Dear Mr. & Mrs. Randall:

On October 1, 1992, we will submit to the court for decree your Water Right No. 57-07084D. Recently, you received a copy of the license issued for this right.

During the claims taking for Owyhee county you were also required to file a notice of claim to a water right on this existing water right. A claim was filed, however, this claim was never signed and notarized by you. I was in the final steps of preparing this right for submittal to the court and noticed that a signed claim was never submitted after it was requested in my letter dated February 11, 1991. In order for your claim to be legally filed, we must have a signed and notarized claim form in our file. I will proceed to submit this right for court decree, however, if you do not resubmit the enclosed claim, signed and notarized, this right could be jeopardized in the future. There are no fees required, only a signed claim form.

Enclosed is a copy of this claim, which reflects the recent licensing of the right. Please sign the claim before a notary and return it to this office as soon as possible. Either one or both of you can sign. Thank-you for your cooperation in the past and now concerning this matter.

Sincerely,

JAN SHURTE

The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. Stockwater use is for 15 range cattle or horses; domestic use is for 1 home.

Witness my hand this 29TH day of July, 1992.

H. REMARKS AND OVERLAP REVIEW ANALYSIS

JOHN NOYES'S EXAM SHOWS ONLY STOCKWATER USE. HOWEVER, HE DID NOT HAVE THE PERMIT HOLDERS THERE AT THE TIME OF THE EXAM AND ONLY SAW THE STOCKWATER USE WITH NO HOME BUILT. IN CONVERSATIONS WITH MR. & MRS. RANDALL THEY BOTH SEPARATELY STATED THAT WHEN THEY GO TO WORK AT THEIR PROPERTY, THEY DO USE THE WELL FOR DRINKING WATER & TO KEEP THE SURROUNDING AREA GREEN FOR MAINLY FIRE PROT. AT THIS TIME, THEY AGREED THAT NO IRRIGATION OF MORE THAN THE AREA AROUND THE PUMPHOUSE (WELLHOUSE) & CORRALS OCCURS. SEE JOHN'S PHOTO OF THE P.D. & P.U.. DUE TO ADDITIONAL INFORMATION UNCOVERED DURING THE ADJ. CLAIM PROCESS, I RECOMMEND DOMESTIC USE FOR 1 UNIT W/LAWN IRRIG. THIS IS COMMONLY RECOMMENDED FOR VACATION LOTS WITHOUT A HOME WHERE OWNERS CAMP & USE THE WATER WHILE THEY ARE THERE.

I. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
DOMESTIC - 1	1-1	12-31	.04 CFS	1.2 AFH
STOCKWATER	1-1	12-31	.02 CFS	.2 AFH

NOTE: IF ADDING STOCKWATER REQUIRES AN AMENDMENT, THEN EXAMINER'S SIGNATURE MUST BE ADDED TO THE AS DOMESTIC WITH STOCKWATER UP TO 15 HD AS PART OF THAT DOMESTIC USE.

2. Recommended Amendments

Dear Mr. & Mrs. Randall:

Pursuant to our telephone conversations concerning your Claim No. A57-07084D, I have requested a refund of your \$50 exam fee and am pursuing the possibility of refunding a portion of the \$60 adjudication claim fee submitted. This fee was based on the irrigation of 10 acres at a \$1 per acre plus a \$50 flat fee. Since there is only a small area of irrigation, not over 1/2 acre, along with stockwater use and some domestic use, the fee for a domestic/stockwater claim is \$25. If a refund is approved, it would be for \$36. I have submitted a request and we'll let you know the outcome. The \$50 exam fee should be approved with no problems.

As a result of the field exam conducted in 1985, plus our phone conversations concerning the domestic use from the well, we will recommend to the court your claim as shown on the enclosed computer generated copies of your claim. If you agree with the changes made to this claim, please sign the copy not stamped in red, have your signature notarized, and return the claim to my attention within 30 days from the date of this letter. Either one or both of you may sign the claim. Regarding the 10 acres irrigation, please remember that you can still file a new application for permit to irrigate 10 acres or more when you feel you are ready to develop the water system. We cannot grant a right under this claim for more than what has been irrigated in the past.

Please feel free to contact me if you have any questions concerning this letter or our recommendations.

Sincerely,

MEMORANDUM

TO: Rita Fleck

FROM: Jan Shurte

SUBJECT: Exam fee refund

In processing this water right for court decree, some items came to our attention. First, the exam fee notice was sent on June 25, 1987, since it appeared no exam had been conducted. At that time, all field examiners were to submit lists of exams they had not finalized, but had conducted prior to July 1986. For those permits no exam fee was required and no exam fee letter was sent. This last fall, when Forrest retired, he found several field exams conducted by John Noyes, that John had left with Forrest when John retired. Among these was a field exam for this permit that John had conducted on May 7, 1985. Therefore, the Randall's should not have received an exam fee letter, for which they did pay a fee on February 13, 1989, due to my advice when I assisted them during claims taking.

I feel this fee should now be refunded since the exam was conducted prior to exam fee requirements.

Please let me know what the decision is on this refund for our files.

Thanks Rita!

Jan

Note on orig. to Rita stated that the priority date should remain the same & not advanced due to the exam fee being late - since none should have been required.

Re: Michael & Charlene Randall
57-07084 & A57-07084D

This couple has both types of claim (see above). Both are filed for 10 acres of irrigation, domestic and stock. Based on conversations with Mrs. Randall; when you go out in the field to do the exam, you will not find 10 acres irrigated, no home on the place or any stock there. You should find a well!!!, a shed and the acreage will be fenced. (There should be sign of stock though.) There is no electrical box at well, the electric company took it off last year to avoid vandalism.

Because there is no sign of irrigation, the 10 acres won't be able to be recommended but you should still be able to recommend the right for domestic and stock. The basis for recommendation of domestic and stock would be that the well is used occasionally when they are working at the place for non-culinary usage and they have had stock there. For the 1/2 acre irrigation, I was told that they are irrigating this much for some trees and vines.

Also, a copy of well log is attached but I don't believe this is the well in question. Mrs. Randall told me that their well was drilled in 1982. (No record in file.) However, the Hallberg's are the people who initially filed on this water right, then they divided the place up and sold parcels off. What I'm wondering is-was Mrs. Randall mistaken when she told me the well was drilled in 1982? If not, then there should be two wells in this 40 acre section.

I leave this in your capable hands.

P.S. - We have no signed claim in the file.
Would you have them sign another claim?

Called claimant today to set up a field exam for both water rights.

T. they are not sure 10 acres - they're only watering 1/2 acre plus stockwater. T. there is no house on site but they do use the well for drinking & handwashing, etc. Told her she may want to relinquish permit & withdraw claim. Said we need to come out & do a field exam & if 10 acres is not sure they will not receive a license for it anyway. She is going to discuss this w/ spouse I call me back on Monday ⁽⁹⁻²⁴⁻⁹⁰⁾. I told her she may receive a refund if she withdraws her adj. claim but not one if she relinquishes permit. They may go ahead & put in pipelines & have us examine it, or relinquish permit & amend claim to domestic / stock only.

9-24-90 - She called me back today. Said she wanted us to come out & examine anyway. Set it up for 10-18 @ 1:30

RE: Permit and/or Adjudications Claim No.s 57-7084D

AS7-07084D

Dear Mr./Ms. :

The Department of Water Resources will be conducting Beneficial Use field examinations and water right claim verification examinations in your area during the weeks of 7/23 to 8/3. These Beneficial Use and verification field examinations and verifications are required by Idaho Code. Once the Beneficial Use examination or claim verification is made, your water rights will be recommended for licensing by the Department or decree by Judge Hurlbutt in the Fifth District Court. The recommendations will be based on our findings in the field.

Information on your permit or claim, which may need to be verified, includes source(s) of water, types and amounts of water used, legal description of the point of diversion, legal description of the place of use, and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication. Some of your Adjudication Claims may not be subject to verification as they have not been claimed in the Snake River Basin Adjudication differently from the manner in which they were previously documented and examined in accordance with the State's permitting, licensing and/or decree process.

In order to expedite the Beneficial Use field examinations and claims verifications, we request that you call our office at 208-334-2190 and establish an appointment during one of these weeks. Although it is not mandatory that you accompany our field examiner, it would be helpful for you or someone who knows the intricacies of your delivery system to accompany the field examiner should questions arise during the exam, in order that they make recommendations to the department or court which most accurately reflect the water rights.

MICROFILMED

Based on our initial review of your water rights, the field examination will take approximately 4 hours.

Please reply within 15 days of receipt of this notice and reference the water right numbers, the time we have approximated for the field exam, and the undersigned senior agents, who will be conducting the exam. If there are extenuating circumstances preventing the field examination of your water rights during this week, please contact us and arrangements can be made to resolve the scheduling conflict. Failure to reply or have the field examinations performed may result in inaccurate recommendations.

Bruce A. Schuld

Dear Mr. & Mrs. Randall:

Enclosed is your Notice of Claim for Water Right No. A57-07084D along with receipt #W002199 for the exam fee and claim fee. Also enclosed is a map of the area covered by your water right with the quarter-quarter outlined.

Your portion of this right included 20 acres within the (NE 1/4 SE 1/4, SE 1/4 SE 1/4) Sec. 11, Twp. 15, Rge. 3W for 20 acres. Then when we spoke on the phone it was decided to file on 10 acres rather than 20. My question concerns the location of those 10 acres. Since two quarter-quarters were listed for 20 acres we need to designate which quarter-quarter the well is in and the 10 acres. I have put the quarter-quarter closest to the highway on your claim. Please mark the locations on the enclosed map and return it with the claim to my attention. We can then be sure the legal description is correctly described on the claim. Your signature must be notarized for this form.

If you have any questions concerning this claim, please feel free to contact me.

License Examination Fee

Department of Water Resources
Western Regional Office

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on June 3, 1988, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 3, 1987.

If the permit lapses, it can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 1, 1988, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.
