Dear Ms. Torrey:

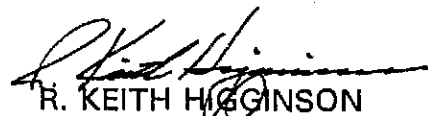

Your letter of February 24, 1995 to Governor Batt regarding the water right for a farm purchased by you in Owyhee County has been referred to this office for preparation of a reply. The water right for this property was included in the Director's Report for administrative basin 57 which has been submitted to the Snake River Basin Adjudication District Court.

You are correct that the transfer of water rights in Idaho generally follows the "silent deed rule," that is, unless the water rights are specifically withheld they transfer with the ownership of the property. This water right is, however, involved in the SRBA lawsuit. The adjudication court has established procedures for substitution of parties in the SRBA that generally follow the rules of civil procedure for lawsuits. This procedure, described in SRBA Administrative Order 1, has been established to protect the interests of all parties in the SRBA, but can cause some inconvenience in some circumstances.

As the attached letter from Mr. Young indicates, it was a conscious decision on his part to not sign the substitution of parties form (Standard Form 3). Whether he has the right to not sign the form is not a question this department can answer nor can I provide legal advice about how you might proceed. It appears from Mr. Young's letter that a dispute exists which may need to be resolved by a court.

I understand your frustration but given the circumstances you may wish to contact your attorney since this issue does involve the substitution of parties in an ongoing lawsuit.

Yours truly,

R. KEITH HIGGINSON
Director

Dear Governor Batt,

I need some help and don't know where to turn to.

We purchased a farm in Owyhee County on 11/26/93. This farm was in the process of being foreclosed upon by F.H.A. Shortly after closing I recieved a letter from Larry Stachler (dated 12/7/93) stating we should file with the Snake River Adjudication regarding water rights on this property.

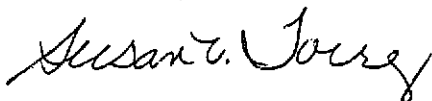

I filled out the forms and mailed them along with a copy of the personal Representatives Deed to the District Court in Twin Falls. These were returned to me because the Personal Representative refuses to sign the forms that the Court requires.

It is my understanding that water rights go with the property in Idaho. As you can see by the attached, that the Personal Representative signed the Deed selling the property with all appurtenances associated with the property. Why won't the court accept this?

What do I need to do at this time to jump thru the hoops without going thru alot of additional expense?

Any and all information you can give me will be greatly appreciated. Your timely response will be greatly appreciated.

Sincerely,

Susan V. Torrey

Dear Ms. Delaney,

I received a copy of the enclosed letter last week from my cousin, Susan Torrey. I have decided not to sign the Standard Form 3 as personal representative of the Charles C. Young estate.

I have recently learned that my cousin Susan Torrey and her brother, Steve Young, conspired to and obtained possession of six acres of my brother's property last year without my knowledge or consent. The acquisition of my brother's property by Susan and her brother was expressly against the intent of my late father's wishes.

I unfortunately sold Susan Torrey my father's farm, which was about to go into FHA foreclosure, without prior knowledge of her inappropriate and devious actions to obtain my brother's land. Had I known of her actions I would never have sold her my father's farm.

If you have any questions regarding my decision not to sign the Standard Form 3, please give me a call.

Sincerely,

Michael C. Young

RE: Standard Form 3, Consent to Substitute Party

Dear Ms. Torrey:

Enclosed, I am returning the Standard Form 3 you submitted to the court. Under the instructions on page 2, the form must be signed by the prior claimant/seller and the new claimant/purchaser. In cases where the prior claimant/purchaser is deceased or otherwise unable to sign, you must acquire the signature of the prior claimant/seller's legal representative. If you are unable to locate the prior claimant/seller or their legal representative, you must include a letter with your Standard Form 3 explaining your efforts and failure to contact the party.

Also, under the instructions on page 3, you must submit proof of your acquisition of the property and that proof must include the water right numbers conveyed. This proof may take many forms, including but not limited to a copy of the water right permit or license, a court decree which describes the actual water right numbers or a copy of the notice of claim filed with IDWR which specifically identifies the water right number claimed by the prior claimant/seller.

If you have any other questions regarding this Standard Form 3 or the adjudication, please give me a call.

Sincerely,

A handwritten signature in cursive script, appearing to read "Diana R. Delaney".

INSTRUCTIONS FOR USE

This form must be used to provide notice of change in address or to substitute a party whose water right recommendation is in a director's report which has been filed with the court. The filing of Standard Form 3 cannot result in a contested matter. A hearing will not be scheduled.

This form has been adopted by the court in *SRBA Administrative Order 1* (amended June 21, 1993), Section 4A, which may be consulted for further information.

Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) where a water right recommendation is not before the court.

As used in this form, the term "prior claimant/seller" means any person who, pursuant to I.C. § 42-1409(2), (3) and (6), filed a notice of claim asserting the right to the use of water or on whose behalf the right to the use of water was asserted. "New claimant/purchaser" means any successor in interest of a "prior claimant/seller," whether the interest is acquired by purchase, gift, inheritance or other means.

A *Consent to Substitution of Party (Substitution)* must be signed by the prior claimant/seller and the new claimant/purchaser. The *Substitution* shall be filed by the new claimant/purchaser.

Check either the *Change in Address* or *Consent to Substitution of Party* box and fill in the requested information. A party may copy or reproduce the standard form. The text of the form must be on the front and back of each page, exactly as it appears here.

Follow the instructions on the form or the court will not accept it for filing. The Verification and the Certificate of Mailing must be completed.

The standard form may be obtained from the Idaho Department of Water Resources and the court. You must provide a copy of this form to each party, or to their legal counsel, in any subcase in which you are a party.

We hope the information concerning the water rights you requested is adequate. We learned today that buyers or sellers must request and provide a change of ownership under the Snake River Adjudication. We suggest that you contact the IDWR Regional Office at 334-2190. You will need to provide them with some of the information we supplied you so they can get you the proper change of ownership form.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Important Information About Your Water Right

January 22, 2003

Kenneth D Torrey
Susan V Torrey
2652 Springwood Dr
Meridian, Idaho 83642

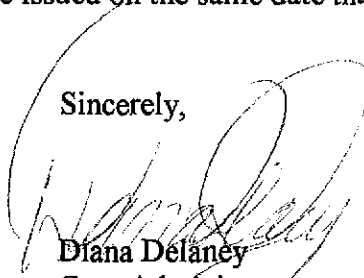

Dear Water Right Claimant(s):

This letter accompanies a copy of an *Order Amending Irrigation Period of Use Element in Partial Decree, Nunc Pro Tunc* (hereinafter "*Order*") for water right number 57-2240. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This *Order*, in combination with the *Partial Decree* that was issued for this water right on September 12, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of this water right. The original of the *Order* and the original of the *Partial Decree* for this water right is on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued on the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney

	)	EXPRESS STATEMENT REGARDING GENERAL
	)	PROVISIONS, <i>NUNC PRO TUNC</i>

A *Partial Decree* was entered for the above-captioned irrigation water right on September 12, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on July 26, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 2, IDWR Basin 57, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-01 to 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

ORDER SUBSTITUTING PARTY

On December 19, 1995 at 10:00 a.m. a hearing to substitute party was held before Fritz X. Haemmerle, Special Master for Basin 57. William F. Ringert, Esq. appeared on behalf of the Kenneth and Susan Torrey (Movants). The Estate of Charles C. Young was notified of the hearing, but did not appear. There being no objection to the *Motion to Substitute Party* and based on the verified motion acknowledged by Susan V. Torrey, the Court finds as follows:

1. Certain property (Property) described in Exhibit A attached to the *Motion to Substitute Party* was transferred by Michael C. Young, Personal Representative for the Estate of Charles C. Young, to the Movants;

2. Water right number A57-02240 was appurtenant to the Property and not exempted in the conveyance. As evidenced by the Personal Representative's Deed, the Movants own water right number A57-02240;

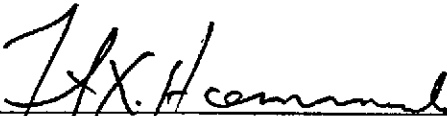

3. The Movants attempted to execute a Standard Form 3 to substitute the party named on water right A57-02240. The Personal Representative refused to execute a Standard Form 3.

Pursuant to I.R.C.P. 25(c), the *Motion to Substitute Party* is granted. The Court orders that Kenneth and Susan Torrey be substituted in as the owner of water right number 57-02240.

The IDWR is directed to substitute the parties pursuant to this *Order*. No further action on behalf of the movants will be necessary to substitute the parties.

IT IS SO ORDERED.

Re: Water Right Nos. 57-02240

R. KEITH HIGGINSON
DIRECTOR

Dear Ms. Torrey:

Enclosed is the Change of Ownership form and Standard Form 3 for your use in changing the name on the above referenced water rights.

The Change of Ownership form has been partially completed and only the X'd portions need to be completed. Once this form is completed, please return it to this office with proof of ownership of the land. This proof should be a copy of the Warranty Deed or signed Sales Contract, etc. This copy needs to show the legal description of this property now in your name. This form will change the Department's records to show you as the new owner for both Right No. 57-02240 and A02-07177.

The Standard Form 3, also enclosed, is a little more difficult. Water Right No. 57-02240 was submitted to the Snake River Basin Adjudication Court for decree in October, 1992. Water Right No. A02-07177 for the Snake River source has not been verified to submit for court decree, therefore, the Change of Ownership form is all that is needed for this right. Water rights from the Snake River are not scheduled for court decree for several years. In order for the Court to change the name on their record for 57-02240 the Standard Form 3 must be completed and signed by both the original owner and yourself. You should complete the portion entitled Consent to Substitution of Party. The portion entitled Attorney of Record Completing Form is to be used if you have an attorney complete this form. This form does not require that an attorney complete it to be acceptable and it is up to you whether you need one or not. Originally, this water right was submitted to the Court in the name of Charles Young. Since it may be difficult to obtain his signature, the legal staff here have indicated that if the Farm Home Administration would sign this form, along with yourself, and if you submit it to the Court with proof of ownership showing the trail from Young to Farm Home to yourself then the Court may accept the form. Please note that there are copies to be sent to other entities listed on the last page of the form. Once this form is submitted to the Court, they will notify you as to whether it is acceptable or not.

If you have any questions concerning the Change of Ownership form, please feel free to contact this office.

Sincerely,

JAN SHURTE
Water Rights Supervisor

RE: Claims filed in the Snake River Basin Adjudication

Dear Claimants:

The Department of Water Resources is now conducting beneficial use and water right claim verification examinations in your area. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, due to the oncoming winter months, we request that you contact our office at (208)334-2190 within two weeks to make an appointment at a time convenient for you.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be appreciated.

In some cases, the date of priority also needs to be verified. Recently, letters were sent to some claimants notifying them that evidence of the date of first use of their water right(s) was required. If you received one of these letters and have questions, we can address those during our examination.

If you have any questions or problems with the exam verification, please call within the two week period.

Sincerely,

KAY WALKER
Water Resource Agent
