CLAIM REMARKS: GEN

THIS WATER RIGHT IS APPURTENANT TO THE DESCRIBED PLACE OF USE.
THIS RIGHT IS SUBJECT TO ALL PRIOR WATER RIGHTS AND MAY BE
FORFEITED BY FIVE YEARS OF NON-USE.
MODIFICATIONS TO OR VARIANCE FROM THIS LICENSE MUST BE MADE WITH-
IN THE LIMITS OF SECTION 42-222, IDAHO CODE, OR THE APPLICABLE
IDAHO LAW.
TWO POINTS OF RE-DIVERSION ARE LOCATED WITHIN THE NWNE, S03, T05S
R08E.
THIS RIGHT IS LIMITED TO THE IRRIGATION OF 720 ACRES WITHIN THE
PLACE OF USE DESCRIBED ABOVE IN A SINGLE IRRIGATION SEASON.
THE RESERVOIRS USED TO STORE WATER UNDER THIS RIGHT ARE LOCALLY
KNOWN AS UPPER TEAPOT RESERVOIR AND LOWER TEAPOT RESERVOIR.

SYSTEM DESCRIPTION

CLAIMANT: BENNETT CREEK FARMS AND/OR CARL REYNOLDS & SONS

CLAIM NOS.: A61-00277, -00278, -00279, -00359, -00360, -02034,
-02092, -02225, -02236C, -02236D, -07244, -007273

The main components of the Bennett Creek Farm irrigation system consists of five on-stream reservoirs, seven pumping stations, one main diversion structure on Bennett Creek that feeds a delivery canal and a mainline system from the seven pumping stations to pressurize sprinkler systems that provide irrigation water to the fields. The names and capacities of the five reservoirs are:

Hot Springs Creek Reservoir #1--capacity	450 AF
Hot Springs Creek Reservoir #2--capacity	5334 AF
Hot Springs Creek Reservoir #3--capacity	553 AF
Upper Teapot Reservoir-----capacity	424 AF
Lower Teapot Reservoir-----capacity	812 AF

The pumping stations contain from one to three pumps. The horse power, serial numbers and manufacture's names for the motors and pumps as determined by a 1987 licensing field exam are described on Attachment "A" to this memo. Some of the equipment was upgraded and changed between the 1987 exam and a subsequent adjudication field exam in 1994. The changes are noted in parentheses.

The uppermost reservoir, Hot Springs Creek #1 receives only Hot Springs Creek (aka Warm Springs Creek) water and is also known as Hall Reservoir. Water is released back into Hot Springs Creek where it flows through the other two Hot Springs Reservoirs and then re-diverted from pumping stations in the two Teapot Reservoirs which are located on Bennett Creek.

Hot Springs Creek Reservoir #2 receives Bennett Creek water from a canal that originates at a P/D in Section 1, T04S, R08E. The canal is about 4.5 miles long from the P/D to the reservoir. Water is also released from this reservoir into Hot Springs Creek and re-diverted from pump stations in the two Teapot Reservoirs to the mainline system and sprinklers.

Hot Springs Creek Reservoir #3 fills from water released from Hot Springs #2 which is upstream. The source and P/D for #3 is the same as #2. Water released from #3 is distributed to the fields in the same manner as described for Hot Springs Reservoirs #1 & #2. The water right for this facility is covered in license 61-07561 that did not require an SRBA filing.

The two Teapot Reservoirs are located on stream in Bennett Creek. They receive water that flows through Hot Springs #2 & #3 reservoirs for re-diversion and direct flow Bennett Creek water for

storage and diversion to the mainline and sprinkler system.

The seven pump stations on Bennett Creek, including the three at the Teapot Reservoirs, all divert to mainlines. With the utilization of portable mainlines, the entire farm can be put under sprinkler irrigation. About one-third (1200 acres) of the place of use is currently being farmed and the remaining is enrolled in the CRP program.

Re: Applications for Amendment

On this date the Place of Use land list on the Applications for Amendment for the Permits described above were changed by myself and Steve Reynolds. The alteration deleted the NE1/4, Sec 25, 04S, 08E from the Place of Use. This parcel is not owned by Reynolds & Sons Partnership but by a Mr & Mrs Ensley. It has however been included in their farm's operation for many years. Due to the non-ownership issue they do not want their water rights to become appurtenant to this land.

The history of the Ensley property as understood and explained by Steve Reynolds is as follows: The prior owner, Frank Galey, by virtue of some kind of lease arrangement, included this land in his farming operation in the late 1970's or early 1980's. He supposedly raised potatoes on the land for one year using his own water but didn't continue irrigating the land in future years due to a lack of water. The Reynolds family began leasing Mr Galey's farm in 1986 and purchased it in 1989. In 1987 a large part of the Galey farm, including the Ensley parcel, was entered into the CRP program. The Reynolds family, at the request of Mr Ensley, planted the Ensley property with a dry land cover crop to meet the CRP requirements but never irrigated the land.

The ownership of the Ensley parcel was not known when the licensing amendments were prepared. This issue was subsequently discovered and rather than re-print the amendment applications they were altered at the time they were executed by Steve Reynolds on 2/9/1996.

Joe A. Lamb

Dear Mr. Saxton:

The agreements have now been completed by the applicant, Joe A. Lamb, and the various protestants, as discussed at the hearing held in Mountain Home on February 4, 1976, on the protests against Application No. 61-7244. I enclose herewith your Department's copy of each Agreement, as follows:

1. Agreement made the 27th day of February, 1976, between Joe A. Lamb, Applicant, and Double Anchor Ranches, Inc., Leslie Beam and Gwinn Rice Ranch, Inc., Protestants;

2. Agreement made the 25th day of March, 1976, between Joe A. Lamb and Gwinn Rice Ranch, Inc.

Frank S. Galey, Jr., and Gwendolyn Galey, contract purchasers from Joe A. Lamb, have joined and concurred in each Agreement.

Each Agreement contains a provision by which the protestants withdraw their respective protests against Application No. 61-7244.

It is my understanding that all action required by the applicant has now been completed and, with the withdrawal of the

A G R E E M E N T

THIS AGREEMENT, Made and entered into this 25TH day of March, 1976, by and between JOE A. LAMB of Mountain Home, Elmore County, Idaho, party of the first part, hereinafter referred to as "Lamb", and GWINN RICE RANCH, INC., an Idaho corporation, party of the second part, sometimes hereinafter referred to as the "Protestant",

W I T N E S S E T H:

WHEREAS, Lamb has filed Application No. 61-7244 for a permit to appropriate 2,000 acre feet per annum of the waters of Bennett Creek, a tributary of Snake River, by means of a dam, pump and pipeline to be located within the Northeast Quarter of the Northeast Quarter and the Northwest Quarter of the Northeast Quarter of Section Three, Township Five South, Range Eight East, Boise Meridian, in Elmore County, Idaho; and,

WHEREAS, a protest against the granting of said permit was filed with the Department of Water Resources by Gwinn Rice Ranch, Inc., a corporation; and,

WHEREAS, on the 4th day of February, 1976, a hearing upon the application and protest was held at the County Courthouse in Mountain Home, Idaho, before representatives of the Idaho Department of Water Resources, for the purpose of resolving the disputes between Lamb and the said Protestant; and,

WHEREAS, Lamb diverts water from Bennett Creek under Water Permit No. 61-2236, issued by the Department of Water Resources of the State of Idaho, at a point of diversion which is located within the easement awarded to Adin B. Hall and Ruby Hall by the Final

18600-1000

Judgment and Decree of Condemnation entered October 23, 1976, in the case of Hall v. Lee, Case No. 2518, by the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Elmore, which said easement is described as follows:

A right of way and perpetual easement for the installation, construction, and continued operation, maintenance, repair, alteration, inspection and replacement of said dam, and the backwaters therefrom, over, upon, across and in the following premises:

Commencing at the Southwest corner of Section 1, Township 4 South, Range 8 East, Boise Meridian, Elmore County, Idaho; thence North 61°51' East 2750.0 feet to a point in Bennett Creek; thence North 50 feet, more or less, to a point where the centerline of Bennett Creek crosses the North Boundary of the SE 1/4 of the SW 1/4 of said Section 1, which point is the real point of beginning;

thence East along the North Boundary of said SE 1/4 of the SW 1/4, 50.0 feet to a point; thence South 100.0 feet to a point; thence West 100.0 feet to a point; thence North 100.0 feet to a point; thence East 50.0 feet to the real point of beginning,

containing 0.023 acres, more or less,

NOW, THEREFORE, in consideration of the premises and of the mutual covenants hereinafter set forth, and for the purpose of resolving and settling the protest of Gwinn Rice Ranch, Inc., the parties agree as follows:

Lamb, for himself, his heirs and assigns, hereby agrees that he will construct, or cause to be constructed, at or near the location of the existing diversion works and facilities under which Lamb diverts water from Bennett Creek under said Water Permit No. 61-2236, an adjustable diversion facility that will control the maximum and minimum flows into Lamb's canal and that will prevent the diversion into such canal of more water than the canal can properly carry. Such adjustable diversion facility shall be properly designed and engineered and shall be constructed

in a good and workmanlike manner and in accordance with proper engineering standards.

In consideration of Lamb's agreement to construct said adjustable diversion facility as hereinbefore specified, Gwinn Rice Ranch, Inc., agrees to withdraw its protest against the approval and granting of said Application No. 61-7244. In that regard, the parties agree that a signed copy of this Agreement shall be filed with the Idaho Department of Water Resources and that the filing of such copy shall constitute, and shall be deemed, a withdrawal of the protest made and filed by Gwinn Rice Ranch, Inc. Lamb agrees that no water shall be stored under any permit issued pursuant to said Application No. 61-7244 until construction of said adjustable diversion facility shall have been completed as hereinbefore specified.

The parties acknowledge and agree that this Agreement shall not modify or supersede any agreements previously entered into between these two parties or any of their predecessors in interest regarding the waters of Bennett Creek or regarding any diversion works or facilities or canals, ditches or other facilities through which any of the parties divert or carry waters of Bennett Creek.

The covenants herein contained shall bind, and the benefits and advantages hereof shall inure to the parties hereto, their heirs, personal representatives, successors and assigns.

IN WITNESS WHEREOF, said parties have hereunto set their hands this 25th day of March, 1976.

Joe K. Lamb

WHEREAS, on the 4th day of February, 1976, hearing upon the application and protests was held at the County Courthouse in Mountain Home, Idaho, before a representative of the Idaho Department of Water Resources, NOW, THEREFORE;

For the purpose of resolving the disputes between the applicant and the protestants, IT IS HEREBY AGREED as follows:

1. The applicant, Joe A. Lamb, for himself, his heirs and assigns, hereby agrees that he will not contest or challenge the rights of the protestants to divert water, including flood waters, from Bennett Creek in accordance with existing facilities and in the same manner in which protestants have heretofore put said waters to beneficial use on their land by recharging the sub-surface strata of the land with said flood waters, commencing on or about February 1st of each year, and the applicant recognizes that the rights of protestants as set forth above take precedence over any rights to be acquired by applicant under Application No. 61-7244.

2. The above restrictions shall be attached to and become a condition in connection with the issuance of a permit under Application No. 61-7244.

3. In consideration of the issuance of said permit subject to the conditions above mentioned, the protestants hereby agree to withdraw their protests.

IN WITNESS WHEREOF, said parties have hereunto set their hands this 27th day of February, 1976.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
