Important Information About Your Water Right

May 1, 2002

Reg Meaker
Holly Meaker
7314 Sunnybrook Dr
Boise, ID 83709

Dear Water Right Claimant(s):

Attached to this letter is a copy of an **Order Amending Irrigation Period of Use Element in Partial Decree, Nunc Pro Tunc** (hereinafter "**Order**") for water right number 57-7449. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The purpose of the **Order** is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the **Order**, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This **Order** also incorporates into the **Partial Decree** an express statement that the **Partial Decree** is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This **Order**, in combination with the **Partial Decree** that was issued for this water right on April 13, 1998, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the **Partial Decree** to show evidence of this water right. The original of this **Order** and the original of the **Partial Decree** for this water right are on file with SRBA Court. If you do not have a copy of the original **Partial Decree**, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the **Order** is entered **Nunc Pro Tunc**, meaning that the **Order** will be treated as if it were issued on the same date that the **Partial Decree** was originally issued.

Sincerely,

Diana Delaney
Case Administrator

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA	)	Water Right 57-7449
	)	
	)	ORDER AMENDING IRRIGATION PERIOD OF USE
	)	ELEMENT IN PARTIAL DECREE and
Case No. 39576	)	INCORPORATING INTO PARTIAL DECREES AN
	)	EXPRESS STATEMENT REGARDING GENERAL
	)	PROVISIONS, NUNC PRO TUNC

A *Partial Decree* was entered for the above-captioned irrigation water right on April 13, 1998. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on July 26, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 2, IDWR Basin 57, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-15 to 11-15

The use of water for irrigation under this right may begin as early as March 1 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before March 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

Twenty Mile Cr. is totally captured and diverted into a ditch which is irrigated out of, but also becomes the chainage of the Creek into Shaofly Cr. The orig. drainage of flow of the Creek can be seen on old topo, etc. and headed northeast from where the ditch begins. Now, the entire flow goes thru the existing ditch which begins in the NW 35 & is designated as the P.P. Irrigation occurs from this

ditch until it empties into Shoofly Ch. Another ditch
two of this ditch approx. 1/4 mile after div. point
and heads north ~~to~~ 1/4 mile to a re-lift pump which
pumps the water either into ditches or into the spiral
portion of the irrigation. This water continues to the Hiway
where a pond catches it & pumps can re-lift it and
irrigate more land. Irrigation occurs from the ditch
to this pond also. In the pond the Twenty Mile Cr water
is co-mingled w/ Shoofly Ch. water and spring water also.
Only overlap from the same source is 57-02387 and acres
are being corrected on that it (02327) so the total of both
of these will be the total irrigated from the Twenty Mile Cr source
all other overlaps are from different sources. (340 AC)

SUBJECT: Receipt Change on #W001790-Reg & Holly Meaker

This one is a mess, but I finally figured it out. Please change the program, acct., and class code on the attached receipt to Adjudication Claim Fees with Adj. program, acct. and class for the total fee paid of \$1235. Then, remove the claim #A02-04027 from the WR/NO column and put in claim #A57-07449 and a \$50 fee. These changes are a result of a final review of all of Mr. & Mrs. Meaker's claims as follows:

Originally Claim No. A57-07449 came in and the existing water right was an app. for permit at that time. My idea was to return the claim, and refund the \$50 fee paid. Then, Mr. & Mrs. Meaker requested a docket sheet subscription, however, no additional fee had been allotted for the subs. fee. So, I was going to take \$7.50 from the \$50 fee to be refunded for A57-07449, which left a refund of \$43.50, as documented on the original receipt. Then, I didn't get to it and it was lost in the masses. Now, after re-reviewing the claims for field exams I discovered that the app. for permit is now a permit, and called Lynn to see if we could go ahead and accept it. She said ok. Then, I looked in ML3 to see if they were ever data entered for the docket sheet subsc. and lo and behold they weren't. My fault again. They aren't interested in the docket sheet now, especially since it would be the back issues, so my new idea is to accept the claim for A57-07449 and take the \$7.50 for the never entered docket sheet and the \$43.50 overpayment and use them for the \$50 fee on A57-07449. Remarks in A57-07449 explain these events, and I have put an X777777 receipt no. in it to avoid an update error until this receipt can be changed.

The reason that A02-04027 is being removed is because no fee was charged for this claim since the claimant paid a \$125 fee years ago in the smal 02 adjudication, and at the time these claims were taken, we had been advised to go ahead and give credit for those fees when taking the SRBA claims. Therefore, since A02-04027 had a \$50 fee, this meant they had a \$75 credit. I decided (why I'm not sure now) to take this \$75 from another A02 claim - #A02-07344. A02-07344 is for \$418 acres, plus a \$50 fee, minus a \$10 fee paid in the small 02 adj, for a fee of \$458. With the \$75 fee removed, the fee came out to \$383 as shown on the receipt. This memo will be used in our files to document the crazy way I took care of it all. Hopefully, I've learned more since Owyhee Co. claims taking. A02-04027 is designated with an X999999 receipt no. for no fee due and remarks explaining all. Same remarks are in A02-07344.
