HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Re: examination of Permit/Adj. Claim

=====

This Permit was originally filed in 1979 by Richard and Janice Echevarria with William and Alice Murphy. The Permit was amended in 1980 to change the source from the Snake River to an unnamed drain.

The Murphys and Echevarrias assigned the Permit to FmHA in 1985. FmHA filed Proof of Beneficial Use on July 7, 1987. Both FmHA and Richard Echevarria have filed Adjudication claims on this right.

In 1987, FmHA was notified that a field exam would be done that irrigation season. Tom Dobbin informed Carter Fritschle that the land was not irrigated in 1987. In 1988 the land was again not farmed and the diversion works could not be examined due to damage caused when the irrigation company cleaned the drain.

In 1989, when the Adjudication claims were filed, Mr. Echevarria was evidently in the process of resecuring the property from FmHA. This did not happen; as of this date, FmHA is in control of the property. There is evidence in the Permit file to suggest that the land was not farmed in 1989. The land was not farmed in 1990 or 1991.

I tried to field examine this property in 1990. A pump was in place but there was no power. The land was dry and there was no evidence of an irrigation system.

Re: Permit No. 57-7265
(FmHA Inventory Property William Murphy)

This letter is in reference to an Order To Show Cause dated September 23, 1991, Before the Department of Water Resources, State of Idaho.

The Order states that "the land proposed to be irrigated under the permit was not irrigated during the 1987, 1988, 1989, 1990 and 1991 irrigating seasons". Please be advised that the Farmers Home Administration (FmHA) has been under a Moratorium since 1987 preventing leasing of this property. Prior to the Moratorium, the property had been operated and irrigated.

The permit was approved December 23, 1980. During the years since that approval date, the following persons have operated/irrigated the property for the years indicated:

1980, 1981, 1982, 1983 William Murphy and Richard Echevarria
Box 897, Homedale, ID 83628

Mr. Echevarria has lived in the home on the property since 1979 and verifies by signing below that he can also attest to the use of water on the property.

Our records of this property show the following persons leased and operated this property in the years indicated:

1984 Ethington Farms, Route 1, Homedale, ID 83628
1985 Roger and Dennis Kora, Box 846, Homedale, ID 83628
1986 Roger and Dennis Kora, Box 846, Homedale, ID 83628
(also enclosed is a copy of an Idaho Power Company bill from 1986 in the name of Roger Kora on said property)

Had the Moratorium not been in place, the property would have been leased and irrigated during the years in question. We anticipate clearance in the near future to again lease the property or list the property for sale. For this reason, we request that the Department not cancel this permit.
