IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM.

CIVIL CASE NUMBER: 39576

Ident. Number: A57-04054
Date Received: 12/20/1988
Receipt No: C004207
Received By: RAJ

NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

1. Name: MERVILLE A. ROBINSON 208-834-2852
Address: OREANA, ID 83650

AND/OR
Name: MARGARET V. ROBINSON 208-834-2852
Address: OREANA, ID 83650

2. Date of Priority: SEP 01, 1961

3. Source: GROUNDWATER Trib. to:

4. Point of Diversion:

Township	Range	Section	1/4 of	1/4 of	1/4	Lot	County
04S	01E	30	NW	NW		1	OWYHEE

5. Description of diverting works:
WELL, PUMP & PIPELINE.

6. Water is used for the following purposes:

Purpose	From	To	C.F.S	(or)	A.F.A.
IRRIGATION	03/15	11/15	0.800		

7. Total Quantity Appropriated is:
0.800 C.F.S. (and/or) A.F.A.

8. Total consumptive use is Acre Feet Per Annum.

9. Non-irrigation uses:

10. Place of Use:

Township	Range	Section	1/4 of	1/4	Lot	Use	Acres
04S	01E	30	NW	NW	1	IRR	26.0
Section Acres							26.0
Total Acres							26.0

11. Place of use in counties: OWYHEE

12. Do you own the property listed above as place of use? YES

13. Other Water Rights Used:

14. Remarks:

15. Basis of Claim: STATUTORY CLAIM

16. Signature(s)

(a.) By signing below, I/We acknowledge that I/We have received, read and understand the form entitled "How you will receive notice in the Snake River Basin Adjudication." (b.) I/We do _____ do not X wish to receive and pay a small annual fee for monthly copies of the docket sheet.

Number of attachments: 0

For Individuals:

I/We do solemnly swear or affirm that the statements contained in the foregoing document are true and correct.

Signature of Claimant(s): Merville A. Robinson Date: 12-20-88

Date: _____

Audit: 00/00/00

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

(7) If you are claiming water as a member of an organization, list name of organization:

THEORETICAL PUMP EFFICIENCY CALCULATIONS

FILE: A57-4054

DATE: 23-MAY-91

COMPLETE BY: LINDA WERNER

HORSEPOWER = 7.5

PUMP EFFICIENCY = 70%

* DYNAMIC LIFT = 55.6 FEET

SYSTEM PRESSURE = 60 PSI

QUANTITY = 0.24 CFS

* P.W.L. taken in May, 1976 by U.S.H.S.

Another P.W.L. was taken by myself on 5-20-91.

However - the water level in well had dropped to 86.7'. This is over 10' below the pump. And although the pump was on, this reading is not dynamic but static. The claimant stated he will probably have his pump lowered again.

He thought his water level had been affected by another individual's usage. I believe this usage is covered under 57-97043

I took 2 measurements; one w/ the pump on & one w/ the pump off. Both read 86.7'.

IRRIGATION RIGHT FROM A GROUND WATER SOURCE

Msmt. taken on 7-24-90.

A theoretical calculation is necessary to determine if a measurement is required for irrigation from a groundwater source.

=====

1. Using the found acres (or an estimate by the permit holder) calculate the acre-foot per annum limit. This is the volume that the system must be able to theoretically produce to exclude a rate of flow measurement.
2. Next, given the pump hp and the estimated dynamic water level, calculate the theoretical rate of flow that the system can produce.
3. Using the rate found in step 2 and the days in the permitted irrigation season, calculate the theoretical AFA that the system could produce. This volume is then compared to the first AFA calculation. If the theoretical volume (step 3) is greater than the irrigation requirement volume (step 1) then no measurement is necessary. If it is less, then you must make a diversion rate measurement during the field examination.

1.
$$\frac{26}{\text{Found Acres}} * \frac{5}{\text{Irr. Req.}} = \frac{130}{\text{AFA}}$$
2.
$$\frac{(17.5) \text{ HP} * 8.8 * (0.70) \text{ EFF}}{(61) \text{ Dyn Level} + (2.3 * \{60\} \text{ PSI})} = \frac{0.23}{\text{Theor. Div. Rate}} \text{ CFS}$$
3.
$$\frac{0.23}{\text{Theoretical Div. Rate}} * \frac{244}{\text{Days in season}} * 1.9835 = \frac{111.31}{\text{AFA}}$$

Note: for electrical motors
EFF = 0.70
for diesel motors
EFF = 0.60

OTHER RIGHTS LISTED IN CLAIM:

NO CLAIMS FOUND WITH SAME POU AND IRRIGATION USAGE

NO RIGHTS WITH SAME POU BUT NOT USED FOR IRRIGATION

have electricity turned on. He has not irrigated in 3 years due to a problem with mapp weed. He indicated that he does plan to irrigate but did not give a specific time frame.

11-29-90 - Went to Mr. Robinsons property on this date to do a polysonic mmt. on the well. No mmt. was obtained - the polysonic did not read out due to insufficient signal strength usually caused by inadequate flow in pipe. At this time I noticed the field had been plowed.

10" plastic, gated pipe.

6-6-91 - It has been difficult to get an accurate measurement from this well. We first contacted claimant in summer, 1990 to see when we could obtain a P.W.L. Electricity was off because claimant had been working with the S.C.S. to control a mapp weed problem →.

MICROFILMED

OCT 07 1992

Then - we tried to do a polysonic reading & were not able to obtain a flow because of insufficient signal strength.

I finally obtained a P.W.L. of 55.6' which was taken in 1976 by the U.S.N.S.

When the electricity was turned on I went out to get a P.W.L. on 5-20-91. See notes attached.

This pump is rated at 350 G.P.M.

* The flow recommended is $0.24^{0.52}$ cfs. This is based on historical use. Given the problems associated with this well I believe this is an accurate representation of the amount capable of being pumped.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no license, decree or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of first use, or "Priority Date", for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes the types of evidence required and explains what kind of documents will fulfill this requirement. While we encourage you to read the entire pamphlet, we would like to direct your attention to the right-hand half of this pamphlet once you open it. There you will find information concerning the evidence requirements mentioned above. The other sections describe to you why this evidence is necessary.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, cannot be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the above claim(s) have been or soon will be conducted by Department personnel.

Please submit the required evidence supporting the priority date(s) by December 1, 1990, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact a water resource agent in this office.

Sincerely,

Jan Shurte
 Water Rights Supervisor

RE: Called claimant to see if his well is
operating yet. When field exam was done
it was not operating & he stated he would
have it going sometime this fall.

- No answer @ 0900

12:25- He is finishing up putting pipelines
in & should have well ready to go by
next week. He will call Roxanne
when its ready
