HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Point of diversion

Dear Ms. Walker;

According to the Elmore County Assessor, the legal description of the property in question is the SE $\frac{1}{2}$ of the NE $\frac{1}{4}$, Sec 31, Twp 10 South, Elmore County, Idaho.

As far as I know, the point of diversion from Canyon Creek has never been changed since the property was owned by Mr. Dewey, as of 1976.

I hope this is the information you need.

Sincerely,

K Clark

RE: Notice of Claims in the Snake River Basin Adjudication

Bob Cunningham
Rural Telephone Co.
P.O. Box 969
Glenns Ferry, ID 83623

Dear Mr. Cunningham:

I have researched our records of claims filed in the Snake River Basin Adjudication (SRBA) and did not find any claims submitted by Don L. Anderson. I found one claim submitted by Virginia Anderson on November 8, 1989, which was numbered A61-00295B and has subsequently had an ownership change to the Martells. A copy of that claim was sent to the Martells by Ron Howerton on March 22, 1993.

In researching our records of existing water rights, I found only three rights in Mr. Anderson's name. They are: 61-07011, 61-00295 and 61-07039. All of these rights were to be diverted from Little Canyon Creek.

As I stated on the phone, I have been assigned the review of Claims A61-07011, A61-00295B and A61-07039. Any information or questions in regard to these claims should be directed to me.

I am enclosing some brochures which may help in understanding the difference between SRBA claims and existing water rights. If you have any further questions, please feel free to contact me.

Sincerely,

Ref: Claims A61-00295B, A61-07039 &
A61-07011

Dear James and Carmela Martell,

Enclosed are copies of the two highlighted above referenced claim(s) which reflect the **CHANGE IN OWNERSHIP** of the lands and appurtenant water rights requested by your notice of ownership change. (Note, claim A61-07039 was already processed and changed from an earlier notice of ownership change request dated 12/12/90).

The claim we could not continue to process is, Claim No. A61-07011. The claim was filed in the name of Joel & Cindy Allen, with no reference to any other owner. However, they have claimed the right showing a change in place of use from the place of use on the existing right. During our verification of this claim, prior to submission to the Court for decree, we will investigate this change of place of use to confirm whether they owned the original place of use when this change was made. If not, then the place of use remains on the land originally covered and now owned by you. In the meantime it may be a good idea for you to also file on this right showing the original place of use which you now own. You may want to look at your sales contract or warranty deed to see whether or not this right may have been withheld in the sale. If it was not owned by the Allen's at the time they changed the place of use, and was not withheld in the sale, then this right should have automatically been conveyed with the land you purchased.

I have enclosed a proof report of this right to help you fill out the enclosed claim form to return to our office with the filing fee. The normal filing fee for to be submitted with this claim is a \$50 flat fee per claim, plus \$1 per acre, for a total fee of \$54. No-late fee will be assessed, if you file this claim prior to our second round mailing notices for this area, which may begin within the next few months. Again, I will mention that the exact determination of the ownership of this right will have to be determined at a later date through our normal investigation, unless you have other information at this point to clarify this ownership issue.

The Department will contact you in the future concerning any other requirements that may be needed in order to process these claim for final court decree.

Feel free to contact this office if you have any questions concerning this letter, the enclosed claims, or filing of your new claim.

Sincerely,

Ron Howerton
