Re: Snake River Basin Adjudication SRBA
Owyhee County

Dear Ms. Robison:

We are returning your Notice of Claim to a Water Right filed for your property in Owyhee County and Receipt #C007102, in the amount of \$\$25.00. We have noted some problems with your claim which we would like you to correct.

A critical item of the water right, the date of priority, was left off your claim in Item #2. This is the date that the water was first placed to beneficial use to the best of your knowledge.

At Item #5 you need to clarify the source. Are there two wells hooked to the same system?

Item #4 of the claim form requires a description of the Point(s) of Diversion to the nearest 40 acre parcel or preferably to the nearest 10 acre parcel. I have highlighted the section listed on the draft claim as the point of diversion on the attached map. Please review the attached map to obtain the proper 10 acre legal description. Divide the section into four smaller squares or 160 acre parcels, divide the 160 acre parcel in which the Point of Diversion lies into four smaller squares or 40 acre parcels, and then divide the 40 acre parcel in which the point of Diversion

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Snake River Basin Adjudication (SRBA) - Owyhee County

Dear Ms. Robison:

We are returning your Notice of Claim to a Water Right filed for your property in Owyhee County. We appreciate your previously returning the Claim so promptly. Owyhee County is the first area to be reviewed by our Western Regional office, and we wish to have a couple of items on your claim clarified as soon as possible.

Item #2, you have listed two dates, one for each well. If the wells are used for the household and stock jointly, then the Water Right was established at the date of first use. This could be when there was first a home on the property. A complete Date of Priority must include a Month, Day and Year. You should designate a date which could be substantiated if evidence of Priority was required. Please complete a date in Item #2 and place your initials near the change.

At this time I would like you to review the enclosed map and the new form which has been copied from your originally-submitted Claim form. Using the description provided on the claim returned in August 1989, an agent has mapped the area and marked it in yellow on the map. If this is the correct location of your property, then the legal description written in Items #4 and #10 is correct.

If you agree that this information is correct, please provide the date at Item #2 and sign the form at Item #16 obtaining the Notary Public's verification at the bottom of the page. Please keep all the previous documents and correspondence in your files. Please return to this office, only this new form, the map and the enclosed copy of this correspondence.

If you will return your Claim by July 9, 1990, you will not be assessed a late filing fee. Do not hesitate to contact this office if you have any questions or desire an appointment to obtain assistance in completing the form.

Sincerely,

John D. Carlson

Re: Snake River Basin Adjudication SRBA
Owyhee County

Dear Ms. Robison:

We are returning your Notice of Claim to a Water Right filed for your property in Owyhee County and Receipt #C007102, in the amount of \$\$25.00. We have noted some problems with your claim which we would like you to correct.

A critical item of the water right, the date of priority, was left off your claim in Item #2. This is the date that the water was first placed to beneficial use to the best of your knowledge.

At Item #5 you need to clarify the source. Are there two wells hooked to the same system?

Item #4 of the claim form requires a description of the Point(s) of Diversion to the nearest 40 acre parcel or preferably to the nearest 10 acre parcel. I have highlighted the section listed on the draft claim as the point of diversion on the attached map. Please review the attached map to obtain the proper 10 acre legal description. Divide the section into four smaller squares or 160 acre parcels, divide the 160 acre parcel in which the Point of Diversion lies into four smaller squares or 40 acre parcels, and then divide the 40 acre parcel in which the point of Diversion

lies into four squares or 10 acre parcels. See page 10 of instructions for an illustration. Starting with the smallest parcel in which the Point of Diversion lies, describe the location. In other words, the NE, NW, SW, or SE $\frac{1}{4}$ (10 acres) of the NE, NW, SW or SE $\frac{1}{4}$ (40 acres) of the NE, NW, SW or SE $\frac{1}{4}$ (160 acres) of Section, Township and Range.

Item #6 and #7 need rate of diversion, not volume. Most domestic systems divert at a rate of approximately .04 cfs, which is equivalent to 18 gallons per minute.

The yellow copy of the Request For Extension Of Time form is for your records.

Please return the documents to this office at the attention of Helen Harrington. If you will make these corrections before August 24, 1989, you will not be assessed a late filing fee. Do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff
