RE: Permit and/or Adjudication Claim No.s A57-07021 - 10578

Dear Claimant(s):

The Department of Water Resources will be conducting beneficial use examinations and water right adjudication claim verification examinations for Owyhee County from July thru November 1990. Once the beneficial use examination or claim verification is made, your water rights will be recommended for licencing by the department or decree by Judge Hurlbutt in the Fifth District Court. The recommendations will be based on our findings in the field.

Information on your permit or claim that may need to be verified, includes source(s) of water, uses and amounts, legal descriptions of point(s) of diversion, place of use and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication. Some of your claims may only need a small amount of verification if there are no changes in the manner in which they were previously documented and examined in accordance with the State's permitting, licencing and/or decree process.

Although it is not mandatory that you accompany the field examiner, should questions arise during the exam, it would be most helpful for yourself or a knowledgeable representative to be available for a short time during the field exam. This would help speed up our findings and help collect information for your rights to be recommended to the court.

A field examiner will be calling or writing you for the scheduling of this (these) field exam(s). We can either meet you at the place of use or a place of your convenience. This may be determined at the time we contact you.

If you have questions regarding this letter or prior to scheduling, please call 334-2190 and ask for either Steve Lester or Ron Howerton.

Sincerely,

Ron Howerton

Senior Water Resource Agent
