owner. When these lands were split up & sold is when the chg. in the P.O.D. took place because the King lands no longer used the storage water right but used only the flow right. Therefore the P.O.D. in section 10, NW 1/4

SYSTEM DESCRIPTION ATTACHMENT TO CLAIM VERIFICATION REPORT

CLAIM NO. A57-02132A

There are two points of diversion associated with this water right. The upper diversion, located in the NE1/4NW1/4 of section 35 is used to irrigate the lands located on the east side of Castle creek. The southwestern diversion, also Castle creek, is used to irrigate all other places of use. This diversion is conveyed by means of a dirt ditch to the NE1/4NE1/4 of section 34, T4S, R1E. At this point the creek water converges with well water and is conveyed by means of cement ditches. Ditches run in a northeasterly direction and an easterly direction along the south end of the property. The ditch which runs easterly empties water back into Castle creek and is picked up in the upper diversion to irrigate the lands on the east side of the creek. Irrigation is by 10" gaited pipe. RE:

She called in re to my letter of 6-26-91. Gordon will be back in a week & then they will talk to Rawlings about the usage of this right. They will probably file. This was a "companion" right to 57-2314, for storage. Even tho. this lands are on 2314 they won't be filing on it cause they don't use any storage water. 57-2132 is a live flow right. If they do file they will have a change in P.O.D.

Told her not to send any money yet only claim, cause I have to add up all flows yet & it may be that stored rights will add up to 1"/acre & if that's the case this 1931 priority right will not be necessary.

Week of 9-16-91: I talked to Rose King & asked her to send \$50.00 filing fee for 57-2132A. I have started writing up their claims & 57-2132A would be recommended because it was necessary to bring their total live flow from all surface water rights to an 1"/acre.

Dear Mr. and Mrs. King;

I have completed the review of two of your domestic claims which you filed. They are numbered A57-10461 and A57-10462.

This letter is only to inform you that I have made a change in the locations of the wells. I am enclosing a copy of the map which I used to determine the change. All other aspects of the claims are being recommended as filed.

Also enclosed is that claim which was not filed when you initially filed on all your other claims in the Snake River Basin Adjudication. If you will recall, it is numbered 57-02132, and is based on a license with a priority date of 1931. It is on Castle creek water.

As you will notice, this claim was completed by hand. I ask that you pay special attention to the following:

- Item 1: Please add your phone number.
- Item 4: The point of diversion is the same as was licensed. If this has changed, please make the correction.
- Item 5: Add the description of your diversion works.
- Item 6, 7 and 10: This was licensed at an inch to the acre. John Fuquay filed on a portion of this license. Specifically, the SW1/4SE1/4 of section 34 for 16 acres. Consequently, this reduces the amount of water to 4.5 cfs.
- Item 9: This was also licensed for a domestic use. Does this usage still exist? If so, you will need to add it to item 6 as I did not. If you are using this water for lawn irrigation, indicate what the usage is in item 9.

If there are any problems with this claim as written, all you need do is make the necessary corrections. Once you have looked this over and are satisfied that this accurately reflects your water usage, sign and notarize the claim and return to my attention. There will be an additional fee due of \$50.00. This is the filing fee for the claim.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
