RE: Notice of Claims to Water Right Nos. 57-04091, 57-10552,
57-10553 and 57-10555

Kenneth or Darlene Metzger
Rt. 2, Box 2
Homedale, ID 83628

Dear Mr. and Mrs. Metzger:

We are in receipt of Notice of Errors you submitted in regard to the above referenced Notice of Claims.

In regard to Notice of Error for Claim 57-04091:

This claim was filed for this irrigation of 14 acres and an amount of 1.0 cfs of water. In Idaho, we recommend an amount of one inch of water for each acre of land. The amount of 0.28 cfs, that was recommended in our proposed preliminary report, is equivalent to Idaho standards of one inch per acre.

On July 30, 1991, I sent you a letter and a form entitled, "Fact Sheet for Excessive Irrigation Flows", requesting evidence supporting the use of the amount of water you claimed. As of this date, I have not received the completed form. Again, you will find enclosed a "fact sheet for excessive flows" which must be completed and returned to our office in order to substantiate the amount of water you have claimed. We must have the completed form returned to this office on or before September 20, 1992, in order for the Department to consider the excessive amount of water you have claimed.

In regard to the Notice of Errors for Claim Nos. 57-10552, 57-10553 and 57-10555:

Pursuant to a field examination of these wells, conducted by Robert Whitney (of this office) on September 19, 1990, Mr. Metzger stated that there was no stockwater use from any of the wells. In Idaho, "domestic use" includes use of water for a home, livestock, and for any other purpose in connection therewith, including irrigation of up to one-half ($\frac{1}{2}$) acre of land, if the total use is not in excess of thirteen thousand (13,000) gallons per day. It has been determined that a beef cow needs 12 gallons of water per day. In light of this, any future stockwater use from the wells would be covered under the "domestic" definition unless the amount exceeded 13,000 gallons per day.

RE: NOTICE OF CLAIM NO. A57-04091

Kenneth or Darlene Metzger
Rt. 2, Box 2
Homedale, ID 83628

Dear Claimants:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claim listed above. All claims with an A57 prefix number are being reviewed at this time. If you have other claims with this prefix, that are not shown here, we may be contacting you again if questions should arise during their review.

This claim is based on "Beneficial Use". Two requirements must be met before we can recommend the amount of water that has been claimed. First, there must be actual use of the amount claimed. Secondly, this amount of water must be put to **beneficial** use. Our initial investigation indicates that the following amount(s) may not be reasonable for the purposes for which they are claimed:

<u>Claim No.</u>	<u>Nature of Use</u>	<u>Amount Claimed</u>	<u>Reasonable Amount</u>
A57-04091	Irrigation	1.0 cfs	0.28 cfs

In order to establish a right to the amount of water claimed, you must submit evidence which supports your use of that amount. Enclosed for your convenience is a form entitled "Fact Sheet for Excessive Irrigation Flows". In order for our Department to make recommendations on your claim we must have this form completed and returned to our office within the next two weeks.

MICROFILMED

OCT 07 1992

Your response must be received by the date noted above. If the requested information is not received, then we will recommend the amount(s) noted in the right-hand column above.

Thank-you for your cooperation. If you should have any questions, or feel that you need help in any way, please feel free to contact me at (208)334-2190.

Sincerely,
