Mr. Keith Higginson, Director
Idaho Department of Water Administration
Statehouse Annex
Boise, Idaho

Dear Keith:

The South Board of Control, Owyhee Project and Gem Irrigation District do hereby protest the application For Water Permit, Permit No. 57-7118 filed by Ronald C. and Diana G. Rose for 0.12 c.f.s. of water from a project drain.

I have enclosed a letter to Mr. Rose that I believe explains our reason for protest.

This is a project drain and the South Board maintains it.

The quantity of water is not in question but we do ask that a proper installation is made, especially at road crossing points, so that it is not a hazzard which collects weeds and trash and does not interfere with the normal water flow. It should also be such that cleaning operations may be carried out by district equipment.

As of this date Mr. Rose has not returned our license agreement. He did call and I explained what we required to fulfil the agreement.

Yours very truly,

Tom Cotton

Mr. Ronald C. Rose

Homedale, Idaho

Dear Mr. Rose:

I have seen in the Owyhee Chronicle your Notice of Application for Water Permit.

The drain you refer to is under the jurisdiction of the Gem Irrigation District. The water in it belongs to the district in that it is developed within the district.

There is plenty of water in this drain and I doubt if the Board of Directors would have any objection to you using it.

We have a License Agreement which you must fill out and submit before the board will consider your request.

I am enclosing two copies of the agreement. One is for our records and the other is for you.

If you have this agreement into our office before May 3, 1974, I will submit it to the board for their consideration at the May 7 meeting. If it is not in our office before May 3 I will have to protest the filing to the Idaho Department of Water Administration. Their deadline for filing protests is May 6, 1974.

Yours very truly,

Tom Cotton, Secy-Mgr.

DEAR MR. ROBC

As have been in the other chronicle your notice of
Application for Water Permit.

The drain you have been under the jurisdiction of
the Commission of the Idaho Department of Water Resources
the district in that it is developed within the district.

There is plenty of water in the area and I doubt
if the Board of Directors would have any objection to
you using it.

We have a license agreement which you can fill out
and submit before the board will consider your request.

As enclosing two copies of the agreement, one is
for our records and the other for you.

You have the agreement and you can fill it out before
March 1974. We will submit it to the board for their con-
sideration at the May meeting. If it is not in our con-
fidence before May 1st we will have to protest the filing to the
Idaho Department of Water Administration. Their deadline
for filing protests is May 6, 1974.

Yours very truly,

Tom Cotton, Secy-Mgr.
