HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Followup from Meeting on October 17, 1991

Dear Ted:

I enjoyed meeting with you and the other members of the Chipmunk Grazing Assn. on the evening of October 17th. I felt that the meeting was productive in that we answered questions about the specific points of diversion, etc. regarding the association's adjudication claims. Enclosed please find copies of those claims that were modified as a result of our field examination and our subsequent meeting. Note that these copies are numbered with an "R" prefix, which means that this is the way we intend to recommend the rights to the court in the upcoming Director's Report. These printouts should match with the changes that we discussed relative to each water right at the meeting. If you see any discrepancies, please advise me. A listing of the modified water rights follows:

Number	Items Corrected
R55-10060	POD (Points of Diversion), POU (Places of Use), Source
R55-10124	POD, POU
R57-02056	POD, POU, Sources
<i>RS7-10940</i> R57-02075	POD, POU, Sources
R57-10371	Sources
R57-10372	POD, POU, Sources
R57-10373	POD, POU
R57-10374	POD, POU
R57-10660	POD, POU
R57-10850	Source
R57-10851	POD, POU, Sources

The one item that you need to accomplish relative to these claims is to review a copy of the claim for 57-02056. We have not yet received a claim for this water right from your organization. If the claim appears to be acceptable, please sign it before a notary and return it to this office. The fee paid for another water right will apply to this, so no additional fee is required.

In addition to these claims, you and others had questions about some other water rights. Responses to these questions are as follows:

1. Water rights in the names of McCleod or McCloud or the State of Idaho, located within Sec. 36, Twp 1 N, Rge 6 W. -- I could find no evidence of any claims having been filed for use in this section.

2. Water rights diverted from Wildcat Creek or Jacks Creek in the name of Spring Valley Livestock diverted within Sec. 1, Twp 4 S, Rge 5 W. -- I could find no evidence of any claims having been filed for use in this section.

3. Water rights diverted from Wildcat Creek or Jacks Creek in the name of Spring Valley Livestock diverted within S1/2SW1/4 Sec. 6, Twp 4 S, Rge 4 W. The one water right that we show to be diverted in Section 6 is in the name of the State of Idaho, and is diverted within the NW1/4SE1/4. See the attached sheet which shows water right no. A55-10105.

4. Water rights in the name of the State of Idaho diverted within the following locations:

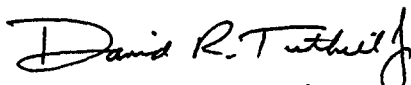

a. Sec. 36, Twp 3 S, Rge 5 W. -- A55-07076. See attached.

b. Sec. 30, Twp 4 S, Rge 4 W. -- None found.

c. Sec. 15, Twp 4 S, Rge 4 W. -- Only found A57-01019, in the name of Richard and Benita Gabica. See attached.

I believe that this addresses all of the questions that were raised at the meeting. If you have further questions or wish to discuss the matter further, please feel free to call me. If these look satisfactory, our next step will be to mail to you copies of these recommendations in the upcoming mailing to all water users in Basin 57. Because many of the questions were raised by Elias Jaca, I will directly send him a copy of this letter and the research enclosures.

Sincerely,

David R. Tuthill, Jr., P.E.
