RE: NOTICE OF CLAIM NOS: A61-02215, A61-07007

Dear Mr. Rhead;

We are currently in the process of preparing the above referenced Notice(s) of Claim for court decree in the Snake River Basin Adjudication (SRBA). During this review certain questions arose concerning the claims listed above.

Points of Diversion

In January, 1994, you completed a transfer application which added some wells as points of diversion. Have these wells been put into usage? Are these new wells or existing wells? Existing 1967 & 1970

Our information indicates that there are 3 wells located in Section 5. Two in the NW1/4NE1/4 and one in the SE1/4NE1/4. Is this correct? Are all these wells used for irrigation?

Place of Use

How many acres are irrigated in Section 4, the SE1/4NW1/4, and how many acres are irrigated in Section 5, the NW1/4NE1/4. Our records indicate there should be 25 and 40 acres there, however, mapping information shows that each parcel has 35 acres irrigated. How many acres are irrigated in these parcels?

Also-there is a decreed right numbered 61-00190. This right is for water from three reservoirs and is for irrigation in the NW1/4 and SW1/4 of Section 4. A claim was not filed on this in the SRBA. Is this water still being used?

I am enclosing a map which shows the locations of the items in question, along with a proof report of decreed right 61-00190. Please contact me by August 15 in regard to the above.

Sincerely,

Linda A. Werner
