has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated June 23, 1983; and has submitted Proof of Beneficial Use on September 16, 1983. An examination indicates that the works have a diversion capacity of .040 cfs of water from a GROUNDWATER source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	03/15 to 11/15	0.04 CFS	10.0 AF

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 5.0 afa per acre for the lands above.
6. Two points of diversion are located within the SENE, S24, T3N, R5W.

IN THE MATTER OF PERMIT
NO. 57-7380/ IN THE NAME OF
THOMAS OR COLETTE KUDLO

ORDER OF REINSTATEMENT

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 57-7380 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 57-7380 to appropriate the public waters of the State of Idaho with a proposed priority of JUNE 23, 1983.
2. On APRIL 03, 1987 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on JUNE 02, 1987.
3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

MICROFILMED
OCT 07 1992

4. The license examination fee was received on
JANUARY 09, 1989, 586 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 57-7380 should be advanced 586 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 57-7380 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 57-7380 is advanced to JANUARY 30, 1985.

Dated this 14th day of January, 1991.

Dear Mr. & Mrs. Kudlo:

In our review of your Notice of Claim to a Water Right No. A57-10280 filed for domestic and stockwater purposes in Owyhee County, we discovered an additional existing water right permit for which no adjudication claim was filed. This existing water right is Permit No. 57-07380 and a copy is enclosed for your review.

This permit was originally filed on June 23, 1983, for the irrigation of 2.5 acres and 8 inches, or .08 cfs of water. Then proof of beneficial use was completed and filed on January 9, 1989, stating 2 acres of irrigation for 2 inches of water. A field exam was conducted on June 27, 1989, and 1.6 acres of irrigation were found. The examiner's report also states that one of the wells covered by this permit has been sold to Phil Jerome along with a portion of the property under this permit. The exam also indicated that you have one well for domestic lawn irrigation and stockwater use plus this well which is used for an additional 1.6 acres of irrigation.

It is assumed then that the domestic and stockwater claim referenced above was filed to cover the one well for your home, lawn and stockwater use. A claim is also required for Permit No. 57-07380 covering the 1.6 acres of irrigation from your other well in order to prevent this permit from being cancelled once claims in your area are decreed. Our report for claims in your area is due by November 8, 1991, therefore, enclosed is a partially completed claim form for your review. If you decide to file this claim, please sign the last page before a notary and return the claim to this office within 10 days from the date of this letter. The fees required to file this claim are a \$50 flat fee plus \$1 per acre or \$52 for 1.6 acres.

If we do not receive this claim and fee within the 10-day period, we will assume you do not wish to file for this permit, due to non-use of the well to irrigate 1.6 acres of land. This permit will then be considered null and void once the Court decrees the claims in your area. Feel free to contact this office if you have any questions concerning this letter.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

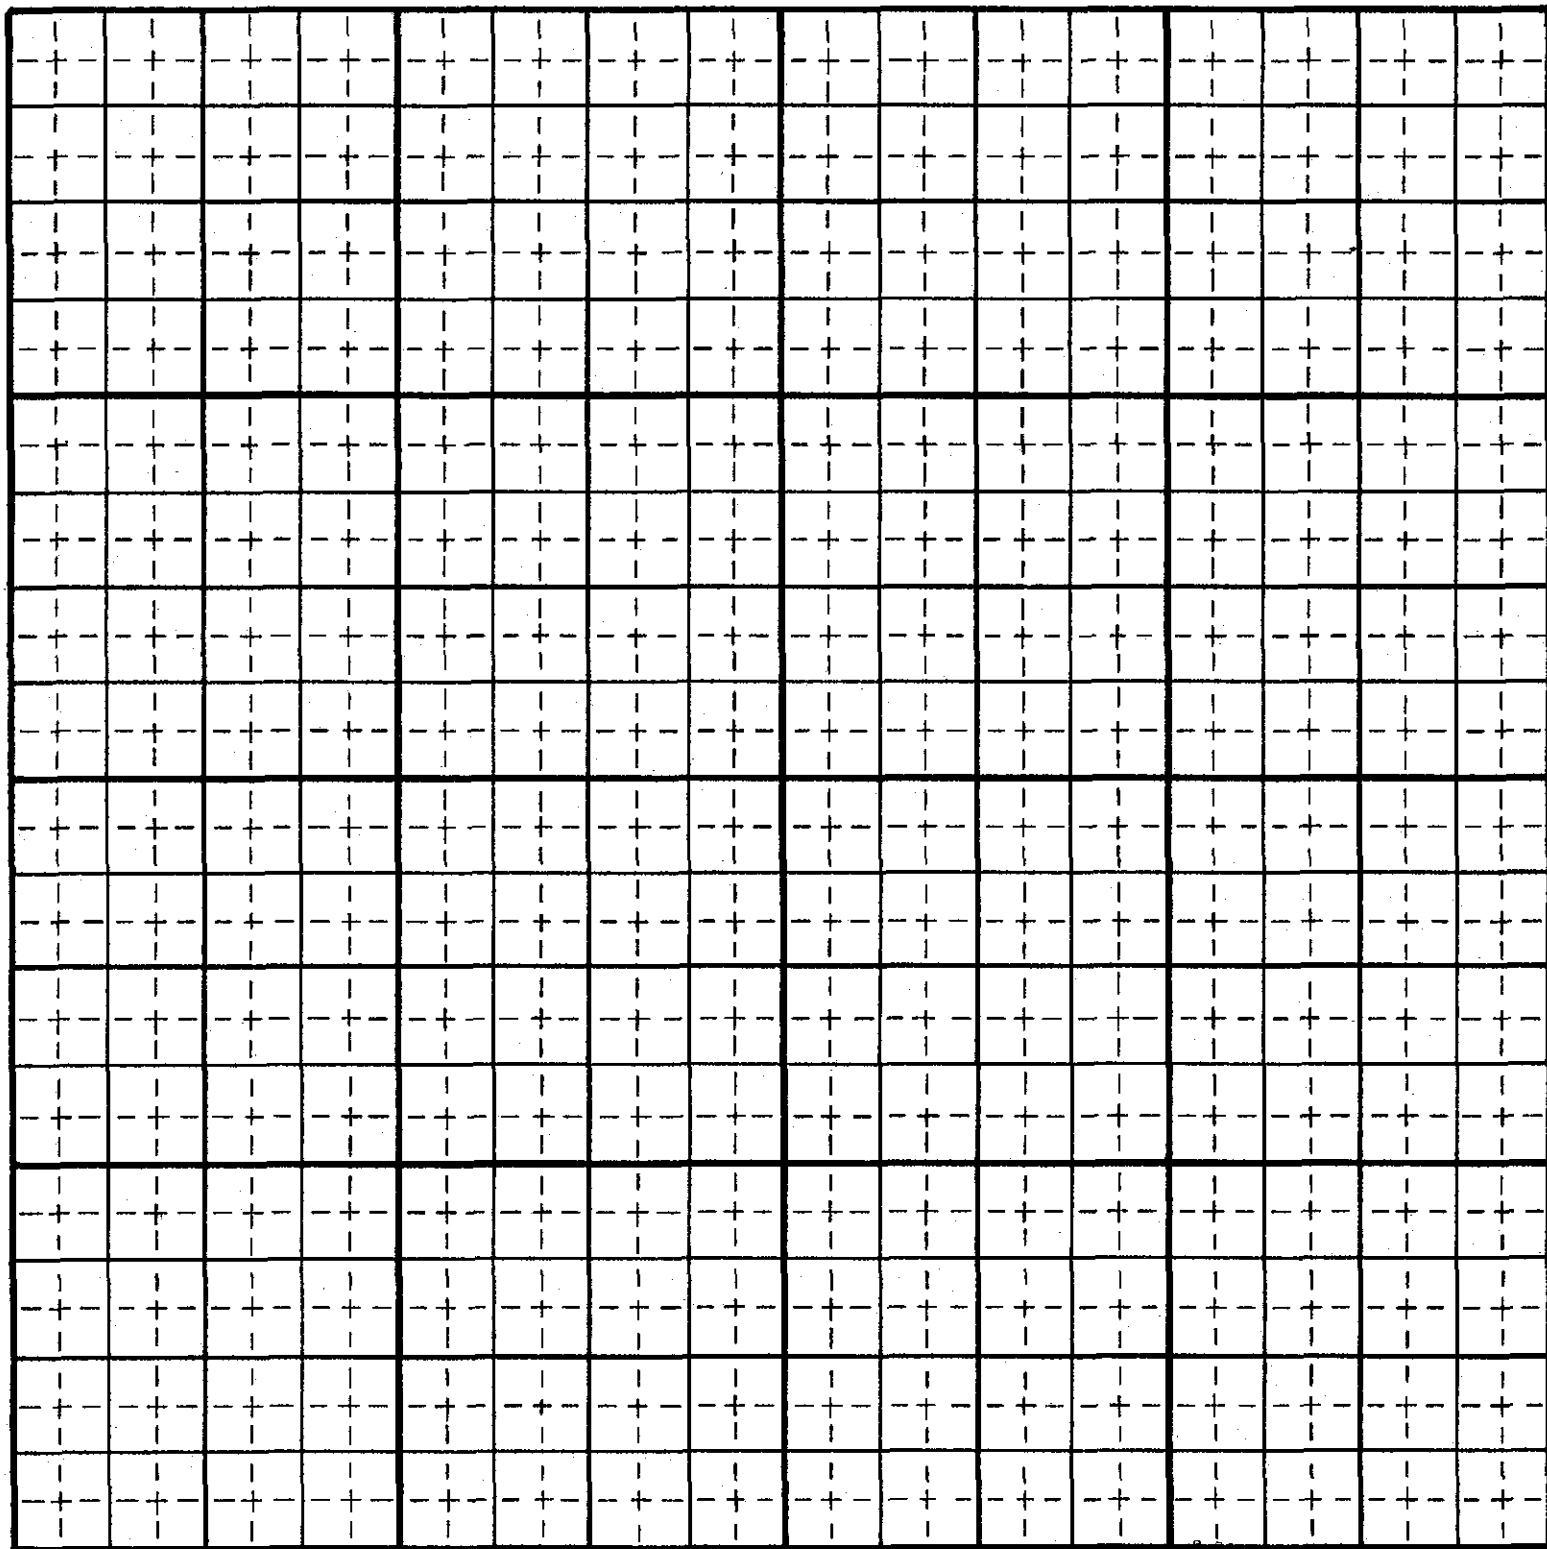

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
