II. STATEMENT OF THE RESPONSE

1. ☒ Name and Address: I respond to the objection concerning the name and/or address of the owner of the water right.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 1 and all allegations of the objection regarding this item IDWR responds as follows: This is a dispute over the ownership of a water right between the owner of the place of use (the United States) and the holder of a federal grazing permit to these lands (the objector). Generally, in landlord/tenant type disputes over the ownership of a water right based on appropriation, the water right is presumed to be owned by the owner of the place of use unless a mutual intent to the contrary is clearly shown. As to this water right, the objector did not submit evidence to IDWR sufficient to overcome the presumption. IDWR therefore denies the objection and all allegations of the objection not expressly admitted herein.

REASONS SUPPORTING EACH BOX CHECKED

(BOX 1) This water right was developed by historic use for stockwater by private individuals on unappropriated open range. Our current Federal grazing permit is based on that historic use and was awarded through an adjudication process in 1935. Our privately owned grazing permit can be bought, sold, traded, inherited and taxed and is totally dependent upon our continued ability to use this water right. Therefore the name on this water right should be ours.
