CONVERSATION MEMORANDUM

DATE 12/22/1997FILE 57-07176NAME OF PARTY Dan Hogan

A02-07415

EMPLOYEE TTinicucci

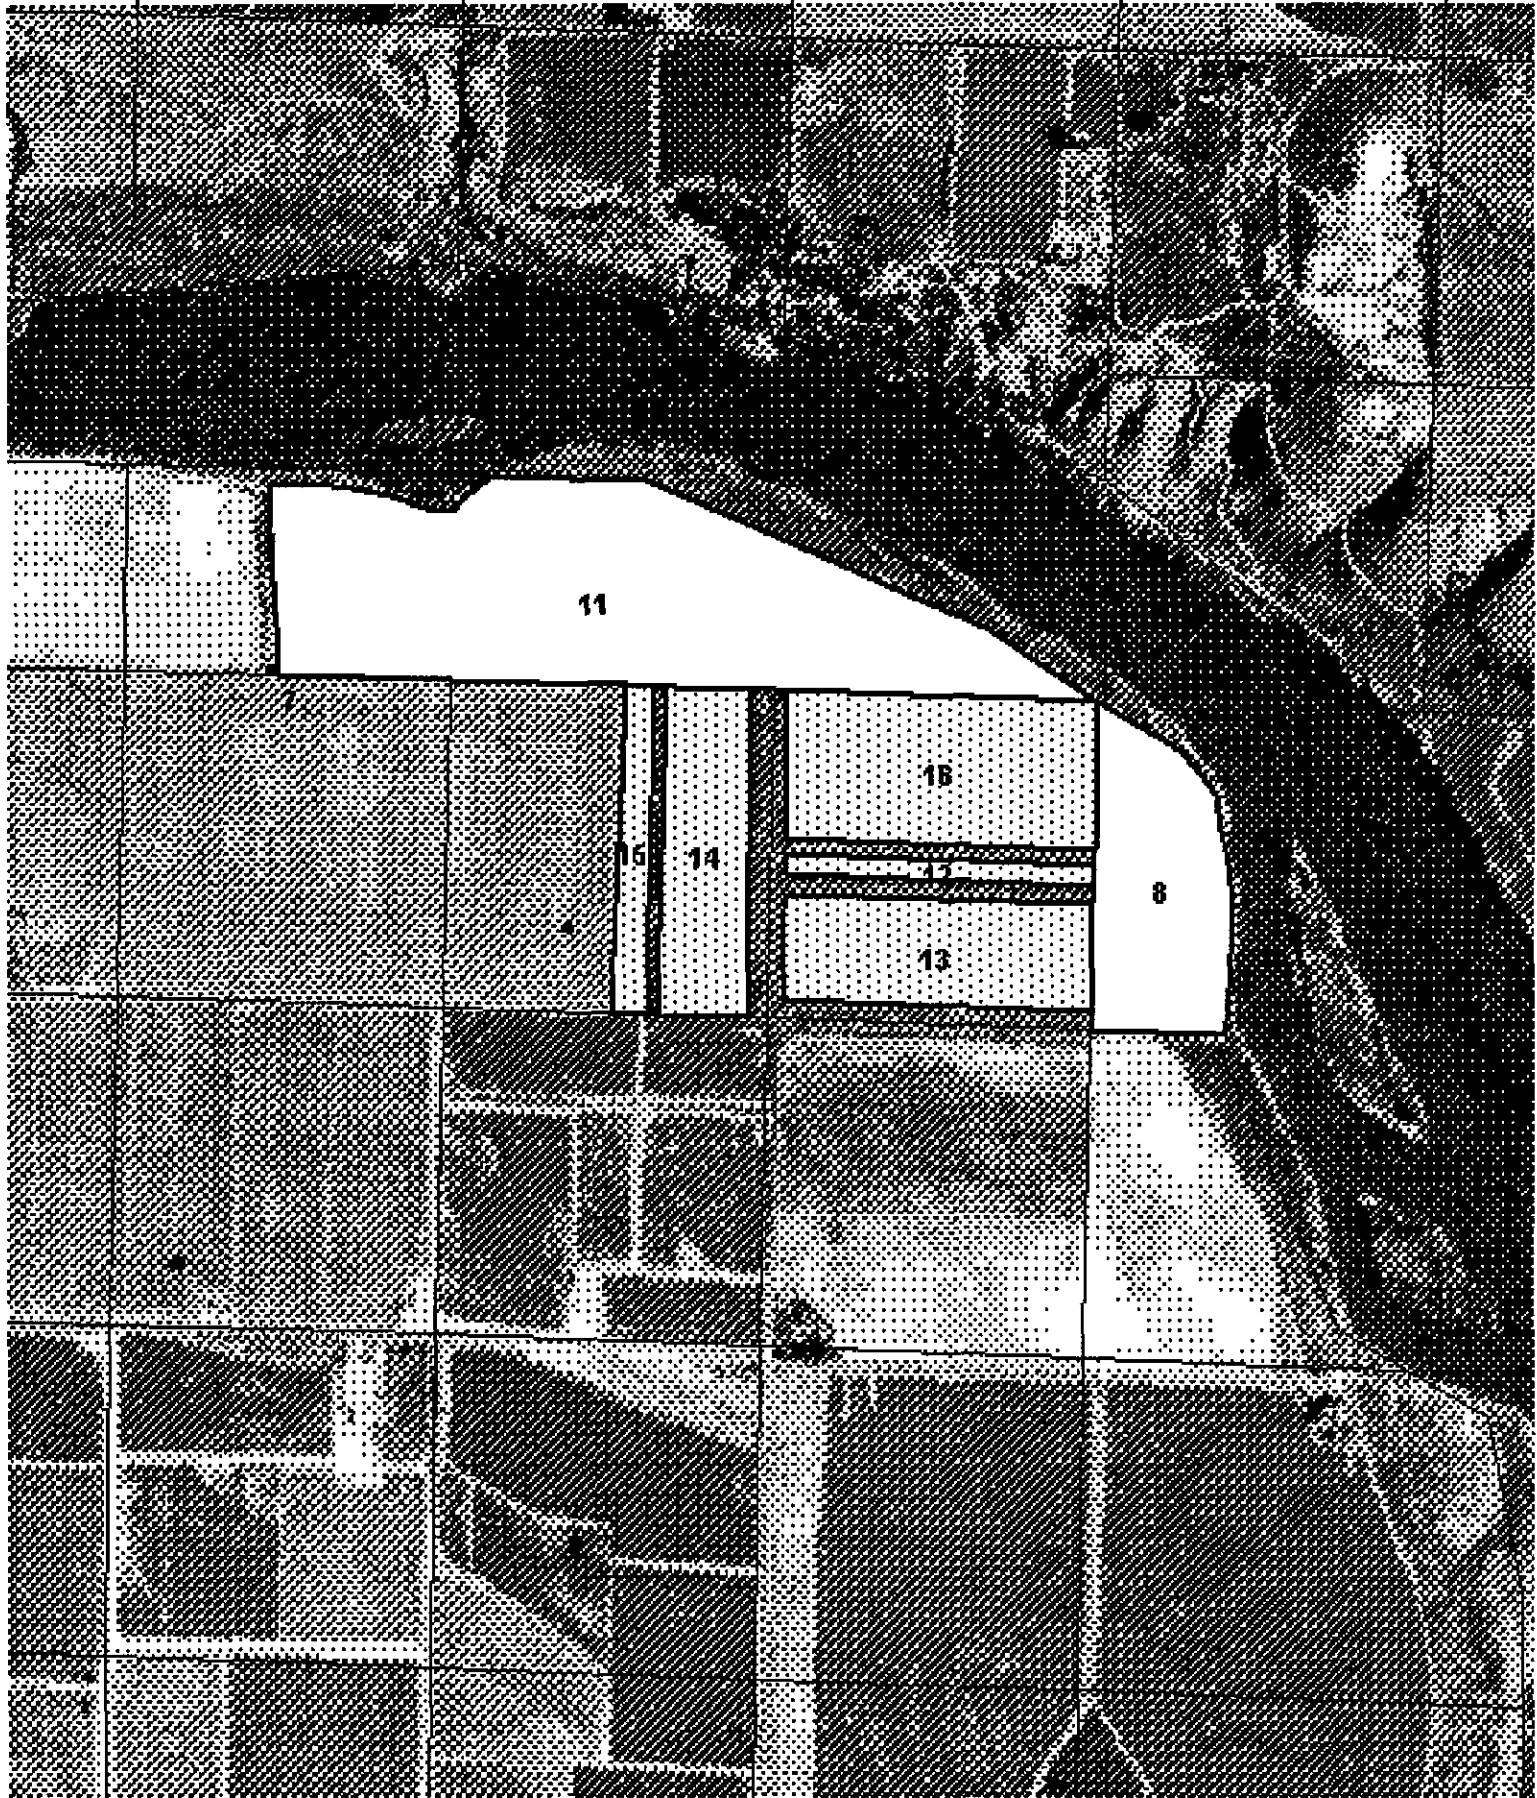

A02-02432

RE: MR. Hogan came into the office today to discuss the partial decree for A57-07176 that he received recently. He agrees with everything described in the partial decree but had ~~at~~ questions about the discrepancies between 57-07176 and 02-07415. The 02 right is for less acres than 57-07176 even though the two rights irrigate the exact same acres via the same diversion system.

We discussed several options:

- ① Expansion claim (of 02-07415) to claim the additional four acres. This would require evidence that the expansion occurred previous to commencement of the SRBA.
- ② B/U claim on the total acres from the Snake River. This claim would take the place of A02-07415 although that license would not be lost if the B/U claim was not recommended. Evidence of priority would be required.
- ③ ~~Object~~ Filing an objection to the recommendation of A02-07415 when it is submitted to the court.

Mr. Hogan will null his options. He will not take any action at this time. He has no objection to 57-07176 as recommended (we reviewed P/D + P/U descriptions + amt. of water).

I hope that our recommendations now meet with your approval. If you have any further questions or problems with this recommendation please contact me at your earliest convenience.

I. Issues identified by claimant: Claimant stated that there is no Gem Irrigation District water appurtenant to the 61 acres covered under this claim and previous license.

II. Additional information provided by claimant: Notice of Error forms submitted by Dan B. Hogan and Barbara B. Hogan which state that Gem Irrigation has never delivered water to these lands.

III. Changes to be made to original recommendation: Remove condition "W01" which states: "Use of this right is combined with water from Gem Irrigation District."

IV. Reasons provided claimant for original recommendation: A place of use overlap on data base showed lands in SENW, S19, T04N, R05W possibly overlapped with Gem water. In reviewing Wilder (1981) ortho-photo quad, I find that I did not check the map carefully enough and there is no place of use overlap.

V. Action taken (date): Removed condition "W01" from this right. 8/17/1992
