"Well House"
"well" that
at Bessol had
dug

"Well" dug in
1977 is out front
To the side of
the porch

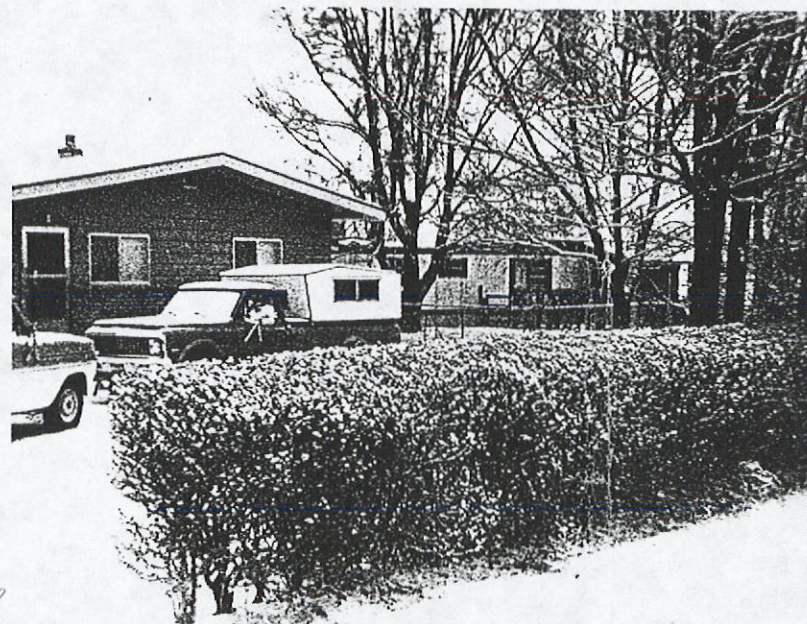

Back View of "Well House" which
was built over the "well" that Al Bessol had
dug. When this "well" was dug I don't know? I
also, do not know who dug this well. The "well
house" is built of thick walls & too heavy to
move. In 1977 I decided to go deeper but
since couldn't move the "well house" had Ron
Hiddleston drill another "well." Both "wells" are
hooked up to where either one can be
used through the same system.

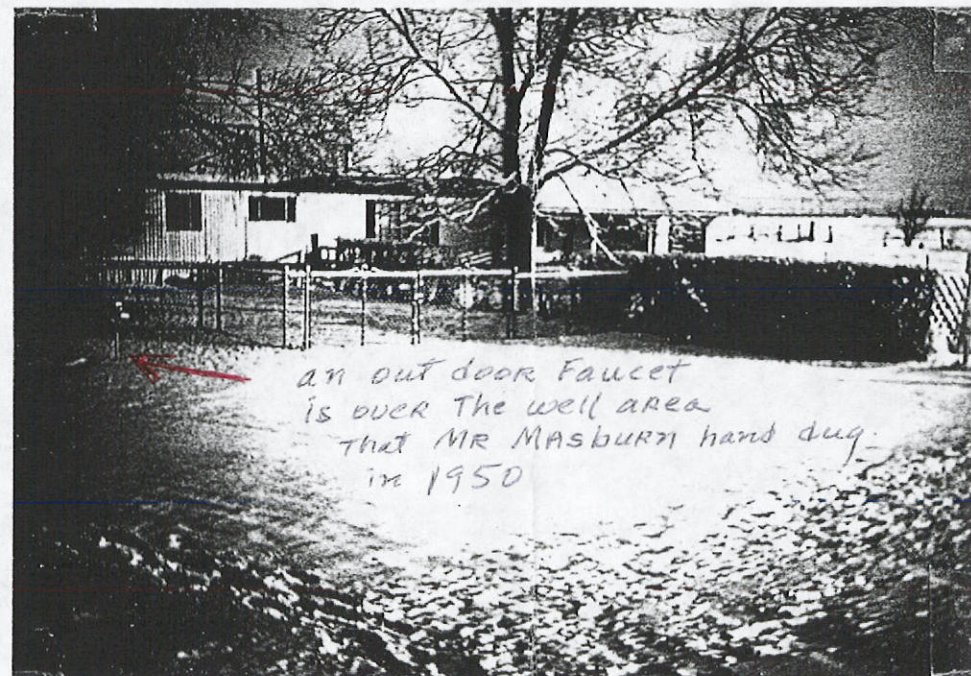

Tom Masburn & Family
FIRST lived in a little house
where this mobile now sets,

The Bessols told us they had
owned the property for 5 years.
They lived in the basement & built the
upper part. Mr. Thomas Masburn said he
sold the property to his brother Frank in 1958,
(who died years ago). Al Bessol must have
bought the property in 1958? (shortly after
Tom & family moved to California.)

The Basement Apartment is under
this part of the house.

an out door faucet
is over the well area
that Mr Masburn hand dug
in 1950

We filled this well up for safety's sake.

NOTES: 12/28/1994: Mrs. Miller contacted the office several times about evidence of priority. She had foot surgery in June of 1993 and is unable to get to her files. Since she doesn't have any records previous to March 1963 (~~then~~ she + her husband moved to the property in May of 1963) I indicated that unless she was able to provide an affidavit that described irrigation of the property, not to try & find other documents about the purchase of the property.

I was the owner of the property back in 1950 that Mrs Miller now owns,

well to use for household use to the residence on the place, in which, I and
my family lived in.

"Well House"
#well that
Al Bessol had
dug

"Well" dug in
1977 is out front
& to the side of
the porch

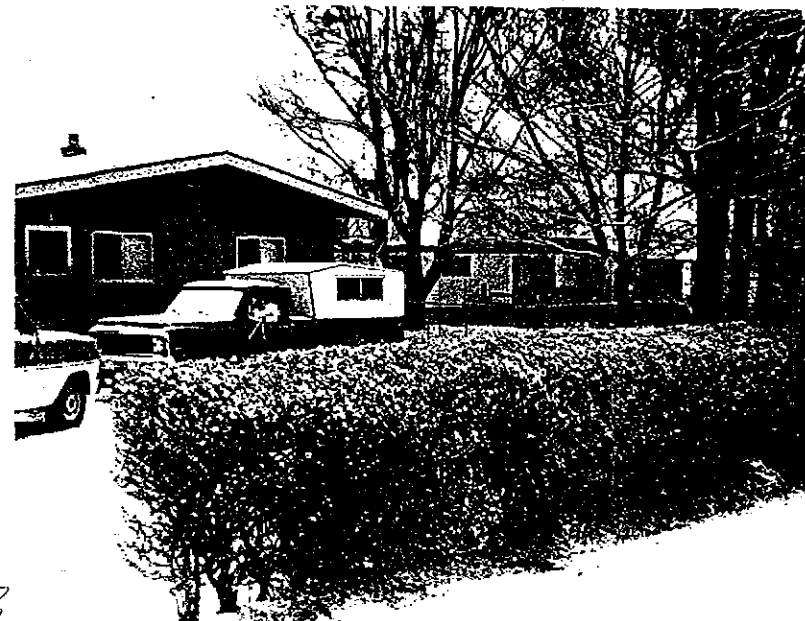

Back View of "Well House" which
was built over the "well" that Al Bessol had
dug. When this "well" was dug I don't know? I
also, do not know who dug this well. The "well
house" is built of thick walls & too heavy to
move. In 1977 I decided to go deeper but
since couldn't move the "well house" had Ron
Hiddleston drill another "well." Both "wells" are
hooked up to where either one can be
used through the same system.

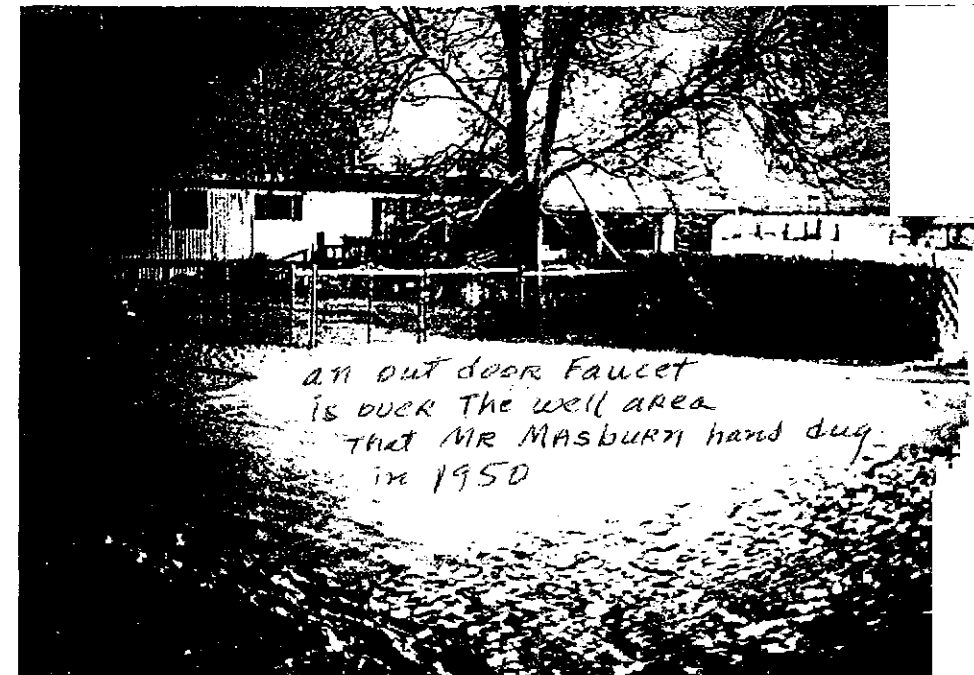

Tom Masburn & family
FIRST lived in a little house
where this Mobile now sets.

The Bessols told us they had
owned the property for 5 years.
They lived in the basement & built the
upper part. Mr Thomas Masburn said he
sold the property to his brother Frank in 1958,
(who died years ago). Al Bessol must have
bought the property in 1958 (shortly after
Tom & family moved to California.)

The Basement Apartment is under
this part of the house.

an out door faucet
is over the well area
that Mr Masburn hand dug
in 1950

We filled this well up for safety's sake.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
