requested by the Company, the insured, at the Company's expense, shall give the Company all reasonable aid (i) in any action or proceeding, securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act which in the opinion of the Company may be necessary or desirable to establish the title to the estate or interest as insured. If the Company is prejudiced by the failure of the insured to furnish the required cooperation, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

5. PROOF OF LOSS OR DAMAGE

In addition to and after the notices required under Section 3 of these Conditions and Stipulations have been provided the Company, a proof of loss or damage signed and sworn to by the insured claimant shall be furnished to the Company within 90 days after the insured claimant shall ascertain the facts giving rise to the loss or damage. The proof of loss or damage shall describe the defect in, or lien or encumbrance on the title, or other matter insured against by this policy which constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage. If the Company is prejudiced by the failure of the insured claimant to provide the required proof of loss or damage, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such proof of loss or damage.

In addition, the insured claimant may reasonably be required to submit to examination under oath by any authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Policy, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the insured claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage. All information designated as confidential by the insured claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the insured claimant to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasonably necessary information from third parties as required in this paragraph shall terminate any liability of the Company under this policy as to that claim.

6. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the amount of insurance under this policy together with any costs, attorneys' fees and expenses incurred by the insured claimant, which were authorized by the Company, up to the time of payment or tender of payment and which the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations to the insured under this policy, other than to make the payment required, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, and the policy shall be surrendered to the Company for cancellation.

(b) To Pay or Otherwise Settle With Parties Other than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an insured claimant any claim insured against under this policy, together with any costs, attorneys' fees and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay; or

(ii) to pay or otherwise settle with the insured claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in paragraphs (b)(i) or (ii), the Company's obligations to the insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute or continue any litigation.

7. DETERMINATION, APPOINTMENT OF LIABILITY AND COINSURANCE

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the insured claimant who has suffered loss or damage by reason of matters insured against by this policy and only to the extent herein described.

(a) The liability of the Company under this policy shall not exceed the least of:

(i) the Amount of Insurance stated in Schedule A; or,

(ii) the difference between the value of the insured estate or interest as insured and the value of the insured estate or interest subject to the defect, lien or encumbrance insured against by this policy.

(b) In the event the Amount of Insurance stated in Schedule A at the Date of Policy is less than 80 percent of the value of the insured estate or interest or the full consideration paid for the land, whichever is less, or if subsequent to the Date of Policy an improvement is erected on the land which increases the value of the insured estate or interest by at least 20 percent over the Amount of Insurance stated in Schedule A, then this Policy is subject to the following:

(i) where no subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that the amount of insurance at Date of Policy bears to the total value of the insured estate or interest at Date of Policy; or

(ii) where a subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that 120 percent of the Amount of Insurance stated in Schedule A bears to the sum of the Amount of Insurance stated in Schedule A and the amount expended for the improvement.

The provisions of this paragraph shall not apply to costs, attorneys' fees and expenses for which the Company is liable under this policy, and shall only apply to that portion of any loss which exceeds, in the aggregate, 10 percent of the Amount of Insurance stated in Schedule A.

(c) The Company will pay only those costs, attorneys' fees and expenses incurred in accordance with Section 4 of these Conditions and Stipulations.

8. APPORTIONMENT

If the land described in applicable Schedule consists of two or more parcels which are not used as a single site, and a loss is established affecting one or more of the parcels but not all, the loss shall be computed and settled on a pro rata basis as if the amount of insurance under this policy was divided pro rata as to the value on Date of Policy of each separate parcel to the whole, exclusive of any improvements made subsequent to Date of Policy, unless a liability or value has otherwise been agreed upon as to each parcel by the Company and the insured at the time of the issuance of this policy and shown by an express statement or by an endorsement attached to this policy.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the title, or removes the alleged defect, lien or encumbrance, or cures the lack of a right of access to or from the land, or cures the claim of unmarketability of title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals therefrom, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused thereby.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals therefrom, adverse to the title as insured.

(c) The Company shall not be liable for loss or damage to any insured for liability voluntarily assumed by the insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees and expenses, shall reduce the amount of the insurance pro tanto.

11. LIABILITY NONCUMULATIVE

It is expressly understood that the amount of insurance under this policy shall be reduced by any amount the Company may pay under any policy insuring a mortgage to which exception is taken in Schedule B or to which the insured has agreed, assumed, or taken subject, or which is hereafter executed by an insured and which is a charge or lien on the estate or interest described or referred to in Schedule A, and the amount so paid shall be deemed a payment under this policy to the insured owner.

12. PAYMENT OF LOSS

(a) No payment shall be made without producing this policy for endorsement of the payment unless the policy has been lost or destroyed, in which case proof of loss or destruction shall be furnished to the satisfaction of the Company.

MEMORANDUM

TO: FILE NOS. 61-07197 & 61-07321

FROM: PAM SKAGGS/STATE OFFICE

SUBJECT: TRANSFER NO. 4373

DATE: October 18, 1994

=====

Transfer No. 4373 was filed to change the place of use under a portion of Right Nos. 61-07197 and 61-07321, splitting the rights into parts A and B. The transfer also corrects the point of diversion in Section 34 from the SENE to NENE under Right No. 61-07197.

The land at the original place of use is presently under CRP and this transfer is proposed as a temporary change, reverting back to the original place of use following the 1996 irrigation season. Connecticut General Life Insurance Co., the lienholder, provided a statement agreeing to the transfer under the condition that it would be considered temporary and the rights can not be sold, assigned or used as collateral for any other purpose. A condition of approval will return the rights to the use prior to approval following the 1996 irrigation season.

The water rights are used as part of a single combined system at the original and new place of use requiring a volume overlap condition. Other recommended conditions include irrigation overlap, right-of-way, multiple points of diversion and standard transfer conditions.

Water Resources
Cindy Hodges
Atten: Mel Schulte

Mel,

After I met with you, Cindy outlined what we must do to comply with laws and regulations concerning our past usage of water and permits on land within our present farm. We joined the water from three wells in Elmore County from Section 34 and 37 T 2 S R 4 E with water in Ada County in Section 28. The farm is composed of one large contiguous parcel. In 1981 we joined irrigation pipe to make water from one well serve any of the portions of the 800 acres.

I enclose maps and invoices that indicate the time this began to be used back and forth within the four wells,

We are interested in making these three permits joined as one to the 800 acres because of an impending sale of the farm to one owner.

The enclosed map by "Jan" in Jan 1977 indicates location of three wells on our farm which are associated to water permits 61-7197 and 61-9321 on Section 27 and 34 of T 2 S R 4 E. In 1981 we installed ¼ mile of 8 inch PVC and interconnected the well in Section 28 (permit 61-7239) to the main line associated with permits 61-7197 and 61-7321.

We enclose a copy of an invoice from our supplier "Rain For Rent" #96003 dated April 17, 1981 showing 1380 feet of 8 inch 125 psi PVC and related steel fittings and pipe and valves and water meters, etc. to connect the underground 8 inch pipe to the existing 8 inch portable aluminum pipe.

During the years of '87 to '96 this area of ground was enrolled in government CRP. At the close of that ten year period we have put permanent buried PVC which interconnects all four wells and their respective permits and points of diversion.

help us

We ask you to prepare all necessary papers so we can properly execute and file them. We appreciate your pointing out this problem to us.

If you need further information or inspection or verification please make it known to us so we can comply.

Thanks for your help. Sincerely,

L. Joel Burnett

H. REMARKS AND OVERLAP REVIEW ANALYSIS

a 200 hp motor pumping at SWL of 20' with PSL at 410'.
 The gpm is estimated at 1050 gpm. All pumps are
 dedicated & sprinkler system needs a pressure
 of 45 psi. Previous measurement made to R. M. Mori
 in 1981 showed a total of 9.8 cfs. However, in doing
 a theoretical the amount can be as high as 11.4 cfs
 with permit holding estimate: bawcock pump
 test in the Gayne Pump Co (copies attached) puts the
 capacity at 10.9 cfs. Work has been done on these pumps
 & bawcock so I am recommending a capacity of 10.9
 cfs. Lic. # 61-7197 is from same well as 10.9 - 8.0 cfs
 leave 2.9 cfs for this license. This ground is in the 104'.

Using information collected by examiner:

Well #1

$$\frac{350 \times 8.8 \times .7}{380 + (45 \times 2.31)} = \frac{2156}{483.95} = 4.46'$$

Well #2:

$$\frac{250 \times 8.8 \times .7}{380 + (45 \times 2.31)} = \frac{1540}{483.95} = 3.18'$$

Well #3:

$$\frac{200 \times 8.8 \times .7}{410 + (45 \times 2.31)} = \frac{1232}{513.95} = 2.40'$$

$$\text{TOTAL } Q \text{ (theoretical)} = 10.04' -$$

~~System~~

Compared to measured system capacity of 9.80 in 1981, ~~only~~ theoretical is only 3% greater than measured. Field examiner states that pump tests could substantiate a higher system capacity than that found in 1981.

However, these pump tests are not attached, & Layne Pump (per telecon 11/17/92) has no records of pump tests between 1981 & 1987 for these wells.

Therefore, system capacity will still be considered as 9.8 cfs, with the resulting recommendation for this license: 1.8 cfs.

After my telephone conversation with you yesterday, I checked with our file clerk and found we had recently received Policies of Title Insurance. There were two insurance policies, one covering the Detweiler land and one covering the Durrant land, both of which were recently purchased. Copies of both are enclosed.

I am also enclosing the original "Notice of Water Right Ownership" sent to your department originally by Guarantee Title, but returned to us with the letter explaining that no existing water rights were found under the name of Ronald L. or Carol Detweiler.

We hope this information is what you need to complete the transfer. Your assistance in this matter is appreciated. Please let me know if you need other information.

Dear Mr. Durrant;

Thank you for your prompt response to my letter requesting information on the points of diversion and places of use for your water rights.

In your letter you made reference to a dismissal from participation in the adjudication (SRBA). I know of no such dismissal. If you have any information supporting this please send it in.

Also, concerning the names under which these claims will be recommended. Currently, they are listed under Connecticut General Life Insurance Company and their mailing address is in Bloomfield, Connecticut. Consequently, all information concerning these rights will be sent to this address. Do you want us to add Mr. Detweiler's and your name and address to this claim? This will ensure that you also receive information regarding your claims and how they are proceeding in the adjudication. CT General's name will also remain on the claims.

I am enclosing a change of ownership form for you to complete should you wish to add your names. Please submit a copy of the warranty deed along with this form.

I would appreciate it if you would send this information, to my attention, as soon as possible. If you have any questions be sure to contact me.

Dear Linda:

Prior to answering your letter of June 22, I have a question. Are we involved in the adjudication with Idaho Power Co? It was my understanding that we were dismissed from that action by a notice of dismissal dated 25 Oct 1984. I'm not clear about what our situation is.

Now to answer your questions regarding Permit # 61-0731 and 61-07197.

These water permits are for that land which I own in Section 27 and that which is owned by Ronald Detweiler in section 27 and 34 T2S R4E. There are three irrigation wells in that area and one domestic well. This water system is a joint ownership shared 50/50 by Durrant and Detweiler. Connecticut General Life Insurance Company (CIGNA) holds the mortgage on the land and water permits and system. Please observe map #2 attached for the detailing of who owns what parcels.

POINTS OF DIVERSION

There is an irrigation well about 200 feet west of the junction of Simco Road and Cinder Butte Road. Well #2 is 1/4 mile west of Simco in the same 40 acres. Well #3 is about 1/4 mile south of well #2. There is a domestic well about 120 feet east of well #1 at Simco and Cinder Butte Roads.

PLACE OF USE:

In Section 27 SW 1/4 of NW 1/4 we are irrigating a 40 acre parcel currently. The remainder of the acreage owned by myself (280) and Mr. Detweiler (320) is in a CRP contract of Feb 1987 and it is not being irrigated. The NE 1/4 Section 28 is included in another water right and is being irrigated currently.

The SE 1/4 Section 28 was irrigated at one time but is in a 1990 CRP contract and is owned by Ellen and John Downer of 370 Fairview, Morro Bay, CA 93442 (Tel: 805-772-7520).

Water Permit 61-7442 should be for that acreage in NE 1/4 Section 28 with POD marked on map #2.

If I can answer or clarify further questions please contact us again. 208-343-9063 or Via mail.

RE: Notice of Claims to a Water Right, numbers A61-07321 and
A61-07197.

Dear Mr. Durrant;

We are currently in the process of preparing the above referenced Notice(s) of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claims listed above. All claims with an A61 prefix number are being reviewed at this time. If you have other claims with this prefix, that are not shown here, we may be contacting you again if questions should arise during their review. The above claims require the following information.

Ownership

Are you the owner of the property located in T2S, R4E, Section 27, S1/2NW1/4, S1/2NE1/4, E1/4SW1/4, SE1/4; Section 28, NE1/4, and Section 34, E1/2NW1/4 and NE1/4? Our records indicate that this property is owned by Connecticut General Life, Ronald Detweiler and/or yourself.

Points of Diversion

Our information indicates that there may be 4 wells used in the irrigation of this property. The well locations are indicated on the enclosed map. Are one of these wells used for domestic purposes? If so, which one?

Place of Use

Based on our field exam information it has been determined that there are 625 acres irrigated. The record of land placed under CRP indicates that 586.9 are in set aside. Is there a portion which is still being irrigated?

Also-it appears that there may be land irrigated in the SE1/4 of Section 28. Are you the owner of this property and if so, is this land under irrigation?

Page 2

Please contact me by July 15 in regard to the above information. We are in the process of recommending these claims in the Snake River Basin Adjudication and your prompt reply will ensure an accurate determination of your water rights.

RE: Licensing recommendation

Mr Durrant phoned in response to my letter. He said that no pump tests were performed between 1981 & 1986, just one ~~very~~ deepened pump. 9.8 sounded like an equitable amount to him for system capacity. We discussed that the available flow would provide required volume.
