A *Partial Decree* was entered for the above-captioned irrigation water right on February 9, 1998. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on July 26, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 2, IDWR Basin 57, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-15 to 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

Re: Issuing Licenses

Permits standing possibly on the threshold of going to license, are pending for decree in the SRBA Court. My preference is to deliver a bona fide water right to these claimants rather than a restatement of the permit for a right only as good as the license issued. These permits had Proof submitted in 1987 through 1991. To my knowledge with the computer down today, field exams have been done and are awaiting transmittal to the State Office or field exams are pending. The permit numbers are:

WR No.	Use	Owner
57-07155	Irrigation	Giusti <i>KAT</i>
57-07265	Irrigation	FmHA <i>Row</i>
	Irrigation	King <i>RAY</i>

I have pressed Jim Johnson about issuing licenses on two other permits in Basin 57 where the baton, I believe, has been passed by the Western staff. My request is to have these licensed by January 5, 1998, if the required paperwork is at the State Office. I would hope the three permits at Western can move equally fast. I think we can deliver to these permit holders/claimants the service they deserve.
