HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

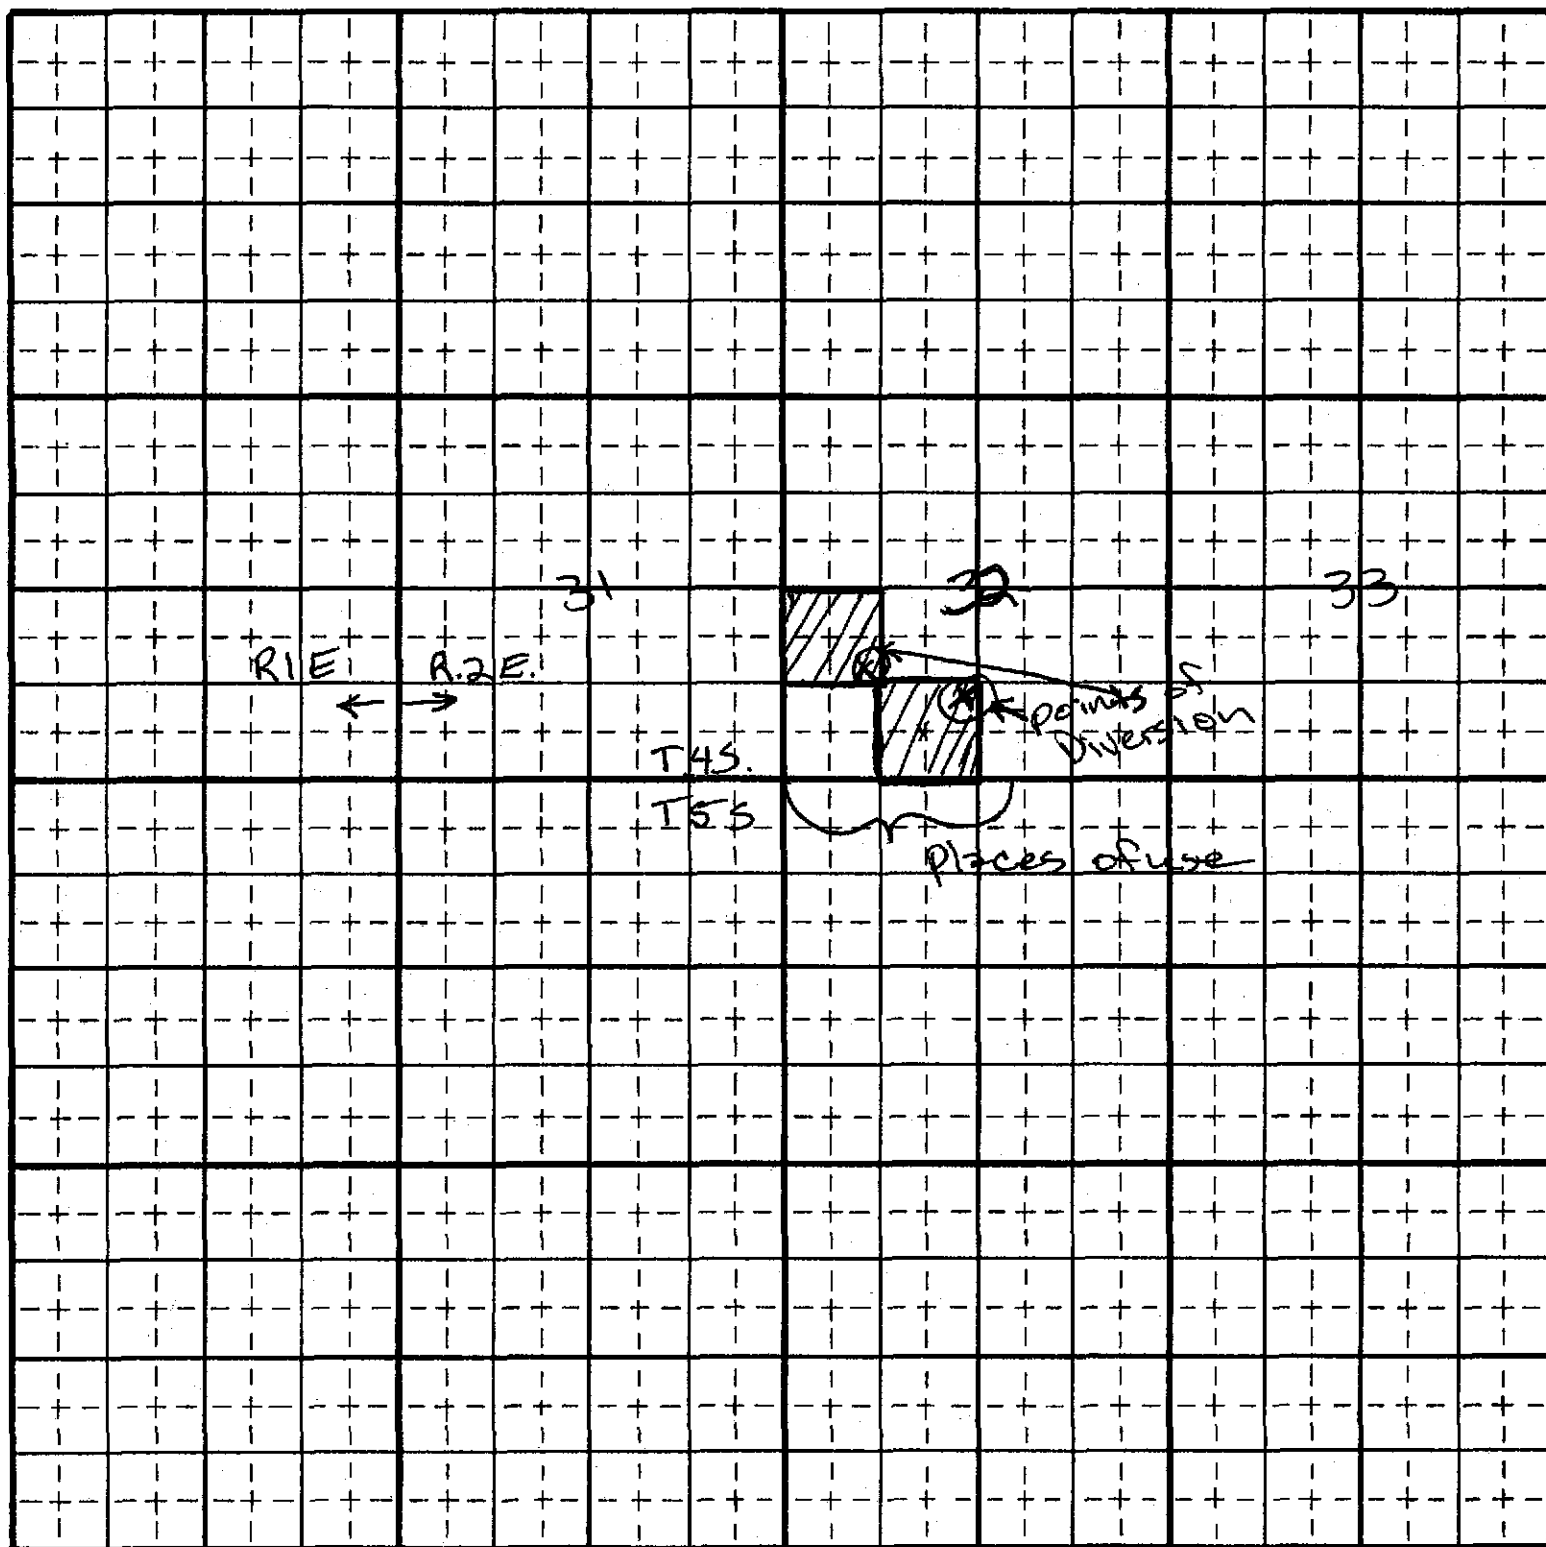

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

C. OVERLAP REVIEW

1. P/D overlap in same 1/4 1/4.

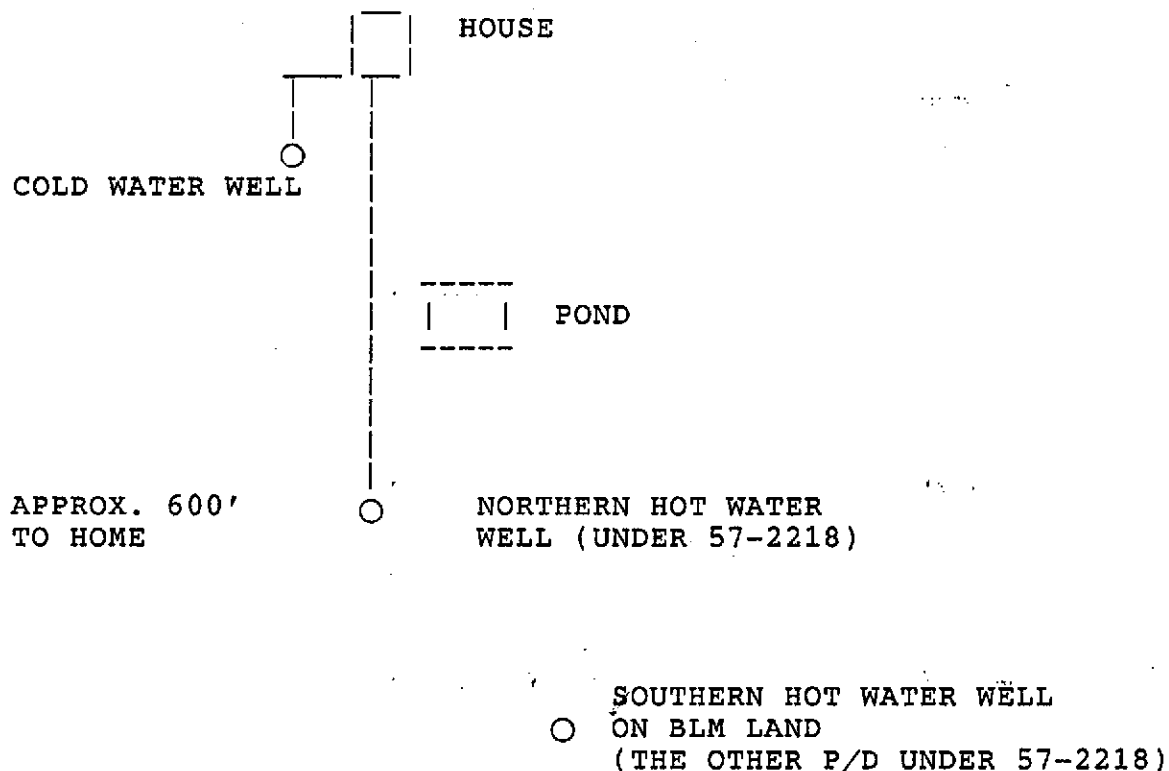

57-07502. This is a permit and is the same source with a later priority and is not considered for overlap review.

57-02218. This is a license for irrigation and has partial overlap as one of the wells is the same source, but is no longer used.

2. P/U Overlap in same 1/4 1/4.

57-02218. This is an irrigation right with two P/D,s. One P/D overlaps with this permit and the other does not. Neither well is currently used for irrigation. The overlapping well is the northern well which is located approximately 600 feet south of the house. The southern well is on BLM land according to Dan Jordan is not being used for irrigation either. 57-02218 was claimed by both Envirosafe and Dan Jordan originally but relinquished both claims as no irrigation was occurring and has been recommended for disallowal in the adjudication proceedings. Therefor this overlap is also being ignored in the licensing recommendations. Both of the wells described above are artesian hot water wells. Another well that will be included in the licensing recommendation is a cold water well located between the house and the northern hot water well.

D. SYSTEM DESCRIPTION (General system description)

2. Narrative

The system consists of two wells tied into the home. The cold water well supplies the domestic use and sprinkler system. This well is not an artesian well, it has a submersible pump and the data on it is unknown. The hot artesian well is located south of the pond, uses a 1/2HP pump (Jacuzzi 5KC39QN1155X) and supplies the home heating. The overflow goes into a small pond located near the well. The hot well has a new permit on it (57-7502) the use is ignored for this licensing recommendation. Livestock use was applied for by original owner and was not found with current owner. He doesn't intend to develop that use at this time.

E. FLOW MEASUREMENT DESCRIPTION

1. Diagram N/A

2. Narrative N/A

Horsepower Equation for the hot water well.

$$\frac{(8.8) (0.5\text{Hp}) (0.7)}{\{(2.31) (0)\} + 5} = 0.62 \text{ cfs (Home heating)}$$

Data for the cold water domestic well is sub... pump and is unknown to owner.

2. Volume Calculations for Heating (1Home)

Heating 1 Home; 0.6 Afa

H. REMARKS

Changed stock use on permit to heating and treat as D/1 internal use in terms of volume. This volume of .6 A.F. is within permit limits implied for stock (200 hd.X 12GPD X 365 Days Per Yr/ 325850 = 2.7 AFA) so no expansion occurs.

RE: Both DAVID HODGE (ENVIROSAFE) AND DAN JORDAN HAD FILED
ON A IRRIGATION CLAIM A57-02218. Both parties had come
in together to clear up this problem. ENVIROSAFE HAD FILED
ON THIS BECAUSE THEY HAD A PROPRIETARY INTEREST. (DAVID HODGE) REP.
DAN JORDAN FILED ON THIS BECAUSE ONE OF THE WELLS OF THE
2-ON THIS LICENSE WAS SERVING HIS HOME* THAT BURNED DOWN.
In which he is putting a trailer or replacing. After explaining
to both parties that if NO IRRIGATION WAS OCCURRING AND
hasn't been used for IRRIGATION FOR OVER 5-YEARS Then
the right probably was GONE. Then Mr. JORDAN RELINQUISHED
his claim A57-02218A AND DAVID HODGE RELINQUISHED
HIS SINCE HE NO LONGER HAD A PROPRIETARY INTEREST AND
both requested a refund. (DAN HAS A PERMIT FOR FISH PROPE HEATING)*

The well that Mr JORDAN is using for DOMESTIC, Stock
had a permit on it (A57-07103 CLAIM #) this was ALSO
claimed by ENVIROSAFE AND AGAIN BECAUSE THEY THOUGHT they
had a proprietary interest had claimed it too. ENVIROSAFE
WISHES TO LET DAN JORDAN AMEND THE CLAIM TO him with
no cost for the 25.00 PAID by ENVIROSAFE (0005206)

I have amended A57-07103 to Dan and sent a request
for refund and relinquishment to the S.O.

* OTHER WELL IS ONLY USED FOR STOCK AND NOT ON EITHER CLAIMANTS LAND AND
THEY HAVE NO INTEREST IN IT.

RE: Permit and/or Adjudication Claim No.s A57-02218A

Dear Claimant(s):

The Department of Water Resources will be conducting beneficial use examinations and water right adjudication claim verification examinations for Owyhee County from July thru November 1990. Once the beneficial use examination or claim verification is made, your water rights will be recommended for licencing by the department or decree by Judge Hurlbutt in the Fifth District Court. The recommendations will be based on our findings in the field.

Information on your permit or claim that may need to be verified, includes source(s) of water, uses and amounts, legal descriptions of point(s) of diversion, place of use and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication. Some of your claims may only need a small amount of verification if there are no changes in the manner in which they were previously documented and examined in accordance with the State's permitting, licencing and/or decree process.

Although it is not mandatory that you accompany the field examiner, should questions arise during the exam, it would be most helpful for yourself or a knowledgeable representative to be available for a short time during the field exam. This would help speed up our findings and help collect information for your rights to be recommended to the court.

A field examiner will be calling or writing you for the scheduling of this (these) field exam(s). We can either meet you at the place of use or a place of your convenience. This may be determined at the time we contact you.

If you have questions regarding this letter or prior to scheduling, please call 334-2190 and ask for either Steve Lester or Ron Howerton.

Sincerely,

Ron Howerton
Senior Water Resource Agent
