Mr. J. H. Smith

Dear Mr. Smith:

Thank you for

your letter of

The report of our field engineering examining the installation was under review. Mr. Smith shows that you have indicated to us in the 2nd and 3rd sections of your report that there is a leak from your well located in this installation.

Also, that you have indicated a leak in the 1st and 2nd and 3rd sections of your report, but well located there.

Also, that your other three wells have been used for about six years.

Therefore, when testing of the installation was at 10:00, a leakage will be found and a number of wells from your well in the 2nd and 3rd sections of your report and for 3 inches from your other 3 wells for about six years.

Very truly yours,

W. H. Smith

stock usage on the $\frac{1}{4}$ $\frac{1}{4}$ listed under P.O.U. There were no stock there at time of exam. When present they drank out of the ditch. Stockwater is incidental to irrigation plus there is no filing requirement for in the SRBA for stock under 0.24 cfs or 1000 head.

Also, the license showed a usage in the NENE, Sec. 2, T.1N. R.4W; but the field examiner's ⁽¹⁹⁵¹⁾ report indicated the usage was in Sec. ~~2~~ 1; SENE (26 Ac). It looks like the license was issued in error; however, the license is the actual document & so based on this I have requested proof of date of change from Mr. Nazem. My field exam will show that the licensed P.O.U. is not irrigated.

I, Everett Clark being first duly sworn,
deposes and says: The land in the NE1/4NE1/4 of section 2, T1N, R4W has
never been irrigated. The intent was to take water from the two wells in
the above mentioned quarter, quarter and convey it through the old Squaw
Creek ditch to be used on the fields located in section 1, W1/2NE1/4 and
SE1/4NW1/4; same township and range. The well in the SW1/4NE1/4 of section
1 was also used in the same manner. The land in the SW1/4NE1/4 of section
1 has been irrigated since before 1950. My father, A.L. Clark, homesteaded
this land in 1904. The wells were first put there in approximately 1912.

Dear Mr. Hazen::

SUBJECT: Notice of Claim to a Water Right
A57-02197B

Processing of your Notice of Claim to a Water Right has revealed duplicate filings for this water right. This appears to be an inadvertent error that we would like to clarify at this time.

The following information will allow us to correct this error:

1. Please mark the appropriate item regarding the described property and water right. Are you the:

Current Owner _____
Previous Owner _____
Other _____

If "Other", please explain: _____

2. If you are the previous owner, please give the name of the new owner (as far as you know):

New Owner: _____

3. Do you believe that you own a portion of this water right?

Yes _____ No _____

If yes, please explain and enclose proof of ownership: _____

Note: Proof of ownership must describe either the property conveyed (as in a sales contract or deed) or include the claim number, if no legal description is listed.

If you are the previous owner, and did not withhold the water rights in the sale, the new owner should be making the filing. If you filed in error, you may use the enclosed Request for Withdrawal form to correct this duplicate filing.

Proof of ownership is now unnecessary after conversation w/claimant on 5-1-91. report pg. 7

I apologize for any inconvenience; however, in order to protect your water right, the Notice of Claim must be accurate. If you would return this letter by May 6, 1991, we will proceed with the necessary corrections. Please do not hesitate to contact this office if you have any questions. Be sure and address your response to my attention.

Sincerely,

Linda A. Werner

RE: NOTICE OF CLAIM NO[S]: A57-02197B

Dear Mr. Hazen:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claim listed above. The above claim requires the information or changes listed:

Our initial investigation of this claim indicates that there has been a change in the place of use as follows:

<u>Original Place of Use</u>	<u>Claimed Place of Use</u>
T1N, R4W, Sec. 2, NE1/4NE1/4	T1N, R4W, Sec. 1, SW1/4NE1/4

A water right owner who has made a change in the use of his right prior to November 19, 1987 may claim this change in the Snake River Basin Adjudication. We may recommend the right as changed, however, only if the change meets certain requirements.

Before your claim can be recommended, you must provide us with the date the change was made and submit some evidence tending to support that date. If the change was prior to November 19, 1987, then you must include the month, day and year. If the change occurred after November 19, 1987, then a specific date is not necessary and you need only support that the change occurred after November 19, 1987. An information sheet is enclosed that describes the types of evidence that can be submitted to support the date of change.

Your response must be received by the date noted above. If no response is received your claim to water for the new places of use will not be recommended to be decreed.

The information requested is necessary because your claim is based on a previous license that showed a different place of use then what you are presently farming. Be sure and contact me if you have questions concerning this letter.
