Calculations

50' wide strip deducted from N side of property for land N of old ditch which is not irrigated.

100' x 430' deleted from NE end of property - horse pasture east of fence not irrigated by claimant

10' x 230' deleted for driveway
 30' wide strip deleted for top of driveway, house, garage, parking area, etc @ house end of driveway.

Lower portion

$$360' \times 230' = 82,800 \text{ ft}^2 = 1.90 \text{ acres}$$

Upper portion

$$520' \times 430' = 223,600 = 5.13 \text{ acres}$$

7.03 acres TOTAL

$$\begin{aligned} 660' &= 1 \text{ inch} \\ 5280' &= 1 \text{ mile} = 8 \text{ inches} \\ 41.25' &= \frac{1}{16}'' \end{aligned}$$

SESW

$$N \frac{1}{2} : (170 + 60') \times 380 = 87,400 \text{ ft}^2 = 2.0 \text{ acres}$$

$$S \frac{1}{2} : 160' \times 200' = 32,000 \text{ ft}^2 = .73 \text{ acres} = 1.0 \text{ acres}$$

SWSEW

$$560' \times 190' = 106,400 \text{ ft}^2 = 2.44 \text{ acres}$$

NOTES: 08/29/1994: Affidavits attached. Well drilled in 1981 to replace old well, which ^{was used for dom. supply.} ~~replaced~~
"sump" which went dry. ^{was used for IRR.} Mr. Allred commented during the field exam
that a man visited their house, saying that he had been born there.
This man was 75 years old & the youngest of his family. This
conversation is the basis of the claimed priority date.
This water right may be represented by license 61-02118.
The field exam for that license describes an "open pit well 100' x 20' x 15' deep."
"Delivery to west to open ditches" This may describe Mr. Allred's
"sump". mm

11/28/1994: During field visit 09/08/1994, Mr. Allred indicated that ~~it~~ it was acceptable
to use license 61-02118 as evidence of priority.

NOTES: 12/02/1994; Claimant stated during field exam 05/18/1993 that his irrigation has been inconsistent since the new well was drilled. The expense of the well combined w/ medical expenses prevented him from purchasing permanent irrigation system. Make-shift irrigation until system is in place. Field exam in 1994 found irrigation system in place. Unable to determine if 5 solid years of non-use has occurred - POU is green & has been disced & seeded in the last two years.

DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

I John T. Allred

Purchased 7.4 acres of land on Kniefel Rd. in January of 1978.

At that time we irrigated from a spring fed sump. I had to leave a \$50.00 deposit at Idaho Power for the power for pump, and they do have a record of that deposit. I farmed it 1978, 79, and 80, in 1981 the sump went dry and also our domestic well dried up. We had a new well dugged by a local driller "Hiddleson Drilling" they have the records of the depth and size of pump which is five horsepower pump and two inch pipe. With plans continue my irrigation.

Of the 7.4 acres, I have 5 acres which is tillable.

But with the cost of the well, which was around \$7,000.00 and a medical bill which accrued in 1983 and being on Social Security, I didn't have finances to buy the sprinklers and pipe until around the time the drought hit. This same ground is presently disked and will be seed planted this fall.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
