NOTES: 4 affidavits were submitted stating that water for
stockwater & irrigation or domestic and lawn
irrigation from a well was diverted on or
before 11-10-1959. The 11-10-1959 priority date for
stockwater purposes is feasible, but the claimed priority
date is after the irrigation season. Conversation
with Grant Martin on 9-8-94. He stated that he thought he
had done some irrigating from well #1 right after it was
dug. However, since that would have been after the
irrigation season, the priority date recommended for both
RECOMMENDED PRIORITY DATE: "A" & "B" portions will be the start of the irrigation
4-1-1960 season of the following year.
